Washington, D.C. 20590

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

Mr. James Vondale, Director
Automotive Safety Office
Environmental and Safety Engineering
Ford Motor Company
330 Town Center Drive, Suite 400
Dearborn, MI 48126

NVS-213cat
RQ03-008

Dear Mr. Vondale:

This letter is to inform you that the Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has opened a Recall Query (RQ03-008) to investigate allegations of brake lamp switch and/ or associated circuit failure, which can cause the brake lamps to stay on or the loss of brake lamp function in model year (MY) 2000-2001 Ford Taurus and Mercury Sable vehicles manufactured by Ford Motor Company, and to request certain information.

On March 2, 2001, Ford recalled (NHTSA No. 01V078000) 157,000 units of MY 2000-2001 Ford Taurus and Mercury Sable vehicles with adjustable brake pedals. The recall stated that the grease from the adjustable pedal assembly could enter the stop lamp switch and contaminate the contacts leading to carbon buildup, and potentially a short circuit. A short circuit could lead to either the brake lamps staying on or to a loss of brake lamp function, which could increase the risk of a vehicle crash.

This office has received 61 reports of brake lamp switch and/ or associated circuit failure in MY 2000-2001 Ford Taurus and Mercury Sable vehicles. These reports include two incidents that resulted in crashes and one that resulted in two injuries. A copy of each of the reports is enclosed for your information.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject vehicles:** all MY 2000-2001 Ford Taurus and Mercury Sable vehicles manufactured for sale or lease in the United States.
- **Subject component:** all brake lamp switches and associated circuits manufactured on the subject vehicles.

DOT AUTO SAFETY HOTLINE
1-888-DASH-2-DOT

- **Ford:** Ford Motor Company, all of its past and present officers and employees, whether assigned to its principal offices or any of its field or other locations, including all of its divisions, subsidiaries (whether or not incorporated) and affiliated enterprises and all of their headquarters, regional, zone and other offices and their employees, and all agents, contractors, consultants, attorneys and law firms and other persons engaged directly or indirectly (e.g., employee of a consultant) by or under the control of Ford (including all business units and persons previously referred to), who are or, in or after January 1, 1996, were involved in any way with any of the following related to the alleged defect in the subject vehicles:
 - a. Design, engineering, analysis, modification or production (e.g. quality control);
 - b. Testing, assessment or evaluation;
 - c. Consideration, or recognition of potential or actual defects, reporting, record-keeping and information management, (e.g., complaints, field reports, warranty information, part sales), analysis, claims, or lawsuits; or
 - d. Communication to, from or intended for zone representatives, fleets, dealers, or other field locations, including but not limited to people who have the capacity to obtain information from dealers.

- **Alleged defect:** any conditions of the brake lamp switch and associated circuits that can cause the following: (1) the brake lamps to stay on; (2) the loss of brake lamp function; and/ or (3) the disengagement of the cruise control.

- **Document:** "Document(s)" is used in the broadest sense of the word and shall mean all original written, printed, typed, recorded, or graphic matter whatsoever, however produced or reproduced, of every kind, nature, and description, and all non-identical copies of both sides thereof, including, but not limited to, papers, letters, memoranda, correspondence, communications, electronic mail (e-mail) messages (existing in hard copy and/or in electronic storage), faxes, mailgrams, telegrams, cables, telex messages, notes, annotations, working papers, drafts, minutes, records, audio and video recordings, data, databases, other information bases, summaries, charts, tables, graphics, other visual displays, photographs, statements, interviews, opinions, reports, newspaper articles, studies, analyses, evaluations, interpretations, contracts, agreements, jottings, agendas, bulletins, notices, announcements, instructions, blueprints, drawings, as-builts, changes, manuals, publications, work schedules, journals, statistical data, desk, portable and computer calendars, appointment books, diaries, travel reports, lists, tabulations, computer printouts, data processing program libraries, data processing inputs and outputs, microfilms, microfiches, statements for services, resolutions, financial statements, governmental records, business records, personnel records, work orders, pleadings, discovery in any form, affidavits, motions, responses to discovery, all transcripts, administrative filings and all mechanical, magnetic, photographic and electronic records or recordings of any kind, including any storage media associated with computers, including, but not limited to, information on hard drives, floppy disks, backup tapes, and zip drives, electronic communications, including but not limited to, the Internet and shall include any drafts or revisions pertaining to any of the foregoing, all other things similar to any of the foregoing, however denominated by Ford, any other data compilations from which information can be obtained, translated if necessary, into a usable form and any

other documents. For purposes of this request, any document which contains any note, comment, addition, deletion, insertion, annotation, or otherwise comprises a non-identical copy of another document shall be treated as a separate document subject to production. In all cases where original and any non-identical copies are not available, "document(s)" also means any identical copies of the original and all non-identical copies thereof. Any document, record, graph, chart, film or photograph originally produced in color must be provided in color. Furnish all documents whether verified by Ford or not. If a document is not in the English language, provide both the original document and an English translation of the document.

