Washington, DC 20590

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

Mr. John Maddox
Product Compliance Officer
Volkswagen of America, Inc.
3800 Hamlin Road
Auburn Hills, MI 48326

NVS-213swmc
PE08-027

Dear Mr. Maddox:

This letter is to inform you that the Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has opened a Preliminary Evaluation (PE08-027) to investigate allegations of fuel pump assembly failure resulting in engine stall in model year (MY) 2004 Audi A4 vehicles manufactured by Volkswagen of America, Inc., and to request certain information.

This office has received seven reports of fuel pump assembly failure resulting in engine stall while driving in MY 2004 Audi A4 vehicles. Four of the failures allegedly occurred at speeds of 50 mph or greater. Another failure allegedly occurred during a left turn across the flow of traffic, stranding the vehicle in an intersection. All seven complaints indicated that the vehicle could not be restarted after the engine stalled. A copy of each of the reports is enclosed for your information.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject vehicles:** all MY 2004 Audi A4 vehicles manufactured for sale or lease in the United States.
- **Peer vehicles:** all MY 2003 and 2005 Audi A4 vehicles manufactured for sale or lease in the United States.
- **Subject components:** all fuel pump assemblies manufactured for use as original equipment or service parts for the subject and peer vehicles.
- **Volkswagen:** Volkswagen of America, Inc., Volkswagen Worldwide, Audi of America, The Audi Group, Audi Worldwide, all of their past and present officers and employees, whether assigned to their principal offices or any of their field or other locations, including all of their divisions, subsidiaries (whether or not incorporated) and affiliated

★★★★★
NHTSA
www.nhtsa.gov

enterprises and all of their headquarters, regional, zone and other offices and their employees, and all agents, contractors, consultants, attorneys and law firms and other persons engaged directly or indirectly (e.g., employee of a consultant) by or under the control of Volkswagen (including all business units and persons previously referred to), who are or, in or after January 1, 2000, were involved in any way with any of the following related to the alleged defect in the subject vehicles:

- a. Design, engineering, analysis, modification or production (e.g. quality control);
- b. Testing, assessment or evaluation;
- c. Consideration, or recognition of potential or actual defects, reporting, record-keeping and information management, (e.g., complaints, field reports, warranty information, part sales), analysis, claims, or lawsuits; or
- d. Communication to, from or intended for zone representatives, fleets, dealers, or other field locations, including but not limited to people who have the capacity to obtain information from dealers.

- **Alleged defect:** fuel pump assembly failure resulting in engine stall.

- **Document:** "Document(s)" is used in the broadest sense of the word and shall mean all original written, printed, typed, recorded, or graphic matter whatsoever, however produced or reproduced, of every kind, nature, and description, and all non-identical copies of both sides thereof, including, but not limited to, papers, letters, memoranda, correspondence, communications, electronic mail (e-mail) messages (existing in hard copy and/or in electronic storage), faxes, mailgrams, telegrams, cables, telex messages, notes, annotations, working papers, drafts, minutes, records, audio and video recordings, data, databases, other information bases, summaries, charts, tables, graphics, other visual displays, photographs, statements, interviews, opinions, reports, newspaper articles, studies, analyses, evaluations, interpretations, contracts, agreements, jottings, agendas, bulletins, notices, announcements, instructions, blueprints, drawings, as-builts, changes, manuals, publications, work schedules, journals, statistical data, desk, portable and computer calendars, appointment books, diaries, travel reports, lists, tabulations, computer printouts, data processing program libraries, data processing inputs and outputs, microfilms, microfiches, statements for services, resolutions, financial statements, governmental records, business records, personnel records, work orders, pleadings, discovery in any form, affidavits, motions, responses to discovery, all transcripts, administrative filings and all mechanical, magnetic, photographic and electronic records or recordings of any kind, including any storage media associated with computers, including, but not limited to, information on hard drives, floppy disks, backup tapes, and zip drives, electronic communications, including but not limited to, the Internet and shall include any drafts or revisions pertaining to any of the foregoing, all other things similar to any of the foregoing, however denominated by Volkswagen, any other data compilations from which information can be obtained, translated if necessary, into a usable form and any other documents. For purposes of this request, any document which contains any note, comment, addition, deletion, insertion, annotation, or otherwise comprises a non-identical copy of another document shall be treated as a separate document subject to production. In all cases where original and any non-identical copies are not available, "document(s)" also means any identical copies of the original and all

