OFFICE OF DEFECTS INVESTIGATION

GM-858A

NVS-212am
 EA04-028

Dear Ms. DeMeler:

This letter is General Motors' (GM) response to your information request (IR), dated September 29, 2004, regarding allegations of turn signal/brake lamp socket failure, malfunction, or otherwise unsatisfactory performance in model year (MY) 2003 Chevrolet Cavaliers and Pontiac Sunfire vehicles.

As you are aware, GM has decided to conduct a Safety Recall on 2003 Model Year Chevrolet Cavaliers and Pontiac Sunfire vehicles as described in its Part 573 letter dated 10/27/2004. To bring closure to this investigation, NHTSA requested that GM provide an update to the number of reports and warranty claims that relate to this condition since its July 30, 2004 response to PE04-043. Accordingly, GM is providing its response to questions 2 and 5.

2. State the number of each of the following, received by GM, or of which GM is otherwise aware, which relate to, or may relate to, the alleged defect in the subject vehicles:
- a. Consumer complaints, including those from fleet operators;
 - b. Field reports, including dealer field reports;
 - c. Reports involving a crash, injury, or fatality, based on claims against the manufacturer involving a death or injury, notices received by the manufacturer alleging or proving that a death or injury was caused by a possible defect in a subject vehicle, property damage claims, consumer complaints, or field reports;
 - d. Property damage claims;
 - e. Third-party arbitration proceedings where GM is or was a party to the arbitration; and,
 - f. Lawsuits, both pending and closed, in which GM is or was a defendant or codefendant.

For subparts "a" through "c," state the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same vehicle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report and a consumer complaint).

In addition, for items "c" through "f," provide a summary description of the alleged problem and causal and contributing factors and GM's assessment of the problem, with a summary of the significant underlying facts and evidence. For items "d" through "f," identify the parties to the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

Table 2-1 summarizes the number of reports received by GM since its July 30, 2004 response to PE04-043.

TYPE OF REPORT	COUNT (INCLUDING DUPLICATES)	GM REPORTS	GM REPORTS CORRESPONDING TO NHTSA REPORTS	NUMBER WITH PROPERTY DAMAGE	NUMBER WITH CRASH	NUMBER WITH INJURIES/FATALITIES*	NUMBER WITH FIRE
Owner Reports	281	281	0	0	0	0	0
Field Reports & Technical Assistance System Reports	89	89	0	0	0	0	0
Not-In-Suit Claims	0	0	0	0	0	0	0
Subrogation Claims	0	0	0	0	0	0	0
Third Party Arbitration Proceedings	0	0	0	0	0	0	0
Product Liability Lawsuits	0	0	0	0	0	0	0
Total (Including Duplicates)	370	370	0	0	0	0	0
Total (Excluding Duplicates)	356	356	0	0	0	0	0

TABLE 2-1: REPORT BREAKDOWN

* GM is not aware of any injuries or fatalities related to the subject condition.

The sources of the requested information and the last date the searches were conducted are tabulated in Table 2 below.

SOURCE SYSTEM	LAST DATE GATHERED
Corporate Central File	10/07/2004
Customer Assistance Center	10/26/2004
Technical Assistance Center	10/26/2004
Field Information Network Database (FIND)	10/18/2004

Captured Test Fleet (CTF)	10/06/2004
Early Quality Feedback (EQF)	10/19/2004
Field Product Report Database (FPRD)	10/18/2004
Legal / Employee Self Insured Services (ESIS)	10/06/2004

TABLE 2-2: DATA SOURCES

5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by GM to date that relate to, or may relate to, the alleged defect in the subject vehicles: warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin or customer satisfaction campaign.

Separately, for each such claim, state the following information:

- a. GM's claim number;
- b. Vehicle owner or fleet name (and fleet contact person) and telephone number;
- c. VIN;
- d. Repair date;
- e. Vehicle mileage at time of repair;
- f. Repairing dealer's or facility's name, telephone number, city and state or ZIP code;
- g. Labor operation number;
- h. Problem code;
- i. Replacement part number(s) and description(s);
- j. Concern stated by customer; and,
- k. Comment, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "WARRANTY DATA."

Tables 5-1 and 5-2 summarize the number of additional regular and extended warranty claims for the subject condition since its July 30, 2004 response to PE04-043.