- **Other Terms:** To the extent that they are used in these information requests, the terms "claim," "consumer complaint," "dealer field report," "field report," "fire," "fleet," "good will," "make," "model," "model year," "notice," "property damage," "property damage claim," "rollover," "type," "warranty," "warranty adjustment," and "warranty claim," whether used in singular or in plural form, have the same meaning as found in 49 CFR 579.4.

In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests. Insofar as Ford has previously provided a document to ODI, Ford may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts). When documents are produced and the documents would not, standing alone, be self-explanatory, the production of documents shall be supplemented and accompanied by explanation.

Please repeat the applicable request verbatim above each response. After Ford's response to each request, identify the source of the information and indicate the last date the information was gathered.

1. State, by model and model year, the number of MY 2000 - 2002 Ford Taurus and Mercury Sable vehicles Ford has manufactured for sale or lease in the United States. Separately, for each MY 2000 - 2002 Ford Taurus and Mercury Sable vehicle manufactured to date by Ford, state the following:
 - a. Vehicle identification number (VIN);
 - b. Make;
 - c. Model;
 - d. Model Year;
 - e. Date of manufacture;
 - f. Type of Brake Pedal Assembly (power adjustable or fixed);
 - g. Brake Pedal Assembly Part Number;
 - h. Date warranty coverage commenced; and
 - i. The State in the United States where the vehicle was originally sold or leased (or delivered for sale or lease).

Provide the table in Microsoft Access 2000, or a compatible format, entitled "ProductionDataResponse." See Enclosure 1, Data Collection Disc, for a pre-formatted table which provides further details regarding this submission.

2. State the number of each of the following by make and model year, received by Ford, or of which Ford are otherwise aware, which relate to, or may relate to, the alleged defect in MY 2000 - 2002 Ford Taurus and Mercury Sable vehicles:
 - a. Consumer complaints, including those from fleet operators;
 - b. Field reports, including dealer field reports;
 - c. Reports involving a crash, injury, or fatality, based on claims against the manufacturer involving a death or injury, notices received by the manufacturer alleging or proving that a death or injury was caused by a possible defect in a MY 2000 - 2002 Ford Taurus and Mercury Sable vehicle, property damage claims, consumer complaints, or field reports;
 - d. Property damage claims; and
 - e. Third-party arbitration proceedings where Ford is or was a party to the arbitration; and
 - f. Lawsuits, both pending and closed, in which Ford is or was a defendant or codefendant.

For subparts "a" through "d," state, by model and model year, the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same vehicle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report and a consumer complaint).

In addition, for items "c" through "f," provide a summary description of the alleged problem and causal and contributing factors and Ford's assessment of the problem, with a summary of the significant underlying facts and evidence. For items e and f, identify the parties to the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

3. Separately, for each item (complaint, report, claim, notice, or matter) within the scope of your response to Request No. 2, state the following information:
 - a. Ford's file number or other identifier used;
 - b. The category of the item, as identified in Request No. 2 (i.e., consumer complaint, field report, etc.);
 - c. Vehicle owner or fleet name (and fleet contact person), address, and telephone number;
 - d. Vehicle's VIN;
 - e. Vehicle's make, model and model year;
 - f. Vehicle's mileage at time of incident;
 - g. Incident date;
 - h. Report or claim date;
 - i. Whether a crash is alleged;
 - j. Whether property damage is alleged;
 - k. Number of alleged injuries, if any;
 - l. Number of alleged fatalities, if any; and

m. Summary.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "RequestTwoData." See Enclosure 1, Data Collection Disc, for a pre-formatted table which provides further details regarding this submission.

4. Produce copies of all documents related to each item within the scope of Request No. 2. Organize the documents separately by model, model year, and category (i.e., consumer complaints, field reports, etc.) and describe the method Ford used for organizing the documents.
5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by Ford to date that relate to, or may relate to, the alleged defect in MY 2000 - 2002 Ford Taurus and Mercury Sable vehicles: warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin or customer satisfaction campaign.

