To Rhonda Anderson –

I'm writing to receive of refund of the \$42 I spent on a rental car while my Malibu was being serviced at Jerry's Chevrolet.

On 4/17/06 I left my Malibu at the dealership because the power steering failed. The dealership kept the car for a full 24 hours for diagnosis and they wrongly diagnosed it because the problem has recurred. The signal still comes on for "power steering" on the screen, a dinging noise starts and the wheel becomes tight as I drive. Attached is all the documentation you need to allow me to be refunded.

You have sold me a car that does not operate properly (I also had to get a new ignition module and correct a leaky tire all in this first year of ownership) and it is your responsibility to provide a loaner vehicle while my car is being corrected.

RE: Johnson v. General Motors Corporation
VIN #1G1ZS52F25F [REDACTED]

Dear Sir/Madam:

I am writing this letter in an effort to work out a pre-litigation settlement of the above-captioned matter. I have enclosed the sales and servicing documentation submitted by the client. As you will notice from your Warranty History as well as any dealership records you review, my client's vehicle is a presumptive lemon.

Plaintiff hereby demands a statutory repurchase of the vehicle, plus payment of counsel fees and costs in the bottom line amount of \$1,750.00. I would also be willing to discuss a vehicle swap, but only if the terms are favorable to my client, who is a loyal General Motors Customer. I look forward to discussing this case at your earliest convenience.

Very truly yours,

Robert M. Silverman
