Subject: Request for Extension - PE06-055

Jeff,

Per our discussion today, Toyota would like to request an extension of the due date for our response to your inquiry regarding the Highlander Hybrid. On February 9, we would like to submit our response, less the responses to Questions 8 and 11. On February 16, we would like to complete our response. This one additional week is needed in order to compile and translate the testing and assessment information due for the response to Question 8. Your assistance with this matter is greatly appreciated.

Regards,
