Subject: Request for Extension: Peer IR PE07-025 Due Date

Tom,

On behalf of Toyota, I would like to request a one week extension for the due date of the Peer IR of PE07-025. It's the tow hitch investigation Peter Ong is conducting on GM trucks. We need another week to sort through all the data, and make sure we are getting all of the vehicles with port-installed hitches in the response. It's proving more difficult than anticipated. We will submit the full response on July 9, if you agree. The original due date is June 29th. Thanks for your assistance with this request. If you have any questions, please let me know.

Regards,
