Subject: Your recent questions regarding the PE for the Volvo Fuel Leak Investigation

Hello John,

To answer your two questions from earlier this week

1. Please use the CD-ROM data for number of subject vehicles.
To the best of our knowledge this is the more accurate data.
2. From a technical view the subject vehicles could be modified to include MY1997 850.

Please let me know if you have further questions regarding the above response.

Best regards,
Diana Lidgett