Separately, for each such claim, state the following information:

- a. Ford's claim number;
- b. Vehicle owner or fleet name (and fleet contact person) and telephone number;
- c. VIN;
- d. Repair date;
- e. Vehicle mileage at time of repair;
- f. Repairing dealer's or facility's name, telephone number, city and state or ZIP code;
- g. Labor operation number;
- h. Problem code;
- i. Replacement part number(s) and description(s);
- j. Concern stated by customer; and
- k. Comment, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "WarrantyData." See Enclosure 1, Data Collection Disc, for a pre-formatted table which provides further details regarding this submission.

6. Describe in detail the search criteria used by Ford to identify the claims identified in response to Request No. 5, including the labor operations, problem codes, part numbers and any other pertinent parameters used. Provide a list of all labor operations, labor operation descriptions, problem codes, and problem code descriptions applicable to the alleged defect in MY 2000 - 2002 Ford Taurus and Mercury Sable vehicles. State, by make and model year, the terms of the new vehicle warranty coverage offered by Ford on the subject vehicles (i.e., the number of months and mileage for which coverage is provided and the vehicle systems that are covered). Describe any extended warranty coverage option(s) that Ford offered for the subject vehicles and state by option, model, and model year, the number of vehicles that are covered under each such extended warranty.

7. Provide a technical description of each of the following systems used on the subject vehicles:
- a. Brake Lamp Circuit;
 - b. Cruise Control Circuit; and
 - c. Shift-Interlock System.

Include in each description how the overall system works, a description of how the system interacts with the brake pedal assembly (including any sensors, switches, and potentiometers used in the assembly), the names and acronyms Ford uses to refer to the various systems and components that make up the systems, approximate dates where relevant system changes occurred (including supplier changes, new system introductions, and new component introductions), and any models other than the subject vehicles that also use the same (or similar) systems.

8. Produce copies of all service, warranty, and other documents that relate to, or may relate to, the alleged defect in the subject vehicles, that Ford has issued to any dealers, regional or zone offices, field offices, fleet purchasers, or other entities. This includes, but is not limited to, bulletins, advisories, informational documents, training documents, or other documents or communications, with the exception of standard shop manuals. Also include the latest draft copy of any communication that Ford is planning to issue within the next 120 days.
9. Describe all assessments, analyses, tests, test results, studies, surveys, simulations, investigations, inquiries and/or evaluations (collectively, "actions") that relate to, or may relate to, the alleged defect in the subject vehicles that have been conducted, are being conducted, are planned, or are being planned by, or for, Ford. For each such action, provide the following information:
- a. Action title or identifier;
 - b. The actual or planned start date;
 - c. The actual or expected end date;
 - d. Brief summary of the subject and objective of the action;
 - e. Engineering group(s)/supplier(s) responsible for designing and for conducting the action; and
 - f. A brief summary of the findings and/or conclusions resulting from the action.

For each action identified, provide copies of all documents related to the action, regardless of whether the documents are in interim, draft, or final form. Organize the documents chronologically by action.

10. Describe all modifications or changes made by, or on behalf of, Ford in the design, material composition, manufacture, quality control, supply, or installation of the subject component, from the start of production to date, which relate to, or may relate to, the alleged defect in MY 2000 - 2002 Ford Taurus and Mercury Sable vehicles. For each such modification or change, provide the following information:
- a. The date or approximate date on which the modification or change was incorporated into vehicle production;
 - b. A detailed description of the modification or change;
 - c. The reason(s) for the modification or change;

- d. The part numbers (service and engineering) of the original component;
- e. The part number (service and engineering) of the modified component;
- f. Whether the original unmodified component was withdrawn from production and/or sale, and if so, when;
- g. When the modified component was made available as a service component; and
- h. Whether the modified component can be interchanged with earlier production components.

Also, provide the above information for any modification or change that Ford is aware of which may be incorporated into vehicle production within the next 120 days.

- 11. Produce each of the following:
 - a. Two exemplar samples of each design version of the subject component;
 - b. Two field return samples of the subject component which are expected to exhibit the subject failure mode;
 - c. One exemplar sample of the adjustable brake pedal assembly used in the subject vehicles;
 - d. One exemplar example of the fixed brake pedal assembly used in the subject vehicles; and
 - e. Any kits that have been released, or developed, by Ford for use in service repairs to the subject component/assembly which relate, or may relate, to the alleged defect in the subject vehicles.
- 12. State the number of each of the following that Ford has sold that may be used in MY 2000 - 2002 Ford Taurus and Mercury Sable vehicles by component name, part number (both service and engineering/production), model and model year of the vehicle in which it is used and month/year of sale (*including the cut-off date for sales, if applicable*):
 - a. Subject component; and
 - b. Any kits that have been released, or developed, by Ford for use in service repairs to the subject component/assembly.

