APPENDIX I
BOOK 12 OF 28
PART 1 OF 4

From: West, Gregory (G.S.)
Sent: Monday, May 19, 2003 11:23 AM
To: Hiding, Robert (R.J.); Conrad, James (J.A.); Shipp, Terri (T.L.)
Cc: Liposky, Lawrence (L.J.); West, Gregory (G.S.)
Subject: Revised PAC paper

I'm making a revision to the PAC paper after conversing with Bob, to reflect the fact that we're not ready to add vibration the KLT. Instead we will modify the test sequence to run the current vibration requirements on the parts prior to the KLT.

Jim, the ES and the SDS requirement linked to the EAP KLT will need updates correct?

Bob,

Attached is the test for the oil migration in distance to time test. Please review it and forward it to the guys at Ford. If you have any questions please contact me before the conference call.

thanks,

Brian

FRL Report
Feedback.doc

Roscoe and Steve,

I have forwarded to you the responses from Wabash Technologies to your report. Please review and let me know if we need to update your report (I can perform the updates, if necessary, but would like your approval).