non-identical copies thereof. Any document, record, graph, chart, film or photograph originally produced in color must be provided in color. Furnish all documents whether verified by Volkswagen or not. If a document is not in the English language, provide both the original document and an English translation of the document.

- **Other Terms:** To the extent that they are used in these information requests, the terms “claim,” “consumer complaint,” “dealer field report,” “field report,” “fire,” “fleet,” “good will,” “make,” “model,” “model year,” “notice,” “property damage,” “property damage claim,” “rollover,” “type,” “warranty,” “warranty adjustment,” and “warranty claim,” whether used in singular or in plural form, have the same meaning as found in 49 CFR 579.4.

In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests. Insofar as Volkswagen has previously provided a document to ODI, Volkswagen may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts). When documents are produced and the documents would not, standing alone, be self-explanatory, the production of documents shall be supplemented and accompanied by explanation.

Please repeat the applicable request verbatim above each response. After Volkswagen’s response to each request, identify the source of the information and indicate the last date the information was gathered.

1. State, by recall status and model year, the number of subject and peer vehicles Volkswagen has manufactured for sale or lease in the United States. Separately, for each subject and peer vehicle manufactured to date by Volkswagen, state the following:
 - a. Vehicle identification number (VIN);
 - b. Model;
 - c. Model Year;
 - d. Whether the vehicle was included in the scope of Safety Recall 06V-017 (y/n);
 - e. Whether the vehicle was included in the scope of Safety Recall 07V-375 (y/n);
 - f. Date of manufacture;
 - g. Date warranty coverage commenced; and
 - h. The State in the United States where the vehicle was originally sold or leased (or delivered for sale or lease).

Provide the table in Microsoft Access 2000, or a compatible format, entitled “PRODUCTION DATA.” See Enclosure 1, Data Collection Disc, for a pre-formatted table which provides further details regarding this submission.

2. State the number of each of the following, received by Volkswagen, or of which Volkswagen is otherwise aware, which relate to, or may relate to, the alleged defect in the subject or peer vehicles:
- a. Consumer complaints, including those from fleet operators;
 - b. Field reports, including dealer field reports;
 - c. Reports involving a crash, injury, or fatality, based on claims against the manufacturer involving a death or injury, notices received by the manufacturer alleging or proving that a death or injury was caused by a possible defect in a subject vehicle, property damage claims, consumer complaints, or field reports;
 - d. Reports involving a fire, based on claims against the manufacturer involving a death or injury, notices received by the manufacturer alleging or proving that a death or injury was caused by a possible defect in a subject vehicle, property damage claims, consumer complaints, or field reports;
 - e. Property damage claims; and
 - f. Third-party arbitration proceedings where Volkswagen is or was a party to the arbitration; and
 - g. Lawsuits, both pending and closed, in which Volkswagen is or was a defendant or codefendant.

For subparts "a" through "e" state the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same vehicle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report and a consumer complaint).

In addition, for items "c" through "g," provide a summary description of the alleged problem and causal and contributing factors and Volkswagen's assessment of the problem, with a summary of the significant underlying facts and evidence. For items "f" and "g," identify the parties to the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

3. Separately, for each item (complaint, report, claim, notice, or matter) within the scope of your response to Request No. 2, state the following information:
- a. Volkswagen's file number or other identifier used;
 - b. The category of the item, as identified in Request No. 2 (i.e., consumer complaint, field report, etc.);
 - c. Vehicle owner or fleet name (and fleet contact person), address, and telephone number;
 - d. Vehicle's VIN;
 - e. Vehicle's model and model year;
 - f. Vehicle's mileage at time of incident;
 - g. Incident date;
 - h. Report or claim date;
 - i. Whether a crash is alleged;
 - j. Whether a fire is alleged;
 - k. Whether property damage is alleged;
 - l. Number of alleged injuries, if any; and

m. Number of alleged fatalities, if any.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "REQUEST NUMBER TWO DATA." See Enclosure 1, Data Collection Disc, for a pre-formatted table which provides further details regarding this submission.

