I have not heard anything from anyone yet. Is there just no one in the whole corporation that will talk to me? Does no one care about my situation? I don't even know who to take my car to anymore, since Eagle Chevrolet said everything was tested and fine. Apparently the company (Chevrolet) believes them and not me. I challenge any one of you to come take a ride in my 2005 Cobalt and keep in mind if anyone is brave enough to do this, I have been driving my car like this since it has had 7,000 miles on it. I am very disappointed with the lack of service I have received from the company as a whole. If I do not get a response soon I will turn this over to an attorney that handles cases like this. I really do not want to do that I would prefer that we can talk and settle this matter quickly. Although I understand that a buy back or repurchase is unacceptable to your company I feel that asking for coverage for my car going forward is a reasonable solution for all parties. If someone, anyone could get back to me I would appreciate it.

Dear wski:

Thank you again for making us aware of the situation with your 2005 Chevrolet Cobalt. We know you are sincere in the position you have taken, and we trust we have been able to explain our point of view.

In circumstances such as these, Chevrolet believes that our customers should have the opportunity to deal with unresolved matters in a fast and fair resolution process. For that reason, we participate in the Better Business Bureau's BBB AUTO LINE program, an independent resolution process administered by the Council of Better Business Bureaus. BBB AUTO LINE provides mediation and arbitration for eligible warranty-related issues.

As a Chevrolet customer, BBB AUTO LINE is available to you at no cost. The BBB AUTO LINE program is discussed in your vehicle's "Warranty and Owner Assistance Information Booklet."

To contact the BBB AUTO LINE, or get more information about the program, please call the BBB at 1-800-955-5100 (Monday through Friday during normal business hours). You may also access the BBB AUTO LINE website at any time (including evenings, weekends and holidays) by visiting http://www.dr.bbb.org/goauto>

Whether you contact them by telephone or Internet, the BBB will provide you with full program details, current eligibility standards of the BBB AUTO LINE program and will assist you with any questions you have.

Thank you for the opportunity to review this matter.

Sincerely,

Chevrolet Customer Assistance Center

And the saga continues. After talking to a customer services representative recently I am even more dissatisfied than before our conversation. I was called regarding my original mailing (attached) and was told that my concerns were going to be immediately escalated to the highest it could go (district customer service manager?); I was told this is the person who handles concerns like mine and all the dealerships in the area. I was told that I would get a call back after that person was contacted and the dealership was contacted. We scheduled a call back appointment for Wednesday April 4. At which time I spoke to Mary. She told me that the district person was contacted and he said my car does not qualify for a buy back/repurchase and that I was to schedule an appointment with my dealership, which I had been doing all along. April 11th will be the 5th time in the shop for related problems. I was shocked and could not even talk for a few seconds, and then I said, "That's it". I had been making appointments with the dealership all along and was waiting for a phone call telling me that my parts were in so I could bring my vehicle back yet again to be fixed yet again. Mary went on to explain that was all that could be done, that was all my car qualified for after researching my concerns. We talked a few minutes more regarding my car and how dissatisfied I was and what all my concerns and problems were, and she said that she could do nothing else for me, yet nothing had been done. I asked to speak to someone else. She first told me there was no one else and she could handle my problem. I told her she did nothing for me, she did not handle my concerns, and I wanted to talk to some one else. Finally she said I could talk to a supervisor. Now Elizabeth enters the picture. Just an FYI, I know Mary's name and Elizabeth's name but not the elusive District Customer Service Manager. After a long, drawn out conversation with Elizabeth, I felt more flustered than ever. I went over and over my concerns with her, but all she could say was I understand, I am sorry you feel that way, and there is no one else you can talk to, we have escalated this as far as it can go. I discussed with her my concerns that there is no one from GMC/Chevy that cares enough to speak to a 30+ year consumer of the Chevy Company. I expressed my concerns to her that my car was made with inferior parts and actually sounded like it was falling apart, (also discussed this with the dealership). I also asked her if she was aware after talking to the dealership that they told me I had to replace all 4 tires, I asked her if she was aware that I had brought my car to Eagle Chevrolet exclusively and they had done my inspection, they did all my oil changes which includes checking my tires and yet no one there ever told me that my tires needed to be rotated which would have prevented me buying 4 new tires at \$420.00 after only 23,000 miles. Elizabeth's response to that was no she was not aware of that and the dealership did not make her aware of that. Well I plan on talking to the dealership about that myself. At one point during the conversation I told Elizabeth that I had been driving Chevy's for a very long time, I had driven Blazer's, Trucks, and Car's and never had I driven a vehicle such as this one. I told her she just was not getting what I was saying. The car is no good, I don't think it can be fixed, I am not being taken care of in any way, shape, or form. The Chevy Company does not care about me the consumer at all. I told her that I was thinking of buying some other product and she actually said that I have that right if that is what I choose to do. Imagine that my right as a 30+ year veteran of Chevy is to just go ahead and buy some other car companies product without a thought on your part. My

