Jeff,

I spoke with Scott today, Toyota would like to submit our response to the PE07-016 IR on Monday, 6/11. We are pulling together the response, but still need some more time to do a final review. In addition, I will be at compliance testing the rest of the week and it would be very helpful if I can do the submission from here, rather than remotely. I hope this is acceptable, and perhaps will facilitate your recent office move. By the way, this is probably a good time to confirm the new address:

NHTSA - Office of Defects Investigation  
Vehicle Controls Division - NVS-213  
1200 New Jersey Avenue S.E.  
Washington, DC 20590

Thanks for your help.