4. Produce copies of all documents related to each item within the scope of Request No. 2. Organize the documents separately by category (i.e., consumer complaints, field reports, etc.) and describe the method Volkswagen used for organizing the documents.
5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by Volkswagen to date that relate to, or may relate to, the alleged defect in the subject and peer vehicles: warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin. Do not include claims related to completion of remedies for Safety Recalls 06V-017 and 07V-375.

Separately, for each such claim, state the following information:

- a. Volkswagen's claim number;
- b. Vehicle owner or fleet name (and fleet contact person) and telephone number;
- c. VIN;
- d. Repair date;
- e. Vehicle mileage at time of repair;
- f. Repairing dealer's or facility's name, telephone number, city and state or ZIP code;
- g. Labor operation number;
- h. Problem code;
- i. Replacement part number(s) and description(s);
- j. Concern stated by customer;
- k. Cause and correction of concern; and
- l. Comment, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Access 2000, or a compatible format, entitled "WARRANTY DATA." See Enclosure 1, Data Collection Disc, for a pre-formatted table which provides further details regarding this submission.

6. Describe in detail the search criteria used by Volkswagen to identify the claims identified in response to Request No. 5, including the labor operations, problem codes, part numbers and any other pertinent parameters used. Provide a list of all labor operations, labor operation descriptions, problem codes, and problem code descriptions applicable to the alleged defect in the subject vehicles. State, by model year, the terms of the new vehicle warranty coverage offered by Volkswagen on the subject and peer vehicles (i.e., the number of months and mileage for which coverage is provided and the vehicle systems that are covered). Describe any extended warranty coverage option(s) that Volkswagen offered for the subject and peer vehicles and state by option, model, and model year, the number of vehicles that are covered under each such extended warranty.

7. Produce copies of all service, warranty, and other documents that relate to, or may relate to, the alleged defect in the subject and peer vehicles, that Volkswagen has issued to any dealers, regional or zone offices, field offices, fleet purchasers, or other entities. This includes, but is not limited to, bulletins, advisories, informational documents, training documents, or other documents or communications, with the exception of standard shop manuals. Also include the latest draft copy of any communication that Volkswagen is planning to issue within the next 120 days.
8. Describe all assessments, analyses, tests, test results, studies, surveys, simulations, investigations, inquiries and/or evaluations (collectively, "actions") that relate to, or may relate to, the alleged defect in the subject vehicles that have been conducted, are being conducted, are planned, or are being planned by, or for, Volkswagen. For each such action, provide the following information:
 - a. Action title or identifier;
 - b. The actual or planned start date;
 - c. The actual or expected end date;
 - d. Brief summary of the subject and objective of the action;
 - e. Engineering group(s)/supplier(s) responsible for designing and for conducting the action; and
 - f. A brief summary of the findings and/or conclusions resulting from the action.

For each action identified, provide copies of all documents related to the action, regardless of whether the documents are in interim, draft, or final form. Organize the documents chronologically by action.

9. Describe all modifications or changes made by, or on behalf of, Volkswagen in the design, material composition, manufacture, quality control, supply, or installation of the subject component, from the start of production to date, which relate to, or may relate to, the alleged defect in the subject vehicles. For each such modification or change, provide the following information:
 - a. The date or approximate date on which the modification or change was incorporated into vehicle production;
 - b. A detailed description of the modification or change;
 - c. The reason(s) for the modification or change;
 - d. The part number(s) (service and engineering) of the original component;
 - e. The part number(s) (service and engineering) of the modified component;
 - f. Whether the original unmodified component was withdrawn from production and/or sale, and if so, when;
 - g. When the modified component was made available as a service component; and
 - h. Whether the modified component can be interchanged with earlier production components.

