**REPORT OF A SAFETY RECALL OR OTHER SAFETY CAMPAIGN
IN A FOREIGN COUNTRY**

1. Manufacturer

Renault S.A.S., France

2. Vehicles Potentially Involved

Model year 2003-2012 Renault Megane II Estate vehicles produced from 2003 to the end of the production in 2012. No vehicles sold in the United States are affected because they do not use the rear spoiler as discussed below.

3. Total Number of Vehicles Potentially Involved

Approximately 496,572.

4. Description of the Defect

Due to insufficient securing performance of the connecting clips on the rear spoiler, the clips may break due to excessive force caused by the thermal expansion of the rear spoiler, the usage of a bicycle rack, or other causes. In an extreme case, the rear spoiler may detach.

5. Foreign Country in which the Safety Recall or Other Safety Campaign is Being Conducted

Algeria, Argentina, Austria, Azerbaijan, Belgium, Belarus, Brazil, Brunei, Bulgaria, Chile, Croatia, Cyprus, Czech Republic, Denmark, Egypt, Estonia, Finland, France, French Guiana, French Polynesia, Germany, Greece, Guadeloupe, Holland, Hungary, Iceland, Indonesia, Ireland, Italy, Kazakhstan, Latvia, Lebanon, Lithuania, Malaysia, Martinique, Morocco, New Caledonia, Norway, Paraguay, Poland, Portugal, Reunion, Romania, Russia, Singapore, Slovakia, Slovenia, Spain, Sweden, Switzerland, Trinidad, Tunisia, Turkey, Ukraine, United Kingdom and Uruguay.

6. Date of Determination

February 25, 2013

7. Determination Made By

Manufacturer

8. Date the Recall or Other Campaign will Commence

March 2013

9. Descriptive of Corrective Action

Owners of potentially affected vehicles will be notified to take their vehicle to a dealer. The spoiler attachment clips will be replaced with new ones and putty will be applied to the rear spoiler or reinforcements will be added to ensure the connection with the back door.

10. Vehicles in the United States (If known)

Model year 2007-2012 Nissan Sentra vehicles and model year 2008-2013 Nissan Rogue vehicles sold in the U.S. are on a similar "platform" as the Renault Megane II Estate sold in above countries. However, these U.S. vehicles are not identical or substantially similar from an engineering standpoint. As noted above, this issue affects no vehicles sold in the U.S.
