Subject: RE: PE 07-042 Request for extension of time and meeting date

Your request for an extension for responding to part of the information request is granted. The due date for sales, complaint, field report, claims, warranty and crashes remains October 10, 2007. The remainder of the response is now due October 25, 2007.

Regards,

Jeff Quandt

Subject: PE 07-042 Request for extension of time and meeting date

This is a request for an extension of time to respond to the above referenced PE. Currently the company's response is due October 10, 2007. All available sales, warranty, accident, and claims data will be available and submitted on that date. The need to translate other more technical materials, test data, and engineering materials requires additional time. Accordingly, we would request, on behalf of the company, that the remaining information response be submitted on October 25, 2007. We would also, in conjunction with this submission, request a meeting with your staff on October 25, 2007, to fully answer any questions and present the technical materials the company has developed which clearly indicate this situation does not involve a risk to motor vehicle safety. I look forward to your response on the extension of time and the meeting time and date.