Also, provide the above information for any modification or change that Volkswagen is aware of which may be incorporated into vehicle production within the next 120 days.

10. Produce one of each of the following:
 - a. Exemplar samples of each design version of the subject component; and
 - b. Field return samples of the subject component exhibiting the subject failure mode.
11. State the number of subject components that Volkswagen has sold that may be used in the subject vehicles by component name, part number (both service and engineering/production), model and model year of the vehicle in which it is used and month/year of sale (including the cut-off date for sales, if applicable).

For each component part number, provide the supplier's name, address, and appropriate point of contact (name, title, and telephone number). Also identify by make, model and model year, any other vehicles of which Volkswagen is aware that contain the identical component, whether installed in production or in service, and state the applicable dates of production or service usage.

12. Provide the following information regarding the effects of engine stall on braking performance in the subject vehicles:
 - a. Describe the operation of the brake power assist system in the subject vehicles and state the effects of engine stall on system operation;
 - b. Describe how VW measures brake system performance in the following conditions: (1) following engine stall; and (2) with complete loss of brake power assist;
 - c. Provide copies of all documents related to VW engineering standards, specifications or design guidelines, that relate to 12.b;
 - d. Provide copies of all test reports related to 12.b for the subject vehicles;
 - e. Describe and provide copies of all documents relating to, studies, tests, analyses, technical papers or other reference material showing the maximum braking pedal force capabilities of male and female drivers (show for the low end, 5th percentile and 50th percentile for each demographic group);
 - f. Provide graphs showing (1) brake line pressure (at the left front wheel), (2) vehicle deceleration (describe the road surface used and its coefficient of friction), and (3) brake pedal travel as functions of brake pedal force for normal system operation and for the first application after the engine has stalled and for each successive application until the source of power assist is fully depleted; and
 - g. A table showing the brake pedal force and travel required to achieve decelerations of 0.1 to 0.9 g's, in increments of 0.1g, for normal system operation and for operation with no brake power assist, and describe the road surface used and its coefficient of friction.
13. Provide the following information regarding the effects of engine stall on steering performance in the subject vehicles:
 - a. Describe the operation of the steering power assist system in the subject vehicles and state the effects of engine stall on system operation;
 - b. Describe how VW measures steering system performance in the following conditions: (1) following engine stall; and (2) with complete loss of steering power assist;
 - c. Provide copies of all documents related to VW engineering standards, specifications or design guidelines, that relate to 13.b;

- d. Provide copies of all test reports related to 13.b for the subject vehicles;
- e. Describe and provide copies of all documents relating to, all studies, tests, analyses technical papers or other reference material showing the maximum steering effort capabilities of male and female drivers (show for the low end, 5th percentile and 50th percentile for each demographic group);
- f. State by model, model year, and any other distinguishing factor the diameter of the steering wheel;
- g. Describe and provide test data showing the effects of engine stall on steering wheel force as a function of lateral acceleration for normal system operation and after loss of assist; and
- h. Describe, and provide copies of all related documents, all testing or analyses conducted by VW to assess assisted and unassisted steering efforts with and without assist in low speed (less than 10 mph) and stationary turning maneuvers, such as turns at high steering angular inputs (e.g., full lock turns from a stop).

14. Furnish Volkswagen's assessment of the alleged defect in the subject vehicle, including:

- a. The causal or contributory factor(s);
- b. The failure mechanism(s);
- c. The failure mode(s);
- d. The failure rates associated with each failure mechanism identified in 14.b at the following service intervals: 12, 36 and 60 months in service - use actual data where available and provide VW's statistical model of the data (e.g., Weibull analysis with slope, characteristic life and correlation coefficient parameters stated);
- e. The percentage of subject component failures attributed to each failure mechanism identified in 14.b that result in stall while driving;
- f. The risk of stall while driving at highway speeds (50 miles per hour or greater);
- g. The ability of the operator to restart a subject vehicle that has stalled due to the alleged defect;
- h. The risk to motor vehicle safety that it poses;
- i. What warnings, if any, the operator and the other persons both inside and outside the vehicle would have that the alleged defect was occurring or subject component was malfunctioning; and
- j. The reports included with this inquiry.

