OFFICE OF DEFECTS INVESTIGATION
2006 MAR 23 A 11:07

Dear Mr. Quandt:

Subject: EA04-034:NVS-213dsy

We have determined that Appendix C to our March 7, 2006, letter inadvertently identified some photos of a wheel as having been returned by the California Highway Patrol. The file was identified as CHP Wheel Photos2.ppt. Photos of a different wheel were also included in that file.

Please disregard the file CHP Wheel Photos2.ppt included in Appendix C, and replace it with the files included in Appendix A (directory: 2006-03-21 Appendix A) on the enclosed CD.

If you have questions, please contact me.

Sincerely,

R. A. Nevi
Assistant Director
Global Automotive Safety and Compliance
