Subject: PE07-013 / N070076 Due Date Extension

Tom,

This message is a follow-up to our telephone conversation today regarding the due date for the subject Information Request (IR) investigation.

The original due date for this investigation was May 7, 2007. GM is requesting a due date extension because of workload requirements for this IR and several other IRs that are due in the weeks preceding and following this due date. Per our conversation, we agreed the new due date will be Monday, May 21, 2007.

Please respond back to me with your concurrence or if you have any questions.

Sincerely,

Keith S. Schultz
