Pete,
I assume we are only calling the people with numbers listed in the attached file.

If so, could the following people please contact the people within the following line numbers in the attached list. These ranges represent about 5 people each. We need to complete these calls _____

Range:	Caller:
44 - 52	
52 - 69	
70 - 90	
91 - 105	
106 - 125	

The list of names and the questions are attached. Thanks for your help.

Bob,
Attached is a copy of the phone survey and the list of people to call. I am planning on calling the people on the first page No. 1-43. Will you, and your people, please call No. 44-125. Note we do not have all the phone no., just call those that we have. We are trying to get the other phone numbers on the list. We want to get 100 + responses so please try to call as many as possible. Can your group get started tonite? Please let me know. I tried to return your call but you were out.

Thanks,
Pete Souchock

Subject: VIN's your requested
Ruben

Below are the VIN's for the four units that we have replaced both parts on. It is my understanding that you have these numbers from your trip of last week.

I have told you this morn that Ms Hidge and I have worked out a trade but she is driving her Escape as of now. The unit shut down on her about an hour ago and we sent a tech to the location and found no codes. This is our problem, I have a lot of units doing this and also some in St. Thomas. We must do something about this now. As you know some people stateside are having the same problem as us. Please advise as to the way Ford want to procede.

C. [REDACTED] 1FMYU03192KB06722

R. [REDACTED] 1FMYU03182KA32208

I am on my way to St. Croix today and will check to see if the list is true. I would like for you to send me via E-Mail the part numbers that Ford is wanting us to replace so I can be sure that we are doing as you requested. Most of all find a fix for the problem before it puts us out of business.

Any E-Mail you need to send me needs to go the one of the following, jamis@attglobal.net <<mailto:jamis@attglobal.net>> or jamis@viford.com <<mailto:jamis@viford.com>> Please add the correct address to your computer, the address you are using is not a good address.

regard.

As for communicating with me when I do arrive in St. Croix, I guess the cleanest way to reach me would be via my cell # of [REDACTED] Or just call the Dealership once I have contacted you informing you know I have arrived.

If you like, I can speak to you before I depart to get your briefing and also explain my game plan. Anytime after 9am tomorrow would be fine.

Hello Mr. Blickl: would you please contact me with persons who could advise me on making my reservations? I need recommendations (hotels, airlines, etc) and practices to avoid (can I take Stuff w/ me? This would be similar to the briefing I had for the Bahamas trip in Dec/01) and would be greatly appreciated.

PS: how many Units/dealers are involved? Mr. Alconian will provide one known good DPFE sensor when I pick him up from the airport tonight. I want to have components and test equipment with me, if this is allowed. Or else I have to have the Dealership(s) order parts as I perceive the need.

Thank you,
