Subject BOM Lexus 350 Pebble Beach Limited Edition & Product Drawing Submission

Hi Ken! Please find the attached BOM for the ES350 Pebble Beach limited edition floor mat. I am going drop off the original to your office today with the product drawing. Could you do me a favor and review the drawing and BOM at your earliest convenience and let me know if you are able to approve them. We just found out about this program right before the Holidays and we are trying to deliver initial parts by the beginning of February so we don't have too much time. I appreciate your help! Let me know if you have any questions or concerns. Thank you!
