Mr Santucci:

Your request for an extension to respond to the Information Request for PE05-009 is granted. The new due date is April 28, 2005. Please submit those portions of the request that can be answered by April 11, 2004 in a partial response. Thank you.

Regards,

Jeff Quandt, Chief
Vehicle Control Division

Subject: PE05-009 Request for Extension

Jeff,

Per our discussions, and discussions with your staff, Toyota would like to request an extension of the due date for our response to the IR letter of PE05-009. Due to the amount of documents requiring translation, and continuing work collecting customer information as well as return parts, Toyota would like to request an extension of two weeks for the responses to the following questions:

3-"c"

5-"b" and "f"

8/9/10/11/13/14

Some of the information that is still being collected and translated is also needed for the responses to items concerning design specifications and Toyota's assessment of the alleged defect. Toyota plans on submitting a response to the remainder of the questions by the original due date of April 11. The full response will be completed by April 28. If you have any questions or concerns about this request, please let me know.

Regards,

Chris Santucci - Safety Engineer
Technical and Regulatory Affairs
