

**SSC 70F - 2007 TOYOTA CAMRY OPTIONAL ALL WEATHER FLOOR MAT
SAFETY RECALL NOTICE**

Dear Toyota Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Toyota has decided that a defect, which relates to motor vehicle safety, exists in the *optional* Toyota All Weather Floor Mat (floor mat constructed from heavy duty rubber) designed specifically for certain 2007 model year Camry vehicles.

What is the condition?

In recent months, Toyota has received reports regarding the optional Toyota All Weather Floor Mat (please see the diagram for the specific mat involved) slipping forward and interfering with the movement of the accelerator pedal. Toyota has investigated these reports and determined that if the optional Toyota All Weather Floor Mat (either by itself or if it is placed on top of the existing carpeted floor mat) is **not secured by the retaining hooks** and the mat moves forward, it may interfere with the accelerator pedal from returning to the idle position. If this condition occurs, in the worst case, it may increase the possibility of a crash.

What will Toyota do?

Toyota is currently developing an improved driver's seating position All Weather Floor Mat. We will send another notification when the improved driver's seating position All Weather Floor Mat is available. The original driver's seating position All Weather Floor Mat will be exchanged for an improved one at that time.

What should you do?

Until the improved driver's seating position All Weather Floor Mat is ready, we request your assistance in regularly verifying the floor mat is properly secured using the retaining hooks (clips) provided. Good times to check are after filling your vehicle's tank with gasoline, after a carwash and/or vehicle interior cleaning, when another driver is about to drive the vehicle, etc. More than one floor mat should never be used in the driver's seating position, as the vehicle is designed to accommodate only one floor mat at a time.

If you would like to immediately return the All Weather Floor Mat for a refund, please bring your Toyota All Weather Floor Mat to your local Toyota dealership and they will make the necessary arrangements. The dealership will require your Vehicle Identification Number during the return process.

If your vehicle does not have the Toyota All Weather Floor Mat (please see the diagram for the specific mat involved), it is **NOT** involved in this recall. Please return the enclosed postcard to notify us that you do not have the optional Toyota All Weather Floor Mat, so we may remove your name and address information from future mailings regarding this issue. However, during our investigation, it was noted that floor mat interference is possible in any vehicle with any combination of floor mats. Therefore, if you utilize a non-Toyota floor mat, ***please make sure they are also properly secured using the appropriate retention device and not place on***

top of another floor mat.

If you no longer own the vehicle, please indicate so on the enclosed postage-paid form, providing us with the name and address of the new owner if possible.

What if you experience accelerator pedal interference prior to your appointment?

Each circumstance may vary, and drivers must use their best judgment, but Toyota is providing the following instructions and warnings if the All Weather Floor Mat should interfere with the accelerator pedal:

- If it is possible and safe to do so, pull back the floor mat as it may dislodge the accelerator pedal from the All Weather Floor Mat.
- If you need to stop the vehicle immediately, firmly step on the brake pedal with both feet. Do not pump the brake pedal as it will deplete the vacuum utilized for the power brake assist.
- If you can safely stop the vehicle, firmly hold down the Engine Start/Stop button for at least three seconds to turn off the engine. Do not tap the Engine Start Stop button. However, by turning off the engine, you will lose both power brake assist and power steering assist.

What if you have previously paid for the replacement of the Toyota optional All Weather Floor Mats for this specific condition?
