Subject Improved AWM Notice

Hi Lowell,

Please provide quotations for the label and the 'luggage' tag circled in the attached image.

AWM Notice Label-Tag.ppt

Please be sure to quote a luggage tag that has a reinforced attachment point and assume it will be attached to the driver's mat retention hole.

If you have any questions, please let me know.

Thank you,

Cyd

Attached are the ES350 Mat pictures we discussed. There are two options shown, a sticker on the header card, and a tag attached to the driver side

retention hole.

Thank you,

Subject: Tundra All Weather Mat Missing Clip PQR, Ref #50873

Tony,

Here is the Tundra All Weather Mat with missing clips report. This PQR is rated as a QPI. Per our discussion, please make sure the root cause is identified and the process is fool proofed as the issue severity rating may elevate if the issue continues to reoccur.

Please refer to the cover sheet for replacement clip quantity & shipment direction.
