Clarence,

Due to logistical and resource issues, we will not be able to attend the upcoming test. We would appreciate receiving copies of all photographs, videos and other test data, including specifics of the test setup and parameters. Also, if available, we'd like to receive any data, beyond the photographs you already sent us, from the first crash test you ran with the Grand Cherokee on July 1.

Thank you,
Larry

Our next crash test is on January 14 at:
Karco Engineering
9270 Holly Road
Adelanto CA 92301
(760) 246-1672.

We will have Carl Nash on site as our contract technical manager with Ken Digges as overall Project Manager. If you want to attend, let me know so I can make arrangements.

Sorry, the location is not as convenient as the first test.

Clarence
