Subject: CONFIDENTIAL - DRAFT Q&A for Potential Project.

Mitch, Ueda-san, Ishii-san and Kamada-san:

We have created a DRAFT Toyota and Lexus Q&A. Please assist us by checking it and also providing any missing information. If you could approve the documents by tomorrow morning (U.S. time), we would greatly appreciate it.

We also found a very small error in the DRAFT Press Release and have corrected it:

[Correction]

Until the replacement All Weather Floor Mat for the driver's seating position is ready, we request the customer's assistance in regularly verifying the floor mat is properly secured using the retaining hooks (clips) provided. If the mat is properly secured, it will not interfere with the accelerator pedal. Good times to check are after filling your vehicle's tank with gasoline, after a carwash and/or vehicle interior cleaning, when another driver is about to drive the vehicle, etc. More than one floor mat should never be used in the driver's seating position, as the retaining hooks (clips) vehicles are designed to accommodate only one floor mat at a time.

Thanks!
