Subject: LMMS Claim Information Requested of OGC

[REDACTED] am investigating F150 Property Damage Fires. The yellow highlighted cells on the attached list of LMMS PD claims need to be populated. I have assembled them in order of priority, giving priority to the 131 claims that ASO currently has no information on file. Then there are 51 claims with only partial information, we need to know if any further information is available for these claims. For any privileged files, I would be happy to review the files with you and would actually prefer to read the allegations myself if possible. Thanks for your consideration.

Need OGC File
