**RE: NHTSA ODI #EA-02-031**

Dear Mr. Quandt:

Pursuant to our conversation this morning, I am writing to confirm that Honeywell, Sensing and Control's initial response to your February 5, 2003 information request in ODI Engineering Evaluation #EA02-031 is now due on May 5, 2003. As we discussed, your information request, which was originally sent to Honeywell's Freeport, Illinois office has now been provided to the appropriate individuals in the Honeywell General Counsel's Office in Golden Valley, Minnesota, and the company's facilities in Shelby, North Carolina and we believe that May 5, 2003 is a realistic due date for our initial response.

Please contact me, or my associate Latane Montague at (202) 637-6567, if you have any questions or concerns regarding this matter.

Sincerely,

Patrick M. Rahe
