Dear Ms. DeMeter:

Subject: DP05-005 – Request for information

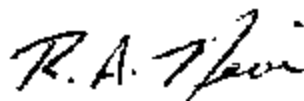

In a November 1, 2005 e-mail, Cheryl Rose of your office requested that Ford Motor Company (Ford) provide vehicle production data and customer contact information pertaining to certain reports received by the agency relating to DP05-005.

In a subsequent November 9, 2005 telephone conversation, Ms. Rose indicated that this request pertains specifically to 4.6L, 5.4L, and 6.8L engines used in 1997-2004 model year Ford vehicles.

Ford is providing data for vehicles sold in the U.S. and Federalized Territories and customer contact information on the enclosed CD. Due to large scope of the request, it is necessary to provide the data in zipped format.

If you have any further questions, please contact me.

Sincerely,

R. A. Nevi
Assistant Director
Global Automotive Safety Compliance