MODEL YEAR	2003
TOTAL	18,647

TABLE 5-1 REGULAR WARRANTY CLAIMS

MODEL YEAR	2003
TOTAL	68

TABLE 5-2 MIC EXTENDED WARRANTY CLAIMS

The sources of the requested information and the last date the searches were conducted are tabulated in Table 5-3 below.

SOURCE SYSTEM	LAST DATE GATHERED
GM North America Claim Adjustment Retrieval Database (CARD-regular warranty)	10/07/2004
Motors Insurance Corporation (MIC - extended warranty)	10/06/2004
Universal Warranty Corporation (UWC - extended warranty)	10/08/2004

TABLE 5-3 DATA SOURCES

The warranty data provided has limited analytical value in analyzing the field performance of a motor vehicle component. The warranty records do not contain sufficient information to establish the condition of the part at the time of the warranty correction; and service personnel may not consistently use the appropriate labor and trouble codes. Warranty numbers represent claims by our dealers for reimbursement for parts and labor costs incurred in performing warranty service for our customers.

GM regular warranty and MIC extended warranty data was collected by searching for the 5 labor codes relating to the alleged defect and are listed in Table 5-4 below. The UWC extended warranty data was searched for the labor code description "Enhanced Electrical Miscellaneous".

LABOR CODE	LABOR CODE DESCRIPTION
B9816	LAMP ASSEMBLY PARK/TURN SIGNAL RIGHT REPLACE
B9817	LAMP ASSEMBLY PARK/TURN SIGNAL LEFT REPLACE
B9840	LAMP ASSEMBLY, STOP, TAIL/TURN SIGNAL RIGHT-REPLACE
B9841	LAMP ASSEMBLY, STOP, TAIL/TURN SIGNAL LEFT-REPLACE
N0912	SOCKET, LAMP (EXTERIOR) REPLACE

TABLE 5-4

Due to the generality of some of the GM labor code description categories regarding the specific component repaired or replaced under that labor code, some of the warranty claims included in response to item 5 may not be related to failure of the turn signal/brake/tail lamp bulb to illuminate. For example, labor code "N0912 - Socket, Lamp Exterior - Replace" is not only used for warranty claims in which the rear lamp socket is replaced, but the same labor code is also used for replacement of other exterior bulb sockets such as those for headlamps, daytime running lamps, front turn signal lamps, and parking lamps.

* * *

This response is based on searches of General Motors Corporation (GM) locations where documents determined to be responsive to your request would ordinarily be found. As a result, the scope of this search did not include, nor could it reasonably include, "all of its divisions, subsidiaries (whether or not incorporated) and affiliated enterprises and all of their headquarters, regional, zone and other offices and their employees, and all agents, contractors, consultants, attorneys and law

firms and other persons engaged directly or indirectly (e.g., employee of a consultant) by or under the control of GM (including all business units and persons previously referred to), who are or, in or after 1999, were involved in any way with any of the following related to the alleged defect in the subject vehicles:

- a. "Design, engineering, analysis, modification or production (e.g. quality control);
- b. "Testing, assessment or evaluation;
- c. "Consideration, or recognition of potential or actual defects, reporting, record-keeping and information management, (e.g., complaints, field reports, warranty information, part sales), analysis, claims, or lawsuits; or
- d. "Communication to, from or intended for zone representatives, fleets, dealers, or other field locations, including but not limited to people who have the capacity to obtain information from dealers."

This response was compiled and prepared by this office upon review of the documents produced by various GM locations, and does not include documents generated or received at those GM locations subsequent to their searches.

Please contact me if you require further information about this response or the nature or scope of our searches.

Sincerely,

A handwritten signature in black ink, appearing to read "Gay P. Kent". The signature is stylized and cursive. Below the signature, the word "FOR" is written in a small, bold, sans-serif font.

Dear Ms. Kent:

This letter is to inform you that the Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has opened an Engineering Analysis (EA04-028) to investigate allegations of turn signal/brake lamp failure in model year (MY) 2003 Chevrolet Cavalier and Pontiac Sunfire vehicles manufactured by General Motors Corporation (GM). As part of this investigation, this letter requests certain information from GM.