For each component part number, provide the supplier's name, address, and appropriate point of contact (name, title, and telephone number) Also identify by make, model and model year, any other vehicles of which Ford is aware that contain the identical component, whether installed in production or in service, and state the applicable dates of production or service usage.

- 13. Furnish Ford's assessment of the alleged defect in the subject vehicle, including:
 - a. The causal or contributory factor(s);
 - b. The failure mechanism(s);
 - c. The failure mode(s);
 - d. The risk to motor vehicle safety that it poses;
 - e. What warnings, if any, the operator and the other persons both inside and outside the vehicle would have that the alleged defect was occurring or subject component was malfunctioning; and
 - f. The reports included with this inquiry.

This letter is being sent to Ford pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports and the production of things. It constitutes a new request for information. Ford's failure to respond promptly and fully to this letter could subject Ford to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) Please note that maximum civil penalties under 49 U.S.C. § 30165 have increased as a result of the recent enactment of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act, Public Law No. 106-414 (signed November 1, 2000). Section 5(a) of the TREAD Act, codified at 49 U.S.C. § 30165(b), provides for civil penalties of up to \$5,000 per day, with a maximum of \$15 million for a related series of violations, for failing or refusing to perform an act required under 49 U.S.C. § 30166. This includes failing to respond to ODI information requests.

If Ford cannot respond to any specific request or subpart(s) thereof, please state the reason why it is unable to do so. If on the basis of attorney-client, attorney work product, or other privilege, Ford does not submit one or more requested documents or items of information in response to this information request, Ford must provide a privilege log identifying each document or item withheld, and stating the date, subject or title, the name and position of the person(s) from, and the person(s) to whom it was sent, and the name and position of any other recipient (to include all carbon copies or blind carbon copies), the nature of that information or material, and the basis for the claim of privilege and why that privilege applies.

Ford's response to this letter, in duplicate, together with a copy of any confidentiality request, must be submitted to this office by December 12, 2003. Please refer to RQ03-008 in Ford's response to this letter. If Ford finds that it is unable to provide all of the information requested within the time allotted, Ford must request an extension from me at (202) 366-5207 no later than five business days before the response due date. If Ford is unable to provide all of the information requested by the original deadline, it must submit a partial response by the original deadline with whatever information Ford then has available, even if an extension has been granted.

If Ford claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b)(4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, Ford must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, as amended (68 Fed. Reg. 44209 et seq; July 28, 2003), to the Office of Chief Counsel (NCC-113), National Highway Traffic Safety Administration, Room 5219, 400 Seventh Street, S.W., Washington, D.C. 20590. Ford is required to submit two copies of the documents containing allegedly confidential information (except only one copy of blueprints) and one copy of the documents from which information claimed to be confidential has been deleted.

If you have any technical questions concerning this matter, please call Cheryl Tuosto of my staff at (202) 366-1859.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey L. Quandt", written in a cursive style.

Jeffrey L. Quandt, Chief
Vehicle Control Division

NARRATIVE DESCRIPTION OF FAILURE(S), INCIDENT(S), INJURY(IES)

CONSUMER HAD RECALL 01V078000 REPAIRS FOR THE STOP LAMP SWITCH. HOWEVER, PROBLEM WAS STILL OCCURRING. DEALER COULD NOT FIND CAUSE. *AK

CAR WAS BROUGHT TO SIMON FORD, FOR SAFETY RECALL 01S08 ON 04/14/01 (ODOMETER 2000); ON 05/20/02 CAR WAS TOWED TO SIMON FORD, BECAUSE IT WAS STUCK IN PARK. (ODOMETER 11,245). I ASK MARK SPICER AT SIMON FORD IF THIS WAS ON THE SAME RECALL (01S08) HE TOLD ME THAT THE CAR WAS NEVER DONE AT SIMON FORD.

