**Re: EA 05-005, Response of Texas Instruments, Inc. to Your August 31, 2005  
Information Request**

Dear Ms. DeMeter:

Further to the October 3, 2005 letter from Mr. Steven Reynolds of Texas Instruments, Inc., we are hereby transmitting documents responsive to the questions that were posed to Texas Instruments by your August 31, 2005 letter. The documents are organized chronologically (where this was called for) and by question. Sheets have been inserted in the boxes containing the documents to identify the question to which each set of documents is responsive. Also, each document has been labeled with Bates numbers (NHT05\_\_\_\_) for identification. Please note that some of the information responsive to questions 4 and 18 is being submitted on CDs. Also attached is a CD containing a privilege log identifying those TI documents which contain privileged information.

Please advise should you have any questions.

Sincerely,

David H. Coburn  
Attorney for Texas Instruments, Inc.
