OFFICE OF DEFECTS
INVESTIGATION

Automotive Safety Office
Environmental and Safety Engineering

June 24, 2004

Mr. Thomas Z. Cooper, Chief
Office of Defects Investigation Safety Assurance
National Highway Traffic Safety Administration
400 Seventh Street, S.W.
Washington, DC 20590

Dear Mr. Cooper:

Subject: PE04-033:NVS-212cag

In a June 11, 2004 letter to the agency, Ford Motor Company (Ford) enclosed in its response a CD containing documents in an electronic format. The CD supplied on June 11, 2004 inadvertently copied into Appendix A the contents of Appendix C. Ford has enclosed two copies of a CD containing a corrected Appendix A - Production Volumes, as well as all other electronic appendices, which are identical to those submitted in the June 11, 2004 response. Please discard the CD supplied in the original response and use the new CD dated June 24, 2004.

If you have any questions, please call me.

Sincerely,

Peter D. Souchock
Manager External Investigation