I CALLED FORD CO. TO SEE IF THEY HAD ANY RECORD OF

The Privacy Act of 1974 (Public Law 93-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

^{Said}
The repair they yes and the dealer was payed to do it. My next question was are you going to pay them back in, and the answer was yes. Ford Co thinks that maybe Simon Ford Generated the paper work but didn't do the job.
So hold on for the recall. It sounds like Ford Explains & Fine Tune Tire clear to me.
INCLUDE ARE
Ford Recall Notice

THE BACK BRAKE LIGHTS ARE NOT WORKING AGAIN. (4TH TIME) ALSO, THE CAR WILL NOT MOVE OUT OF PARK AFTER YOU START THE CAR. I KNOW THESE TWO PROBLEMS ARE RELATED TO THE BRAKE SWITCH. THIS ITEM HAS BEEN (REPLACED) TWO OTHER TIMES. I AM PUTTING THE POWERS THAT BE ON NOTICE THAT IF I AM IN A CRASH BECAUSE OF THIS SAFETY ISSUE, I AM RESPONSIBLE FOR IT. ALSO, THERE IS SOME SORT OF ELECTRICAL PROBLEM THAT WILL KEEP THE CAR FOR STARTING. *JB

THE BRAKE LAMP SWITCH WAS REPLACED ON THIS CAR UNDER A "SAFETY RECALL" BY FORD MOTOR COMPANY. THEY STATED THAT THE SWITCH MAY FAIL, AND COULD CAUSE THE BRAKE LAMPS TO STAY LIT, OR NOT COME ON AT ALL. THIS WAS DONE AT AROUND 15,000 MILES. AT 39,000 MILES THE SWITCH HAS FAILED AGAIN. THE BRAKE LAMPS WILL NOT COME ON, I CANNOT MOVE THE GEAR SELECTOR OUT OF "PARK", AND THE CRUISE CONTROL WILL NOT DISABLE WHEN YOU PRESS THE BRAKE PEDAL. THIS IS AN OBVIOUS SAFETY HAZARD, AND FORD HAS ATTEMPTED TO CORRECT THE PROBLEM BY REPLACING THE SWITCH, BUT, UNFORTUNATELY, THE REPLACEMENT SWITCHES ARE ALSO DEFECTIVE. THE DEFECT OBVIOUSLY CAUSES SEVERAL SAFETY HAZARDS AND SERIOUS RISK OF AN ACCIDENT. THE WORST PART IS, MY DEALER HAS INFORMED ME THAT THE RECALL HAS ALREADY BEEN PERFORMED, AND I WILL HAVE TO PAY TO HAVE THE RECALL WORK DONE AGAIN. FORD MOTOR CUSTOMER SERVICE CONFIRMED THIS DURING PHONE CONVERSATIONS WITH THEM. THIS CONCERNS ME BECAUSE YOU CANNOT SAY YOU HAVE FIXED A DEFECT IF THE DEFECT KEEPS OCCURRING OVER AND OVER AGAIN. THEY ARE RESPONSIBLE FOR FIXING THE PROBLEM, WHICH THEY HAVE NOT DONE.				
I HAVE ALSO HAD A WIPER MOTOR COVER REPLACED ON THIS CAR UNDER RECALL. THIS WAS DUE TO A RISK OF FIRE. DOES THIS MEAN THA

NARRATIVE DESCRIPTION OF FAILURE(S), INCIDENT(S), INJURY(IES)

ON MARCH 8, 2001, I PURCHASED A 2001 FORD TAURUS LX, FROM CHINO HILLS FORD, CHINO, CALIFORNIA 91710. ON APRIL 6, 2001, THE VEHICLE WAS TAKEN TO FORD WEST, ARTESIA BLVD., BELLFLOWER BECAUSE THE CAR WOULD NOT GO INTO PARK WHEN THE BRAKES WERE APPLIED. THE STRANGE PART IS WHEN I PHONED THE DEALERSHIP AND EXPLAINED THE PROBLEM, THEY GAVE ME INSTRUCTIONS ON HOW TO SHIFT THE GEAR AS IF IT WAS PART OF MY OWNER'S MANUAL. I GOT THE IMPRESSION THAT THIS WAS A VERY COMMON PROBLEM FOR THE TAURUS VEHICLE. WHEN THE SERVICE DEPARTMENT AT FORD WEST PULLED THE INFORMATION UP ON THE CAR FROM THE COMPUTER, IT WAS REVEALED THAT THE CAR'S REAR BUMPER HAD BEEN REPLACED WHEN IT HAD 5 MILES ON IT. (THIS WAS NEVER DISCLOSED TO ME). I PICKED UP THE CAR DROVE HOME AND THE BRAKE

