I do not have any documentation regarding the exchanges of wheels or modifications to any wheels at the time of delivery on any of the vehicles.

Dear Mr. Dow:

The Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) is responsible for investigating allegations of safety defects in motor vehicles and motor vehicle equipment. This letter is to inform you that ODI is conducting a Preliminary Evaluation (PE06-050) to investigate allegations of wheel separation due to spoke fracture in model year (MY) 2005 through 2007 Nissan 350Z vehicles manufactured by Nissan Motor Co., Ltd (Nissan). To assist us in our investigation, we are requesting information concerning vehicles sold, leased and/or traded from your dealership.

ODI has received two reports of wheel separation due to spoke fracture in MY 2006 Nissan 350Z vehicles, including one sold by Antelope Valley Nissan. A copy of that complaint is included for your information.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject vehicles:** all MY 2006 Nissan 350Z sold, leased, and/or traded in the United States.
- **Alleged defect:** Cracking or fracture of one or more wheel spokes.
- **Wheel modification:** Any alteration of a Nissan Original Equipment or Genuine Accessory wheel, including re-chroming.
- **Document:** "Document(s)" is used in the broadest sense of the word and shall mean all original written, printed, typed, recorded, or graphic matter whatsoever, however produced or reproduced, of every kind, nature, and description, and all non-identical copies of both sides thereof, including, but not limited to, papers, letters, memoranda, correspondence, communications, electronic mail (e-mail) messages (existing in hard

For purposes of this request, any document which contains any note, comment, addition, deletion, insertion, annotation, or otherwise comprises a non-identical copy of another document shall be treated as a separate document subject to production. In all cases where original and any non-identical copies are not available, "document(s)" also means any identical copies of the original and all non-identical copies thereof. Any document, record, graph, chart, film or photograph originally produced in color must be provided in color. Furnish all documents whether verified by Antelope Valley Nissan or not. In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests.

~~Insofar as Antelope Valley Nissan has previously provided a document to ODI, Antelope Valley Nissan may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located.~~ When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts). When documents are produced and the documents would not, standing

THIS COMPLAINT IS BEING FILED AS PART OF AN OFFICIAL CALIFORNIA HIGHWAY PATROL INVESTIGATION INTO A MAJOR INJURY TRAFFIC COLLISION INVOLVING A LAW ENFORCEMENT OFFICER. THE CHP MAIT INVESTIGATION # IS SL-45-06. THE TRAFFIC COLLISION OCCURRED ON OCTOBER 11, 2006, WITHIN LOS ANGELES COUNTY AND INVOLVED A 2006 NISSAN 350ZX. DURING THE COLLISION, THE LEFT FRONT WHEEL SEPARATED FROM THE VEHICLE AND BOUNCED OVER THE FREEWAY DIVIDER AND IMPACTED A LAW ENFORCEMENT MOTOR OFFICER TRAVELING UPON THE OPPOSITE SIDE OF THE FREEWAY. A PRELIMINARY INSPECTION OF THE WHEEL INDICATES A PROBABLE STRUCTURAL FAILURE OF THE WHEEL (MECHANICAL DEFECT). A REVIEW OF THE NHTSA COMPLAINT DATA BASE INDICATES THAT THE FAILURE OF THE WHEEL IS SIMILAR TO THE FAILURE NOTED IN NHTSA COMPLAINT #10164822. *NM
