Re: Request for Confidential Treatment of Information Submitted in Response to (PE04-065) (2002-Present Kia Spectra; Rear Drum Brake Wheel Cylinder Leakage)

Dear Mr. Matheke:

Kia Motors Corp. and Kia Motors America, Inc. (hereinafter collectively referred to as "Kia"), hereby request that certain information submitted in their Supplemental Response dated January 18, 2005 to PE04-065 be treated as confidential. In accordance with 49 C.F.R. 512.3 (c), confidential business information includes trade secrets or commercial or financial information that is privileged or confidential as described in the Freedom of Information Act. See 5 U.S.C. 522(b)(4). Commercial information is considered confidential if it has not been publicly disclosed and if its release is likely to cause substantial harm to Kia's competitive position. 49 C.F.R. 512.3.

In its Supplemental Response, Kia provided certain testing data that it claims is confidential business information. Specifically, Kia submitted a Spectra Rear Wheel Cylinder Warranty-Returned Park Brake Performance Evaluation Result Report dated June 8, 2004 prepared by Kia Motor Corp.'s (KMC) Vehicle Test Team 3 (Tab 3 to Kia's Supplemental Response) and a Spectra Rear Wheel Cylinder Leakage Part Brake Performance Evaluation Result Report dated June 11, 2004 prepared by KMC's Vehicle Test Team 3 (Tab 4 to Kia's Supplemental Response) at Kia's request and on Kia's behalf.

This report includes both trade secrets and confidential information done by Kia's Vehicle Test Team. This report includes both trade secrets and confidential information that, if

made public, would cause substantial harm to Kia's competitive position in the market. The report contains Kia-specific testing procedures and detailed information regarding its rear wheel cylinder which, if disseminated, would allow Kia's competitors the benefit of its designs and strategies. The testing is unique and operating functions are Kia and available only to Kia personnel.

Kia also requests that all personal identifying information contained in KMA's Spectra Rear Wheel Cylinder Repair Order Summary dated January 4, 2005 also be deemed confidential

If you have any questions or concerns regarding this matter, or if you need any further clarification or support for this request, please do not hesitate to contact me.

Sincerely,