CONTINUE ON BACK IF NEEDED

NARRATIVE DESCRIPTION OF FAILURE(S), INCIDENT(S), INJURY(IES)
<p>LEFT OUT OF DRIVEWAY WENT TWO BLOCKS PARKED CAR FRONT OF FRIENDS HOUSE, TWO HOURS LATER I PROCEEDED TO LEAVE. STARTED THE CAR APPLIED MY BRAKE PEDAL AND GOT READY TO SHIFT IN GEAR WHEN IT DIDN'T MOVE EVEN THE BUTTON ON THE SIDE WOULDN'T GO IN, TURNED THE CAR OFF AND CALLED FOR A TOWING TRUCK. TOWING TRUCK CAME AND SAID THAT IT MIGHT BE SOME SWITCH ON THE BRAKE SYSTEM BECAUSE HE TOWED AT LEAST 4 THAT SAME WEEK FOR THE SAME PROBLEM. ALSO THE BRAKES LIGHTS WILL NOT COME ON . THIS POSES AS A DANGER BECAUSE IF A PERSON IS DRIVING AND YOU CAN'T TAKE IT OUT OF DRIVE THE ONLY THING YOU WOULD BE ABLE TO DO IS STOP THE CAR WITH THE BRAKES AND KEEP HOLDING THE BRAKE UNTIL YOU GET HELP YOU CAN (</p>

I HAVE NOW HAD TO HAVE THE BRAKE LIGHT SWITCH ON MY CAR REPLACED TWICE. ON JULY 23, 2002 WHILE ON VACATION IN THE ADIRONDACK MOUNTAINS THE BRAKE LIGHTS WERE STUCK ON. I HAD TO DRIVE OVER 100 MILES WITH THE BRAKE LIGHTS ON TO HAVE IT REPAIRED. THIS MORNING (9/18/02) ON MY WAY TO DROP OFF MY CHILDREN AT SCHOOL, A PASSENGER IN ANOTHER VEHICLE FLAGGED ME DOWN AND TOLD ME I HAD NO BRAKE LIGHTS. ANOTHER TRIP TO THE DEALER AND THE BRAKE LIGHT SWITCH WAS REPLACED AGAIN. THERE IS OBVIOUSLY SOMETHING WRONG WITH THIS PART. THANK YOU.*AK

I PURCHASED NEW, AND STILL OWN THIS VEHICLE. AT 27083 MILES, THE REAR BRAKE LIGHTS STUCK IN THE ON POSITION. BILL DUBE FORD OF DOVER, NH REPLACED THE BRAKE LIGHT SWITCH FREE OF ALL COSTS TO ME UNDER RECALL NOTICE # 01508. AT 45395 MILES THE REAR BRAKE LIGHTS AGAIN STUCK IN THE ON POSITION. HOWEVER, BRIGHTON FORD-MERCURY OF BRIGHTON, MI REFUSED TO REPLACE THE DEFECTIVE SWITCH UNDER THE RECALL NOTICE CLAIMING THAT, SINCE THE SWITCH HAD ALREADY BEEN REPLACED UNDER THE RECALL NOTICE, FORDS ONLY RESPONSIBILITY WAS TO WARRANT THE REPLACED SWITCH FOR A PERIOD NOT TO EXCEED 12000 MILES OR 12 MONTHS. AS A CONSEQUENCE, I PAID \$63.33 TO HAVE THE SWITCH REPLACED. BASED ON THE FACT THAT ALL THREE SWITCHES, I.E., THE ORIGINAL EQUIPMENT SWITCH, AND BOTH REPLACEMENT SWITCHES HAD IDENTICAL PART NUMBERS (YF1Z*13480*AA) HOW CAN I BE ASSURED THAT: 1) FORD MOTOR COMPANY AND/OR THE SUPPLIER OF THE SWITCH EVER MADE ANY ATTEMPT TO REDESIGN THE SWITCH. WITH THE SAME PART NUMBER, THERE COULD BE THOUSANDS OF DEFECTIVE SWITCHES STILL IN THE MARKETPLACE. 2) THE REPLACEMENT SWITCH, CURRENTLY INSTALLED, WILL NOT FAIL IN APPROX. 25000 MILES JUST AS THE FIRST TWO SWITCHES FAILED. 3) THE LIVES OF MY FAMILY MEMBERS, INCLUDING MYSELF, WILL NOT BE IN JEOPARDY EVERY 27000 MILES BECAUSE OF A REAR-END COLLISION RESULTING FROM SOMEONE'S MISTAKEN IDENTITY OF THE CONSTANTLY ON BRAKE LIGHTS FOR RUNNING LIGHTS, 4) WHY FORD MOTOR COMPANY, OR A