1 of 3

response to that was thank you for telling me I have that right, that right that I have actually had for the past 30+ years and I have chosen Chevy's because I trusted the Chevy product. But I guess that means nothing. Since this conversation I have had the brake lights go on a few times, the brakes have a (for lack of better terminology) dragging sound to them, and there is something wrong with the steering. The steering wheel pulls to the right and when making a left turn and backing out of a spot when I have to turn the steering wheel to the left it is hard to turn. This is just unbelievable that a new car should have this many problems. And rest assured I will be discussing the situation as well as my concerns with Eagle Chevrolet regarding the past problems with my vehicle, the new problems with my vehicle, how they handled or better yet did not handle the situation with my tires and why they did not pass along my concerns with the Cobalt to the so called District Customer Service Manager. Although after my conversation with Mary and Elizabeth I guess I am not expecting much from the company. So in closing my summary of the situation is, I bought a lemon/inferior vehicle from Salisbury Chevrolet. I am not getting satisfaction in fixing my vehicle, and things keep popping up that are wrong with it. The company does not care if I buy a vehicle from some other car company other that Chevy. The company does not care that I as well as my Husband have been a loyal 30+ vear veteran of Chevy.

Now you tell me, is this right?? How do you feel after reading this?? What do you think I am going to say about Chevy for the rest of my life?? So much for customer satisfaction?? What good is your survey if nothing is done to satisfy the consumer??

Service Satisfaction Survey

March 19, 2007

The service I receive at Eagle Chevrolet is wonderful... It is the Chevy Cobalt I am having an issue with. It has had a recall to start with, which was taken care of by Eagle Chevrolet promptly. The radio/sound system is not at all what I am used to in a Chevy product. It has static and does not provide very good sound. I have had to take my Cobalt to the dealership several times so far and it is only a year and a half old. Mind you this is for the same problems. I am bringing it in again this Wednesday March 21, on my only day off this week. I brought it in because there is a clunking noise underneath the car when driven over rough road, and the key got stuck in the lock and the shifter felt funny, and when I put my foot on the brake it would make a clicking noise. I thought this could all be one problem. I was told that the key getting stuck was a common problem with the Cobalt and that when they replaced the part that would fix the shifter. However they oiled the part and said it was good to go, and the first time they found nothing that could explain the clunking noise under the car. Well the key problem was fine was for a little while then the same thing started happening with the key. They would drive me back to work and then either pick me up or bring my car back to me, which is how good the service is. On our way back to drop me off at work I actually let the service technician listed to the clicking noise the brake was making. The second time I brought it in they said it was a sway bar and they needed to order a part, and they ordered the part for the problem with the key and shifter as well. When they called me to let me know the parts were in I brought it in and they put the part in the shifter but could not fix the sway bar as Chevy sent them the wrong part. So now we are up to time number three when the sway bar came in and they fixed that for me. I kid you not when I say the key does not stick any more but the clicking noise is still there and the shifter still feels funny. The clunking noise is still under the car when I go over rough road; hence that is why I am bringing it back in. For the first time in my life I am considering buying a foreign car. I was dead set against this in the past. Since my husband and I started buying cars there have only been three cars that were not Chevy's. A 1965 Pontiac LeMans, a Lincoln Continental, and a Dodge Neon. We have owned the follow Chevy's, Nova, Camaro, ElCamino, Malibu, two Blazers, an Extreme, two other pick ups, Caviler and Cobalt. Now I would say that is impressive this day in age considering the foreign car market has grown substantially in the past 35 years, which is how long we have been purchasing American made cars. Also this letter in no way is reflective of the service provided by Eagle Chevrolet. They are always pleasant and they provide me with transportation when needed, and they are very personable. However the Salisbury Chevrolet dealership that I purchased the car from would not even consider giving me a car for transportation back when the recall was on my car and I had mentioned to them the problems I was having. So in closing one, I will never shop at Salisbury again, I might go to a foreign vehicle, and I am completely dissatisfied with the Chevy cobalt. If you would like to respond in any way my information is listed below.

