Subject: RE: Request for Extension: EA06-014

Chris,

Jeff is out of the office however we have discussed Toyota's request for an extension and, per this email, agree to grant it. Please advise any further questions.

Regards,
Scott

Subject: Request for Extension: EA06-014

Jeff,

This message is being set to request an extension of the due date of the response to the IR letter of EA06-014, an investigation into the Toyota Tundra. Toyota would like to request a three week extension of the due date until December 7. The original due date is November 16. On November 16, Toyota would provide a partial response to include all applicable field data (complaints, field reports, warranty claims, part sales and service bulletins) for the subject vehicles. (Q1-9 and 12). The remainder of the response will be submitted on December 7th. The request is necessitated because of the large volume of data associated with this response, including all of the peers and subject recall vehicles which are extensive. In addition, some ongoing tests and analyses should be completed and we believe would be more useful to the agency if finished. We appreciate your assistance with this matter. If you have any questions, please let me know.

Regards,
