Re: NVS-213car; PE06-010 Request for Confidential Treatment

Dear Mr. Tinto:

This responds to your May 31, 2006 request for confidential treatment for certain materials submitted in response to an information request in PE06-010, a defect investigation into Toyota Sienna vehicles.

I have decided to grant your request.

Toyota submitted this data in response to a formal NHTSA request for information. Because Toyota was required to submit this information, I reviewed your claim for confidential treatment under the test announced in National Parks & Conservation Ass'n v. Morton, 498 F.2d 765 (D.C. Cir. 1974), and its progeny. Under National Parks, information is confidential if its disclosure would be likely to cause substantial competitive harm to the submitter or to impair the government's ability to collect the information in the future.

Your request specifically seeks confidential treatment for portions of Appendix 8 and Appendix 9 to your response to NHTSA's information request. The materials for which you seek confidential treatment were submitted on a CD labeled "PE 06-010 Confidential Only."

The appendices contain engineering information regarding the development and implementation of the Toyota Sienna's Tire Pressure Warning System (TPWS). Toyota contends this is proprietary information reflecting the company's technological and intellectual investment. NHTSA agrees that its release would likely cause substantial competitive harm to Toyota. I am therefore granting confidential treatment to the information in Appendix 8 and Appendix 9.

The grant of confidential treatment above is subject to certain conditions. The information may be disclosed under 49 C.F.R. § 512.22 based upon newly discovered or changed facts, and you must inform the agency of any changed circumstances that may affect the protection of the information. 49 C.F.R. § 512.10. If necessary, you will be notified prior to the release of any information under the procedures established by our regulations. 49 C.F.R. § 512.22(b).

Sincerely,

Original Signed By

Otto G. Matheke, III