BBB AUTO LINE PROGRAM SUMMARY

General Motors

General Motors has agreed to arbitrate claims covered by the applicable state lemon law. General Motors has also agreed to arbitrate certain warranty claims not covered by the lemon law. This *Program Summary* describes the claims that may be resolved through BBB AUTO LINE.

LEMON LAW CLAIMS

A claim seeking relief under the applicable state lemon law must meet all standards set out by that law. The claim must be received by BBB AUTO LINE within the time period for filing a legal action under that law. Please see the attached description of the applicable state lemon law provisions.

[Note: Florida claims involving GM chassis or chassis cabs in motor homes may be filed with the Florida Pilot RV Mediation and Arbitration Program, and are not eligible for BBB AUTO LINE.]

If the claim meets all standards set out by the applicable state lemon law, the arbitrator will award a refund or replacement vehicle including all remedies specifically provided by that law. In some states this may include reasonable attorney's fees if they can be recovered in a state-run arbitration program or, if no state-run program exists, in court. However, an arbitrator may not award any penalties or multiple damages.

Please note:

- The award will be reduced for the customer's use of the vehicle in accordance with the
 applicable state lemon law.
- The arbitrator may adjust the award based on damage to the vehicle exceeding normal wear and tear.
- The arbitrator will decide whether the applicable state lemon law permits an adjustment to the award for any trade-in over-allowance or debt from a previous transaction.
- The award will not include any manufacturer rebate or manufacturer-sponsored credit card earnings the customer received or used as a downpayment or capitalized cost reduction.

WARRANTY CLAIMS NOT COVERED BY THE LEMON LAW

A claim that does not meet all standards of the applicable state lemon law must meet certain conditions. Please see the attached description of "non-lemon law" warranty claims that may be resolved through BBB AUTO LINE.

A claim seeking repairs or reimbursement for past repairs must be received by BBB AUTO LINE before the expiration of the General Motors Bumper-to-Bumper new vehicle warranty. A

claim seeking repurchase or replacement must be received by BBB AUTO LINE within two years or 24,000 miles – whichever comes first – from the date the vehicle was first put into use.

CUSTOMER RESPONSIBILITIES

At the time of the repurchase or replacement transaction, the customer's vehicle must be currently registered. The customer will be responsible for turning over the vehicle with all of the original equipment and without abnormal wear or damage evident on the vehicle. The customer will also be responsible for providing clear title to the vehicle and signing all documents necessary to effect transfer of the title, including a power of attorney for title transfer.

