Tom,

This message is a follow-up to our discussion during the GM/ NHTSA quarterly meeting on Wednesday, May 24, 2006 regarding the due date for the subject Information Request (IR) investigation.

The original due date for this investigation was July 12, 2006. GM is requesting a due date extension because of workload requirements from two other IRs that are due near the same time period. Per our conversation, we agreed the new due date will be July 26, 2006.

Please respond back to me with your concurrence or if you have any questions.

Sincerely,

Keith S. Schultz
