6 - Reporting Safety Defects

Goshen Coach and the National Highway Transportation Safety Administration

The primary objective in designing this manual is to insure safe and dependable operation of your Goshen Coach vehicle, and to support the National Highway Transportation Safety Administration (NHTSA) efforts to make our nation's roads and highways safer for all who use them. One NHTSA objective is to monitor the safety of all motor vehicles. Please direct your attention to the following NHTSA procedure:

If you believe your vehicle has a defect which could cause a crash or could cause injury or death to personnel operating or being transported in the vehicle; you should immediately inform the National Highway Transportation

Safety Administration and VSV Group, Goshen Coach Division.

If NHTSA receives similar complaints, it may open an investigation. If NHTSA finds that a safety defect exists in a group of vehicles it may order a recall and remedy campaign. However, NHTSA cannot become involved in individual problems between you, your dealer, or Goshen Coach Division of VSV Group.