CLAIMS THAT WILL NOT BE ARBITRATED

- Claims involving vehicles with a non-U.S. warranty, or salvaged, "total loss" or similarly branded titled vehicles.
- Claims alleging that an airbag failed to deploy or deployed when it should not have.
- Claims covered by insurance or by warranties of other manufacturers.
- Repair or reimbursement claims that are not covered by the General Motors New Vehicle Limited Warranty but are covered by a service contract.
- Claims involving a vehicle defect if the customer alleges either as part of the BBB AUTO LINE claim or at any other time – that the vehicle defect has caused an accident or fire that resulted in damage to any vehicle or damage to property.
- Claims involving a vehicle defect if the customer alleges either as part of the BBB AUTO LINE claim or at any other time that the vehicle defect has caused bodily injury.
- Claims seeking compensation for loss of wages, personal injury, or mental anguish.
- Claims seeking damages for fraud or other violations of law, punitive damages, penalties or multiple damages.
- Claims identical to any claim that was resolved by a previous mediation or arbitration, court action, settlement, or agreement between the customer and General Motors.

OTHER IMPORTANT INFORMATION

- The customer must own or lease the vehicle throughout the entire arbitration process.
- If the customer files suit or a state administrative action against General Motors prior to the completion of the arbitration process, General Motors will not be obligated to continue with the arbitration.
- A test drive may be taken in the vehicle only if the customer has liability insurance that satisfies his/her state's minimum requirements.

The BBB will let the parties know if other restrictions apply.

WARRANTY CLAIMS NOT COVERED BY THE LEMON LAW

Time Period for Filing Claims

A claim seeking **repairs** or **reimbursement** for past repairs must be received by BBB AUTO LINE before the expiration of the General Motors Bumper-to-Bumper new vehicle warranty.

A claim seeking **repurchase** or **replacement** must be received by BBB AUTO LINE within two years or 24,000 miles – whichever comes first – from the date the vehicle was first put into use.

Eligible Claims

Claims must be based on a defect in the vehicle's material or workmanship that is covered by the General Motors New Vehicle Limited Warranty.

Eligible Vehicles

Claims may be filed for cars; light duty trucks and vans up to 10,000 pounds G.V.W.R.; and GM chassis or chassis cabs in motor homes up to 21,000 pounds G.V.W.R.

The customer's vehicle must be:

- Owned or leased in the name of an individual or owned or leased by a business that owns or leases no more than three vehicles;
- Purchased or leased, registered, and normally operated in the United States, Puerto Rico or U.S. Virgin Islands; and
- Covered by a United States warranty.

Remedies for Warranty Claims

The arbitrator may award the following remedies:

- Repairs.
- Reimbursement for money the customer paid to repair the vehicle.
- Repurchase of the vehicle.
- Replacement of the vehicle if it was purchased or leased new.

Repairs/Reimbursement for Repairs

The arbitrator may award repairs to, or reimbursement for money paid for the repair of, defects in material or workmanship. If repairs are awarded, the arbitrator may not order a change in the vehicle's options or its design.

Repurchase or Replacement

If a repurchase or replacement is awarded in a claim that does not meet all standards of the applicable state lemon law, the arbitrator may award up to the following remedies:

- Owned vehicle repurchase -- The actual amount paid for the vehicle. This will not include taxes, fees, and finance charges.
- Leased vehicle repurchase To the lessor: pay-off amount pursuant to the lease. To the lessee: any trade-in allowance/downpayment and all base mouthly payments actually paid, excluding all collateral charges (e.g., taxes, fees, and finance/lease charges).
- Replacement of a vehicle purchased or leased new The customer will receive a new and substantially identical vehicle (not including modifications or additions after the vehicle's purchase/lease) from the same model year or, if one is not available, from the next model year. If a replacement vehicle from the same or next model year is not available, the customer may receive a replacement vehicle from subsequent model years but will be required to pay the difference between the Manufacturer's Suggested Retail Price (M.S.R.P.) of the current vehicle and the M.S.R.P. of the replacement vehicle.

Important: Replacement is not an available remedy if the current customer purchased or leased a used vehicle.