PROBLEMS WITH BRAKE LAMP SWITCH WENT OUT ON 2000 FORD TAURUS. *MR. THE BRAKE LIGHT HAD GONE OUT WHICH WAS A RECALL ITEM. THE BRAKE LAMP SWITCH HAD GONE OUT AGAIN AND THE CONSUMER DISCOVERED THE VEHICLE WOULD NOT GO OUT OF PARK INTO DRIVE BUT WAS FINALLY ABLE TO GET IT INTO NEUTRAL AND THEN INTO DRIVE (G2). THE CONSUMER WAS UNAWARE THE BRAKE LIGHT WAS OUT, WHICH WAS THE THIRD BRAKE LIGHT SWITCH IN LESS THAN THREE YEARS. THE CONSUMER REQUESTED A REFUND. THERE WAS NOISE WHICH HAD COME FROM THE BLOWER MOTOR, AND THE FUEL GAUGE ACTED ERRATIC AND THE FUEL PUMP WAS REPLACED. *SOC *JB

I HAVE A 2000 FORD TAURUS WITH ADJUSTABLE PEDALS. THE CAR WAS SERVICED PER THE INSTRUCTIONS ASSOCIATED WITH RECALL CAMPAIGN 01V078000. SHORTLY AFTER THIS REPAIR, THE BRAKE SWITCH WAS CONTAMINATED WITH GREASE CAUSING THE BRAKE LAMP SWITCH TO BE STUCK IN THE CLOSED POSITION DISABLING THE CRUISE CONTROL AND CAUSING THE STOP LAMPS TO STAY ON. THE CAR WAS REPAIRED UNDER WARRANTY. A LITTLE OVER ONE YEAR LATER, THE SAME PROBLEM OCCURRED AND WAS AGAIN FIXED UNDER THE EXTENDED WARRANTY. IN ESSENCE, THE PROBLEM WHICH WAS SUPPOSED TO BE ADDRESSED IN RECALL CAMPAIGN 01V078000 APPARENTLY WAS NOT ADEQUATELY ADDRESSED AS THE PROBLEM AS REOCCURRED NOT ONCE BUT TWICE SINCE THE REPAIRS ASSOCIATED WITH THE ORIGINAL RECALL. *AK

WIRE ASSEMBLY TO BRAKE LIGHT SWITCH SNAGGED ON TO AND THEN WRAPPED AROUND THE STEERING COLUMN SEVERAL TIMES. THIS RESULTED IN A "NOOSE EFFECT" ON THE STEERING COLUMN THAT PREVENTED HARD RIGHT TURNS OF THE AUTOMOBILE AND EVENTUALLY BROKE OFF THE BRAKE LIGHT SWITCH ASSEMBLY FROM THE BRAKE PEDAL. THIS ALSO RESULTED IN BRAKE LIGHT FAILURE. SPOKE TO FORD ROAD SIDE ASSISTANCE REPRESENTATIVE AND INFORMED THEM THAT THEY SHOULD NOT BE GIVING DRIVERS DIRECTIONS ON HOW TO START THE CAR FROM A NEUTRAL GEAR POSITION TO BYPASS THE INTERLOCK MECHANISM BETWEEN BRAKE AND TRANSMISSION SHIFTER. I RECOMMEND THAT FORD EITHER LOOK AT SECURING THE CABLES OR COVER THE MOVING COMPONENTS OF THE STEERING COLUMN UNDER THE DASHBOARD. *AK

POOR DESIGN ON BRAKE LIGHT SWITCH ON BRAKE PEDAL

THE WIRES THAT CONNECT TO THE BRAKE INDICATOR SWITCH ARE MOUNTED ON THE FRONT END OF THE BRAKE PEDAL. THEY ARE POSITIONED 3-4 INCHES ABOVE FOOT LEVEL, A LOCATION WHERE THE WIRES ARE VULNERABLE TO BEING SHEARED OFF WITH AN ERRANT FOOT. ADDITIONALLY, THE WIRE COMING FROM THE WIRE LOOM IS TOO SHORT, LEADING TO STRAIN ON THE WIRE. THE RESULT IS THE WIRE DISCONNECTS AND YOU LOSE THE BRAKE LIGHTS. IN OUR CASE, THE WIRE HELD ON ONLY BY THE INSULATION AND WOULD CONNECT WHEN THE BRAKE WAS LIGHTLY APPLIED (ALLOWING YOU TO SHIFT OUT OF PARK), BUT WOULD FAIL WHEN THE BRAKE WAS FULLY DEPRESSED*AK.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

2000 FORD TAURUS, BRAKE LAMP SWITCH ALWAYS STAYS ON.
NHTSA SHOWS THAT THERE WAS A RECALL FOR THIS PROBLEM.
FORD WOULD NOT HONOR THE RECALL ON MY CAR AND REPLACE
THE FAULTY BRAKE SWITCH, DEALER SAID MY CAR WAS NOT ONE
OF THE 157,000 CARS EFFECTED. SO I HAD TO PAY \$213.00
TO HAVE THEM REPLACE THE FAULTY BRAKE SWITCH THAT WAS
A PROBLEM LISTED AS A RECALL ON NHTSA.

