Subject: EA03-015 Kia Rio Engine Compartment Fire Investigation

Dear Mr. Cooper:

As we discussed earlier today, Kia Motors America, Inc. (KMA) is requesting an extension to answer certain portions of the EA letter dated November 17, 2003. Specifically, KMA is requesting a 30 day extension to respond to portions of questions 5 and 8, and all of questions 10, 11, and 12. Currently, the due date for responding is January 13, 2004. The 30-day extension would place the remainder of the response due on February 12, 2004.

Thank you for your time and consideration in this matter, it is greatly appreciated. I look forward to hearing from you.

Very truly yours,

Kristi L. Anderson