Deductions/Exclusions from a Repurchase or Replacement Award

• The repurchase or replacement award will be reduced for the customer's use of the vehicle using the following formula:

```
Use # miles attributable to the customer Vehicle purchase
Deduction/ = at the time of the arbitration bearing x price or gross
Payment 1.00,000 capitalized cost
```

- The award may be reduced based on damage to the vehicle exceeding normal wear and tear.
- The award will not include debt from a previous transaction.
- The award will not include any manufacturer rebate or manufacturer-sponsored credit card earnings the customer received or used as a downpayment or capitalized cost reduction.

STANDARDS OF THE NEW YORK LEMON LAW New Car Lemon Law

The following is a brief explanation of most relevant provisions of the New York lemon law. The complete text of the lemon law can be found at N.Y. Gen. Bus. Law Section 198-a.

VEHICLES COVERED

The New York lemon law applies to motor vehicles that are subject to a manufacturer's express warranty at the time of original delivery and are either:

- 1. Purchased, leased or transferred in New York within the first 18,000 miles of operation or two years from date of original delivery, whichever is earlier; or
- 2. Registered in New York.

The lemon law does not cover motorcycles or off-road vehicles, and does not apply to the living facilities of motor homes.

CONSUMERS COVERED

The lemon law covers the following "consumers":

- 1. The purchaser, lessee or transferee, other than for purposes of resale, of a motor vehicle used primarily for personal, family or household purposes; or
- 2. Any other person entitled by the terms of the manufacturer's warranty to enforce its obligations.

The lemon law also covers the subsequent transferee.

VEHICLE CONVERTERS

The lemon law does not apply to vehicle converters.

PROBLEMS COVERED

The lemon law covers any defect or condition that substantially impairs the value of the motor vehicle to the consumer. This is referred to as a *nonconformity*. The lemon law does not cover a defect or condition that is the result of abuse, neglect or unauthorized modifications or alterations of the motor vehicle.

COVERAGE PERIOD OF THE NEW YORK LEMON LAW

The lemon law covers vehicles during the first 18,000 miles of operation or during the period of 2 years following the date of original delivery of the motor vehicle, whichever is the earlier date.

MANUFACTURER'S DUTY TO REPAIR A VEHICLE

The manufacturer's obligation to repair is limited to a covered vehicle also meeting both of the following:

- 1. The vehicle was sold, leased or transferred to a consumer in New York; and
- 2. The vehicle is registered in New York at the time of the requested repair.

If a motor vehicle that is sold and registered in New York does not conform to all express warranties, the consumer must report the nonconformity to the manufacturer, its agent or its authorized dealer during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier. The manufacturer, its agent or its authorized dealer must correct the nonconformity at no charge to the consumer, even if the 18,000 miles/two years period has expired.

If the notification is received by the manufacturer's agent or authorized dealer, the agent or dealer must forward the written notice within 7 days to the manufacturer by certified mail, return receipt requested, and must include in the notice a statement indicating whether repairs have been undertaken.

MANUFACTURER'S DUTY TO REPURCHASE OR REPLACE A VEHICLE

The New York lemon law provides that a manufacturer must replace or repurchase a motor vehicle (other than a motor home) if either of the following occurs:

1. REFUSAL TO REPAIR

If a motor vehicle that is sold and registered in New York does not conform to all express warranties, the consumer must report the nonconformity to the manufacturer, its agent or its authorized dealer during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier.

If the notification is received by the manufacturer's agent or authorized dealer, the agent or dealer must forward the written notice within 7 days to the manufacturer by certified mail, return receipt requested, and must include in the notice a statement indicating whether repairs have been undertaken.

If an authorized dealer refuses to undertake repairs within 7 days of receipt of the consumer's notice, the consumer may send written notice of this refusal to the manufacturer by certified mail, return receipt requested. The manufacturer has 20 days from receipt of this notice to commence the repairs. If within the 20 day period the manufacturer or its agent fails to commence repairs, then the manufacturer must, at the consumer's option either replace or repurchase the motor vehicle.

OR

2. INABILITY TO REPAIR

This information is not intended as legal advice. Please direct specific questions to your legal counsel.

Updated 10/16/2006 © 2006, Council of Better Business Bureaus, Inc.

