AFFECTED VEHICLES
MODELS: 2004-2010 ENDEAVOR

Date: February, 2011

Dear Mitsubishi Owner,

Mitsubishi Motors North America Inc. (MMNA) has become aware of incidents where 2004-2010 model year Endeavor vehicles (built between January 2003 and March 2010), when operated in cold weather states where road salt is used, have experienced fuel filler pipe corrosion.

To ensure your continued satisfaction, MMNA is extending the warranty coverage on your vehicle for fuel filler pipe perforation to 10 years (from the original delivery date) or 150,000 miles, whichever comes first. This extended limited warranty covers the fuel filler pipe currently installed on your vehicle, even if the original part has been replaced.

In the event you ever have a problem with the fuel filler pipe on your vehicle related to the above condition, you may come in to a Mitsubishi dealer for inspection of the pipe at no charge. If the pipe is found to have corrosion during the extended warranty period identified above (10 years or 150,000 miles, whichever comes first), the dealer will replace the pipe at no charge.

If you have previously experienced a problem with the fuel filler pipe on your vehicle while the vehicle was within the 10 year/150,000 mile warranty period, and you paid for the repair, you may send your original receipts and/or other adequate proof of payment to the following address for review and potential reimbursement:

Mitsubishi Customer Relations Department
P.O. Box 6400
Cypress, CA 90630-0064

Please keep a copy of this notification with your vehicle's warranty book for future reference. This extended warranty applies to subsequent owners of the vehicle.

If you have any questions regarding this warranty extension, please contact Mitsubishi Customer Relations at 1-888-648-7820. Hours of operation are Monday through Friday 7:00 AM to 4:00 PM Pacific Time. For the location of your nearest Mitsubishi dealer, please refer to our website: www.mitsubishicars.com.

Sincerely,

Mitsubishi Motors North America, Inc.