This letter is being sent to Volkswagen pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports and the production of things. It constitutes a new request for information. Volkswagen's failure to respond promptly and fully to this letter could subject Volkswagen to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) Please note that maximum civil penalties under 49 U.S.C. § 30165 have increased as a result of the recent enactment of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act, Public Law No. 106-414 (signed November 1, 2000). Section 5(a) of the TREAD Act, codified at 49 U.S.C. § 30165(b), provides for civil penalties of up to \$6,000 per day, with a maximum of \$16,375,000 for a related series of violations, for failing or refusing to

perform an act required under 49 U.S.C. § 30166. *See* 49 CFR 578.6 (as amended by 71 Fed. Reg. 28279 (May 16, 2006)). This includes failing to respond to ODI information requests.

If Volkswagen cannot respond to any specific request or subpart(s) thereof, please state the reason why it is unable to do so. If on the basis of attorney-client, attorney work product, or other privilege, Volkswagen does not submit one or more requested documents or items of information in response to this information request, Volkswagen must provide a privilege log identifying each document or item withheld, and stating the date, subject or title, the name and position of the person(s) from, and the person(s) to whom it was sent, and the name and position of any other recipient (to include all carbon copies or blind carbon copies), the nature of that information or material, and the basis for the claim of privilege and why that privilege applies.

Volkswagen's response to this letter, in duplicate, together with a copy of any confidentiality request, must be submitted to this office by June 23, 2008. **All business confidential information must be submitted directly to the Office of Chief Counsel as described in the following paragraph and should not be sent to this office.** In addition, do not submit any business confidential information in the body of the letter submitted to this office. Please refer to PE08-027 in Volkswagen's response to this letter and in any confidentiality request submitted to the Office of Chief Counsel. If Volkswagen finds that it is unable to provide all of the information requested within the time allotted, Volkswagen must request an extension from me at (202) 366-5207 no later than five business days before the response due date. If Volkswagen is unable to provide all of the information requested by the original deadline, it must submit a partial response by the original deadline with whatever information Volkswagen then has available, even if an extension has been granted.

If Volkswagen claims that any of the information or documents provided in response to this information request constitute confidential commercial material within the meaning of 5 U.S.C. § 552(b)(4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, Volkswagen must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with 49 CFR Part 512, as amended, to the Office of Chief Counsel (NCC-111), National Highway Traffic Safety Administration, Room W41-227, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590. Volkswagen is required to **submit two copies of the documents containing allegedly confidential information (except only one copy of blueprints) and one copy of the documents from which information claimed to be confidential has been deleted.** Please remember that the word "CONFIDENTIAL BUSINESS INFORMATION" must appear at the top of each page containing information claimed to be confidential, and the information must be clearly identified in accordance with 5 U.S.C. § 512.6. If you submit a request for confidentiality for all or part of your response to this IR, that is in an electronic format (e.g., CD-ROM), your request and associated submission must conform to the new requirements in NHTSA's Confidential Business Information Rule regarding submissions in electronic formats (49 CFR 512.6(c)). *See* Federal Register, volume 72, page 59434 (October 19, 2007).

Please send email notification to Stephen McHenry (stephen.mchenry@dot.gov) and to ODI_IRresponse@dot.gov when Volkswagen sends its response to this office and indicate whether there is confidential information as part of Volkswagen response.

If you have any technical questions concerning this matter, please call Stephen McHenry of my staff at (202) 366-4883.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey L. Quandt". The signature is fluid and cursive, with a large initial "J" and "Q".

Jeffrey L. Quandt, Chief
Vehicle Control Division
