GM-681A Supplement 1

NVS-212pco
EA06-001

Dear Mr. Cooper:

General Motors (GM) and NHTSA had a technical review meeting on September 14, 2006 to discuss information related to NHTSA information requests EA06-001 and EA06-001PIR. At the conclusion of that meeting, the agency informally requested a copy of the material that GM presented during the meeting. GM is providing copies of the presentation materials voluntarily. Copies of the presentation are provided on the attached CDs.

Some of the information contained in the presentation is not customarily provided to the public by GM. Accordingly, GM is providing you copies of the presentation in non-confidential form and is sending a letter to the Office of Chief Counsel requesting confidentiality for certain information.

Please contact me if I can be of any further assistance on this matter.

Sincerely,

Keith Schultz
Manager
