Dear Mr. Ong:

This letter and enclosures are hereby submitted to NHTSA in support of NVS-212-pco / PE04-081.

Previously, on February 18, two CD-ROMs were submitted to your office. These CD-ROMs were labeled "Confidential" and include files for which Volvo is requesting confidentiality (in response to #2 of your letter.) Volvo did not intend for this confidential material to be on these CD-ROMs.

Please find enclosed two CD-ROMs labeled "Response to #1" and dated March 2, 2005 that do not include any files for which Volvo is requesting confidentiality. Please discard the two previously submitted CD-ROMs labeled "Confidential" and replace them with these two CDs labeled "Response to #1" and dated March 2, 2005.

If you have any questions concerning the above please contact me at (201) 768-7300 (ext. 7249).

Sincerely,