This office is aware of 14 additional reports to NHTSA not previously provided to GM concerning turn signal/brake lamp failure in the above-mentioned vehicles. A copy of each report is enclosed with this letter.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject Vehicles**: all MY 2003 Chevrolet Cavalier and Pontiac Sunfire vehicles manufactured for sale or lease in the United States.
- **Subject Component(s)**: turn signal/brake lamp sockets installed on the subject vehicles.
- **GM**: General Motors Corporation, all of its past and present officers and employees, whether assigned to its principal offices or any of its field or other locations, including all of its divisions, subsidiaries (whether or not incorporated) and affiliated enterprises and all of their headquarters, regional, zone and other offices and their employees, and all agents, contractors, consultants, attorneys and law firms and other persons engaged directly or indirectly (e.g., employee of a consultant) by or under the control of GM (including all business units and persons previously referred to), who are or, in or after 1999, were involved in any way with any of the following related to the alleged defect in the subject vehicles:

DOT AUTO SAFETY HOTLINE
888-DASH-2-DOT
888-327-4236

- a. Design, engineering, analysis, modification or production (e.g. quality control);
 - b. Testing, assessment or evaluation;
 - c. Consideration, or recognition of potential or actual defects, reporting, record-keeping and information management, (e.g., complaints, field reports, warranty information, part sales), analysis, claims, or lawsuits; or
 - d. Communication to, from or intended for zone representatives, fleets, dealers, or other field locations, including but not limited to people who have the capacity to obtain information from dealers.
- **Alleged defect:** the failure, malfunction, or otherwise unsatisfactory performance of the turn signal/brake lamp sockets, which causes the turn signal/brake lamp not to illuminate when the turn signal is used or when the brake pedal is depressed.
 - **Document:** "Document(s)" is used in the broadest sense of the word and shall mean all original written, printed, typed, recorded, or graphic matter whatsoever, however produced or reproduced, of every kind, nature, and description, and all non-identical copies of both sides thereof, including, but not limited to, papers, letters, memoranda, correspondence, communications, electronic mail (e-mail) messages (existing in hard copy and/or in electronic storage), faxes, mailgrams, telegrams, cables, telex messages, notes, annotations, working papers, drafts, minutes, records, audio and video recordings, data, databases, other information bases, summaries, charts, tables, graphics, other visual displays, photographs, statements, interviews, opinions, reports, newspaper articles, studies, analyses, evaluations, interpretations, contracts, agreements, jottings, agendas, bulletins, notices, announcements, instructions, blueprints, drawings, as-builts, changes, manuals, publications, work schedules, journals, statistical data, desk, portable and computer calendars, appointment books, diaries, travel reports, lists, tabulations, computer printouts, data processing program libraries, data processing inputs and outputs, microfilms, microfiches, statements for services, resolutions, financial statements, governmental records, business records, personnel records, work orders, pleadings, discovery in any form, affidavits, motions, responses to discovery, all transcripts, administrative filings and all mechanical, magnetic, photographic and electronic records or recordings of any kind, including any storage media associated with computers, including, but not limited to, information on hard drives, floppy disks, backup tapes, and zip drives, electronic communications, including but not limited to, the Internet and shall include any drafts or revisions pertaining to any of the foregoing, all other things similar to any of the foregoing, however denominated by GM, any other data compilations from which information can be obtained, translated if necessary, into a usable form and any other documents. For purposes of this request, any document, which contains any note, comment, addition, deletion, insertion, annotation, or otherwise comprises a non-identical copy of another document shall be treated as a separate document subject to production. In all cases where original and any non-identical copies are not available, "document(s)" also means any identical copies of the original and all non-identical copies thereof. Any document, record, graph, chart, film or photograph originally produced in color must be provided in color. Furnish all documents whether verified by the

manufacturer or not. If a document is not in the English language, provide both the original document and an English translation of the document.

- **Other Terms:** To the extent that they are used in these information requests, the terms "claim," "consumer complaint," "dealer field report," "field report," "fleet," "good will," "make," "model," "model year," "notice," "property damage," "property damage claim," "rollover," "type," "warranty," "warranty adjustment," and "warranty claim," whether used in singular or in plural form, have the same meaning as found in 49 CFR 579.4.