NHTSA RECALL NO. 01V07B/FORD RECALL NO. 01508. *AK

The Privacy Act of 1974 (Public Law 93-502) gives individuals the right to request access to information held by the National Highway Traffic Safety Administration. Your response may be used in both the NHTSA's determination whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Within (3) three years the Brake Light Switch Has Failed
Due To Grease or oil Leak into the Switch, according
to the Mechanic. The second time we had it replaced
was due to a Recall from Ford Motor Co.
when the switch fails all the rear brake lights
come on and the cruise goes off. This could affect
the person following you thinking you are stopping
or slowing down on the highway. Maybe the recall
should be looked into a little more. Three times
in three years is a BIT TOO MUCH, I would think!

Thank you

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Problem: Brake lamp switch. Ford's Recall # 01S08. Date: July 2001.
1st replaced. 3-01-2001 by Motor Ford ph. 912-685-2141
2nd replacement by Jimp Ford ph. 912-427-3701
Not sure of date but a few months after the 1st replacement.
3rd 9-10-02 by Jimp Ford
4th 3-3-03 by Motor Ford
5th 6-2-03 by Motor Ford
6th 4-25-04 by Motor Ford

Although these design have not always replaced the brake light switch there has been a lot of recall time & money and I am not sure that the problem will not fail again.

Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure, i.e., parts repaired or replaced (and if old part is available).

WHILE DRIVING AND WITHOUT WARNING THE ELECTRICAL SYSTEM FAILED. 48M
ON several occasions in the preceding 2 weeks, I noticed my brake lights at rear of vehicle were stuck ON. This happened both when parked, key off, Engine off, And it also occurred while driving. (I could not activate cruise control while driving.) On 2 occasions, Brake lights came on by themselves after being parked for several hours. My Biggest failure occurred (cont.)

Include, if available: Police/Fire Department Report, Photos, and Repair Invoils. ATTACH ADDITIONAL SHEETS IF NECESSARY.
The Privacy Act of 1974 (Public Law 93-502) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. We are under no obligation to respond to your questionnaire. Your responses may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proposes with administrative enforcement or litigation against a manufacturer, your responses, or a statistical summary thereof, may be used in support of this agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

while driving on the highway at about 36 mph. The Cruise Control was set. When I applied brakes to slow down for traffic congestion, The Cruise Control would NOT deactivate; I had to manually turn off the cruise with the steering wheel mounted off switch. Brake light switch assembly was replaced by myself, Cost: \$19.52. Upon closer inspection of defective switch, I noticed signs of extreme heating. The switch contacts were discolored (blueish/black) and the plastic switch housing melted in several key places.

The Service Manager at Tony Patton & Sons Ford (on Plainfield in Grand Rapids MI) is aware of this incident and He gave me a free oil change as compensation. ATTACH ADDITIONAL SHEETS IF NECESSARY

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies).

I am a Senior Citizen who purchased a new Ford Taurus because my previous vehicle, which was problem free was approaching 100,000 miles. I was under the impression that a new vehicle would be safer. I was wrong. I have had numerous problems with the brake switch and it has had to be replaced many times as you can see by the service reports. These brake switch failures have caused 2 basic problems. Either my brake lights stay on after shutting the car off thereby killing the battery, or the brake lights don't come on when the brake pedal is stepped on making it impossible to move the shifter out.

-Continue on back.

The Privacy Act of 1974 - Public Law 93-578 This information is requested pursuant to 49 U.S.C. Chapter 301. You are under no obligation to respond to this questionnaire. Your response may be used to assist NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If NHTSA proceeds with administration enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

of park, due to the safety feature. Both problems render the vehicle useless. I now have no confidence in my vehicle and hesitate to rely on it for fear that it will break down again. In addition I have numerous other problems with the vehicle, however, none that has recurred as many times as the brake switch problem.

I applied for the "Lemon Law" and was denied because of #7 (18,000 miles or 24 months) however, I had under 18,000 miles, but I was shy a couple of days within the 3 year period. I feel that I do qualify for the "Lemon Law" and should be reconsidered.

My warranty of 36,000 miles will be over soon. I feel that same provision should be considered if this problem continues.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

times I was unable to get my car out of park (in a normal fashion) and I had no brake lights.

This is a safety issue as I have no brake lights when the part fails. It is a security issue because I never know where or when I will be stuck in park and left without brake lights
