Hi Alex,

It was a pleasure talking with you this morning pertaining to the above mentioned NHTSA recall. We have determined through the cooperation of the Ricon Corporation the following disposition of the one Ricon Seat Base that we purchased:

On 10/11/2006 my parts department person purchased a Ricon 1209 Seat Base. The serial number on the seat base is 106286 The purchase order that we used was P.O.# C 005549. This product was purchased and dropped shipped to Van Products Inc. 2521 Noblin Road, Raleigh, NC 27604. We have been in contact with Bill Miller at that location and they are attempting to locate the records to indicate what customer and vehicle received this product

If you have any further questions or concerns please feel free to contact me.