In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests. Insofar as GM has previously provided a document to ODI, GM may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts). When documents are produced and the documents would not, standing alone, be self-explanatory, the production of documents shall be supplemented and accompanied by explanation.

Please repeat the applicable request verbatim above each response. After GM's response to each request, identify the source of the information and indicate the last date the information was gathered.

1. State, by model and model year, the number of subject vehicles GM has manufactured for sale or lease in the United States. Separately, for each subject vehicle manufactured to date, state the following:
 - a. Vehicle identification number (VIN);
 - b. Make;
 - c. Model;
 - d. Model Year;
 - e. Date of manufacture;
 - f. Date warranty coverage commenced; and
 - g. The State in the United States where the vehicle was originally sold or leased (or delivered for sale or lease).

Provide the table in Microsoft Access 2000, or a compatible format, entitled "PRODUCTION DATA."

2. State the number of each of the following, received by GM, or of which GM is otherwise aware, which relate to, or may relate to, the alleged defect in the subject vehicles:
 - a. Consumer complaints, including those from fleet operators;
 - b. Field reports, including dealer field reports;

- c. Reports involving a crash, injury, or fatality, based on claims against the manufacturer involving a death or injury, notices received by the manufacturer alleging or proving that a death or injury was caused by a possible defect in a subject vehicle, property damage claims, consumer complaints, or field reports;
- d. Property damage claims;
- e. Third-party arbitration proceedings where GM is or was a party to the arbitration; and,
- f. Lawsuits, both pending and closed, in which GM is or was a defendant or codefendant.

For subparts "a" through "c," state the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same vehicle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report and a consumer complaint).

In addition, for items "c" through "f," provide a summary description of the alleged problem and causal and contributing factors and GM's assessment of the problem, with a summary of the significant underlying facts and evidence. For items "d" through "f," identify the parties to the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

3. For each item (complaint, report, claim, notice, or matter) within the scope of your response to Request No. 2, state the following information:
 - a. GM's file number or other identifier used;
 - b. The category of the item, as identified in Request No. 2 (i.e., consumer complaint, field report, etc.);
 - c. Vehicle owner or fleet name (and fleet contact person), address, and telephone number;
 - d. Vehicle's VIN;
 - e. Vehicle's make, model and model year;
 - f. Vehicle's mileage at time of incident;
 - g. Incident date;
 - h. Report or claim date;
 - i. Whether a crash is alleged;
 - j. Whether property damage is alleged;
 - k. Number of alleged injuries, if any; and,
 - l. Number of alleged fatalities, if any.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "REQUEST NUMBER TWO DATA."

4. Produce copies of all documents related to each item within the scope of Request No. 2. Organize the documents separately by category (i.e., consumer complaints, field reports, etc.) and describe the method GM used for organizing the documents.
5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by GM to date that relate to, or may relate to, the alleged

defect in the subject vehicles: warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin or customer satisfaction campaign.

Separately, for each such claim, state the following information:

- a. GM's claim number;
- b. Vehicle owner or fleet name (and fleet contact person) and telephone number;
- c. VIN;
- d. Repair date;
- e. Vehicle mileage at time of repair;
- f. Repairing dealer's or facility's name, telephone number, city and state or ZIP code;
- g. Labor operation number;
- h. Problem code;
- i. Replacement part number(s) and description(s);
- j. Concern stated by customer; and,
- k. Comment, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "WARRANTY DATA."

6. Describe in detail the search criteria used by GM to identify the claims identified in response to Request No. 5, including the labor operations, problem codes, part numbers and any other pertinent parameters used. Provide a list of all labor operations, labor operation descriptions, problem codes, and problem code descriptions applicable to the alleged defect in the subject vehicles. State, by make and model year, the terms of the new vehicle warranty coverage offered by GM on the subject vehicles (i.e., the number of months and mileage for which coverage is provided and the vehicle systems that are covered). Describe any extended warranty coverage option(s) related to the alleged defect that GM offered for the subject vehicles and state by option, model, and model year, the number of vehicles that are covered under each such extended warranty.
7. Produce copies of all service, warranty, and other documents that relate to, or may relate to, the alleged defect in the subject vehicles, that GM has issued to any dealers, regional or zone offices, field offices, fleet purchasers, or other entities. This includes, but is not limited to, bulletins, advisories, informational documents, training documents, or other documents or communications, with the exception of standard shop manuals. Also include the latest draft copy of any communication that GM is planning to issue within the next 120 days.
8. Describe all assessments, analyses, tests, test results, studies, surveys, simulations, investigations, inquiries and/or evaluations (collectively, "actions") that relate to, or may relate to, the alleged defect in the subject vehicles that have been conducted, are being conducted, are planned, or are being planned by, or for, GM. For each such action, provide the following information:

- a. Action title or identifier;
- b. The actual or planned start date;
- c. The actual or expected end date;
- d. Brief summary of the subject and objective of the action;
- e. Engineering group(s)/supplier(s) responsible for designing and for conducting the action; and,
- f. A brief summary of the findings and/or conclusions resulting from the action.

For each action identified, provide copies of all documents related to the action, regardless of whether the documents are in interim, draft, or final form. Organize the documents chronologically by action.

9. Describe all modifications or changes made by, or on behalf of, GM in the design, material composition, manufacture, quality control, supply, or installation of the subject components, from the start of production to date, which relate, or may relate, to the alleged defect in the subject vehicles. For each such modification or change, provide the following information:
 - a. The date or approximate date on which the modification or change was incorporated into vehicle production;
 - b. A detailed description of the modification or change;
 - c. The reason(s) for the modification or change;
 - d. The part numbers (service and engineering) of the original component;
 - e. The part number (service and engineering) of the modified component;
 - f. Whether the original unmodified component was withdrawn from production and/or sale, and if so, when;
 - g. When the modified component was made available as a service component; and,
 - h. Whether the modified component can be interchanged with earlier production components.

Also, provide the above information for any modification or change that GM is aware of which may be incorporated into vehicle production within the next 120 days.

10. State the number of each of the following that GM has sold that may be used in the subject vehicles by component name, part number (both service and engineering/production), model and model year of the vehicle in which it is used and month/year of sale including the cut-off date for sales, if applicable:
 - a. Subject components; and,
 - b. Any kits that have been released, or developed, by GM for use in service repairs to the subject component/assembly.

For each component part number, provide the supplier's name, address, and appropriate point of contact (name, title, and telephone number). Also identify by make, model and model year, any other vehicles of which GM is aware that contain the identical component, whether installed in production or in service, and state the applicable dates of production or service usage.

11. Provide GM's assessment of the alleged defect in the subject vehicle, including:

- a. The causal or contributory factor(s);
- b. The failure mechanism(s);
- c. The failure mode(s);
- d. The risk to motor vehicle safety that it poses;
- e. What warnings, if any, the operator and the other persons both inside and outside the vehicle would have that the alleged defect was occurring or subject component was malfunctioning; and,
- f. The reports included with this inquiry.

This letter is being sent to GM pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports and the production of things. It constitutes a new request for information. GM's failure to respond promptly and fully to this letter could subject GM to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) Please note that maximum civil penalties under 49 U.S.C. § 30165 have increased as a result of the recent enactment of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act, Public Law No. 106-414 (signed November 1, 2000). Section 5(a) of the TREAD Act, codified at 49 U.S.C. § 30165(b), provides for civil penalties of up to \$5,000 per day, with a maximum of \$15 million for a related series of violations, for failing or refusing to perform an act required under 49 U.S.C. § 30166. This includes failing to respond to ODI information requests.

If GM cannot respond to any specific request or subpart(s) thereof, please state the reason why it is unable to do so. If on the basis of attorney-client, attorney work product, or other privilege, GM does not submit one or more requested documents or items of information in response to this information request, GM must provide a privilege log identifying each document or item withheld, and stating the date, subject or title, the name and position of the person(s) from, and the person(s) to whom it was sent, and the name and position of any other recipient (to include all carbon copies or blind carbon copies), the nature of that information or material, and the basis for the claim of privilege and why that privilege applies.

