Re: Extension to Respond to Information Request for EA02-027

Mr. Cooper,

The purpose of this note is to follow-up on our telephone conversations over the last 2 days. We are working on responding to the questions we received for EA02-027, concerning a Tribute engine stalling issue. As we discussed, Mazda needs an extension of one month to provide the responses for questions 2, 3, 4 and 11. Thank you for granting us this extension, we will provide the answers to these inquiries by May 7, 2003.

We are still planning to provide a partial response, containing the response to the remaining inquiries, by the original due date of April 7, 2003
