Hello John,

Please find attached the information requested regarding the filler cap. The system description is the information that we believe is most relevant, however, I have also attached Filler Cap Drawing 9142541.

On a lighter note, I have some questions:

1. It was brought to my attention that the date we have discussed as the date to begin testing is the week before Easter. Is this a good week to test for you?
2. How many days do you anticipate the testing to take?
3. Can I please have the shipping information for VRTC. I would like to arrange shipping the necessary test hardware directly to VRTC.

Best regards,