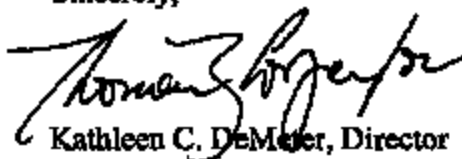

GM's response to this letter, in duplicate, together with a copy of any confidentiality request, must be submitted to this office by November 19, 2004. Please refer to EA04-028 in GM's response to this letter. If GM finds that it is unable to provide all of the information requested within the time allotted, GM must request an extension from Mr. Thomas Z. Cooper at (202) 366-5218 no later than five business days before the response due date. If GM is unable to provide all of the information requested by the original deadline, it must submit a partial response by the original deadline with whatever information GM then has available, even if an extension has been granted.

If GM claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b)(4),

or are protected from disclosure pursuant to 18 U.S.C. § 1905, GM must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, to the Office of Chief Counsel (NCC-113), National Highway Traffic Safety Administration, Room 5219, 400 Seventh Street, S.W., Washington, D.C. 20590. GM is required to submit two copies of the documents containing allegedly confidential information (except only one copy of blueprints) and one copy of the documents from which information claimed to be confidential has been deleted.

If you have any technical questions concerning this matter, please call Mr. Ali Motamedamin of my staff at (202) 366-7021.

Sincerely,

Kathleen C. DeMeier, Director
Office of Defects Investigation
Enforcement

Narrative Description of Incident(s), Crash(es), and Injury(es).
Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure;
i.e., parts repaired or replaced (and if old part is available).

I PURCHASED A 2003 CHEVROLET CAVALIER FROM FRED DIEHL MOTORS OF PHILIPSBURG, PA (814-342-3223). I AM HAVING PROBLEMS WITH
THE REAR BRAKE LIGHTS AND NOW ALL REAR LIGHTING. FIRST THE CAR WAS SERVICED AT VALLEY TIRES WHO REPLACED THE BULB LAMPS.

*AK
SECOND, FRED DIEHL REPLACED THE LEFT SIDE SOCKET AND TIGHTENED THE RIGHT BULB.
THE THIRD TIME, I WAS STOPPED BY LOCAL POLICE FOR NO BRAKE LIGHTS. FRED DIEHL REPLACED BOTH THE SOCKETS AND BULBS BECAUSE
OF A SHORT IN THE SYSTEM.

I CALLED GENERAL MOTORS WITH A COMPLAINT (CUSTOMER RELATIONSHIP MANAGER ALVIN JOHNSON 1-866-942-4368 EXT. 47590). MR.
JOHNSON SENT ME A LETTER APRIL 20 STATING THEY WOULD MAKE THE REPAIRS UP TO 75,000 MILES.
ON MAY 28, 2004, I WAS INVOLVED IN AN ACCIDENT. THERE WERE NO INJURIES, BUT THE VEHICLE WAS DAMAGED. I SIGNALLED AND APPLIED
MY BRAKES TO MAKE A LEFT TURN. A FLAT BED TRUCK BEHIND ME STARTED TO PASS ME AS I PROCEEDED TO TURN AND STRUCK THE
DRIVER'S SIDE. THE MAN TOLD STATE POLICE THERE WERE NO LIGHTS, BUT HE WAS FINED ANYWAY FOR PASSING IN A NO PASSING ZONE.
ON JUNE 1 AND 2 I CALLED GM AND MR. JOHNSON RETURNED MY CALL AND TOOK THE ACCIDENT REPORT.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.

Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e., parts repaired or replaced (and if old part is available).

