Total number of  
Vehicles affected: To be determined.

Product Improvement  
Program: Customer will be notified by first class mail of the availability of a product improvement campaign involving their vehicle's side airbag system. Customers can then return to their dealers to have the product update performed. Any affected vehicles which visit the workshop for other service work will also be updated.

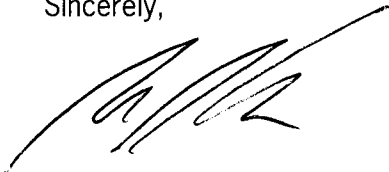

Notices: We will forward the dealer repair instructions and customer letter as soon as these have been finalized.

Manufacturer  
Service Action number: To be determined.

Porsche will also monitor all replaced Cayenne side airbag modules for the next six months. We will notify all Porsche dealers to return all side airbag modules replaced under warranty to Porsche Cars North America, Inc. After we have received the modules we will determine the reasons for the replacement of the modules, if any, and report the findings to the agency.

Should you have any questions or require further information, please do not hesitate to contact me at (770) 290-3627.

Sincerely,

Walter J. Lewis, Manager  
Regulatory Affairs