I BOUGHT A NEW 2003 CHEVROLET CAVALIER ON 5/2/03. IT HAS BEEN TO THE DEALER 9 TIMES FOR REPAIRS. 7 OF WHICH WERE FOR BRAKE, TURN, AND/OR DASH LIGHTS NOT WORKING. ORIGINALLY, FUSES WERE BEING BLOWN. IN 3/04, I WAS ADVISED THAT THERE WAS A BAD SOCKET PROBLEM. IN 7/04, THE EXCUSE BECAME THAT THEY HAVE A "SPECIAL" GREASE THAT THEY HAVE TO PUT ON THE BULBS AND THAT THIS WAS NORMAL. I HAD TO RETURN MY CAR MOST RECENTLY ON 8/4/04 BECAUSE I DID NOT HAVE REAR BRAKE LIGHTS OR TURN SIGNALS. I FILED A COMPLAINT WITH THE BETTER BUSINESS BUREAU. WE WENT TO ARBITRATION ON 6/8/04. CHEVY MOTOR DIV. ACKNOWLEDGED THAT THERE WAS A SAFETY DEFECT WITH MY CAR (BRAKE LIGHTS) PRIOR TO IT BEING RETURNED TO THE DEALER IN 3/04 AND FAXED A COPY OF THE BULLETIN THEY WROTE IN 4/04. HOWEVER, THEY ARGUED THAT THEY CORRECTED THE DEFECT W/ THE BULLETIN (VERBAL INSTRUCTIONS WERE GIVEN ON OR ABOUT 3/12/04 WHEN MY CAR WAS BEING REPAIRED TO THE SERVICE TECH AT THE DEALER RE: THE BULLETIN THAT WASN'T IN WRITTEN FORMAT UNTIL 4/24/04). MY ARBITRATION WAS DENIED BECAUSE MY BRAKE LIGHTS WERE WORKING AT THE TIME OF THE ARBITRATION SO THEY DETERMINED THAT THE DEFECT HAD BEEN CORRECTED. SINCE JUNE, I'VE RETURNED MY CAR TO THE DEALER 2 ADDITIONAL TIMES FOR BRAKE LIGHTS AND TURN SIGNALS NOT WORKING PROPERLY. SINCE I'VE PURCHASED MY CAR, I'VE HAD FUSES REPLACED, FUSE LINKS INSTALLED TO 5 CIRCUIT BRANCHES, DRIVERS SIDE WINDOW MOTOR REPLACED, HVAC CABLE AND SEAL R

MI IS HAVING A HUGE PROBLEM WITH "I" BODY CARS WITH NEW BODY STYLE. (CAVALIER, SUNFIRE YEAR 2001-CURRENT) THE PROBLEM IS WITH POOR TERMINAL CONTACT WITH THE REAR BULBS DUE TO DEFECTIVE BULB SOCKETS. THE RESULT IS LOSS OF REAR TURN SIGNALS AND BRAKE LAMPS ON ONE OR OFTEN BOTH SIDES. THIS PROBLEM AFFECTS CARS OFTEN WITH LESS THEN 1000 MILES. IT IS A HUGE PROBLEM AND OUR SHOP MUST FIX 8 CARS A WEEK ON AVERAGE FOR THIS PROBLEM AND WE ARE NOT A LARGE GM SHOP. NOT HAVING REAR TURN SIGNALS OR BRAKE LAMPS IS SERIOUS FOR RISK OF REAR-END COLLISIONS. *AK

WHILE DRIVING AT ANY SPEED HEATER DID NOT WORK. VEHICLE WAS TAKEN TO THE DEALER, AND HEATER WAS REPLACED. ALSO, ON TWO DIFFERENT OCCASIONS DEALER REPLACED WIRING HARNESS AND CONNECTION WIRES. ON ANOTHER OCCASION ENTIRE BRAKE LIGHT ASSEMBLY WAS REPLACED ALONG WITH THE SOCKETS. IN ALL, VEHICLE HAD BEEN TO THE DEALER SIX TIMES IN SEVEN MONTHS. *AK

1. BOTH BRAKE LIGHTS WENT OUT W/IN MONTH OF EACH OTHER. IN THE MONTHS OF JULY AND AUGUST. 2. BRAKES NOISY, SEPTEMBER 3. TRUNK WOULD NOT OPEN, OCTOBER 4. BRAKES NOISY, AGAIN, NOVEMBER 5. CAR TURNS OFF IN THE MIDDLE OF AN INTERSECTION AFTER MAKING A COMPLETE STOP AND TRYING TO SPEED UP. FREAKING OUT, I PRESSED THE GAS AND MOVED THE KEY IN THE IGNITION, THEN PUT CAR IN PARK AND GOT IT TO START, NOVEMBER. IT JUST SEEMS TO ME THAT I HAVE A DISFUNCTIONAL CAR THAT WHEN I DONT HAVE SOMETHING WRONG WITH ONE THING I HAVE TO GO IN TO THE DEALER FOR ANOTHER. ITS A NEW CAR AND ITS COSTING ME MORE PROBLEMS AND INCONVENIENCES THAN THE OLD '96 I HAD TILL I BOUGHT THIS ONE.

Include, if available: Police/Fire Department Report, Photos, and Repair Invoice.