If the manufacturer or its authorized dealers are unable after a reasonable number of attempts to repair or correct any nonconformity after a reasonable number of attempts during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, the manufacturer must, at the consumer's option, either replace or repurchase the motor vehicle.

The consumer has the option of returning the motor vehicle to the dealer or other authorized agent of the manufacturer who sold the vehicle to the consumer, or to the dealer or other authorized agent who attempted to repair or correct the nonconformity that necessitated the return. The consumer cannot be subject to any further shipping charges.

A manufacturer must repurchase or replace a motor home if either of the following occurs:

REFUSAL TO REPAIR

If an agent or authorized dealer of a motor home manufacturer, or a repair shop to which the manufacturer referred a consumer, refuses to undertake repairs within 7 days of receipt of notice by a consumer of a nonconformity within the first 18,000 miles of operation or during the period of two years following the date of the motor home's original delivery to the consumer, whichever is earlier, the consumer may send written notice of this refusal to the motor home manufacturer by certified mail, return receipt requested. The motor home manufacturer, its dealer or the referred repair shop has 20 days from receipt of this notice to commence the repairs. If within the 20 day period the motor home manufacturer, its dealer or the referred repair shop fails to commence repairs, then the motor home manufacturer must, at the consumer's option either replace or repurchase the motor vehicle.

OR

2. INABILITY TO REPAIR

If the motor home manufacturer, its agent or authorized dealer, or a repair shop to which the manufacturer referred a consumer are unable to repair or correct any covered nonconformity after a reasonable number of attempts within the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, the motor home manufacturer must, at the consumer's option, either replace or repurchase the motor vehicle.

For motor homes, a repair attempt will not be counted if the repair facility is not authorized by the applicable motor home manufacturer to perform warranty work on the identified nonconformity. It will count as only one repair attempt for a motor home if the same nonconformity is addressed a second time due to the consumer's decision to continue traveling and to seek repair of the same nonconformity at another repair facility rather than wait for the initial repair to be completed.

REASONABLE NUMBER OF REPAIR ATTEMPTS

In determining whether the manufacturer has had a reasonable number of attempts to repair or correct a nonconformity, the New York lemon law creates a *presumption* that a reasonable number of attempts have been made if, during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, either of the following occurs:

- 1. The same nonconformity has been subject to repair four or more times by the manufacturer or its agents or authorized dealers, but the nonconformity, defect or condition continues to exist; or
- 2. The vehicle is out of service by reason of repair of one or more nonconformities for a cumulative total of thirty or more calendar days.

ADDITIONAL NOTICE PROVISIONS APPLYING TO A MOTOR HOME

If, during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, the same covered nonconformity has been subject to repair two times or the motor home has been out of service by reason of repair for 21 days, the consumer must report this to the motor home manufacturer or its authorized dealer by certified mail, return receipt requested. After the motor home has been out of service by reason of three repair attempts or for at least 36 days, the consumer may institute any proceeding or other action pursuant to the lemon law.

This special notification requirement will apply only if the manufacturer or its authorized dealer provides a copy of this requirement to the consumer and the consumer acknowledges receipt in writing. If the consumer has received notice and fails to comply with the special notification requirements, then additional repair attempts or days out of service will not be taken into account in determining whether the consumer is entitled to replacement or repurchase. But any additional repair attempts or days out of service that occur after the consumer complies with the special notification requirements will be taken into account.

A repair attempt will not be counted if the repair facility is not authorized by the applicable motor home manufacturer to perform warranty work on the identified nonconformity. It will count as only one repair attempt for a motor home if the same nonconformity is addressed a second time due to the consumer's decision to continue traveling and to seek repair of the same nonconformity at another repair facility rather than wait for the initial repair to be completed.

DISPUTE RESOLUTION

If a manufacturer has established an informal dispute settlement mechanism, the mechanism must comply with the provisions of the lemon law. The lemon law provisions requiring repurchase or replacement after an inability to repair do not apply to a consumer who has not first resorted to the mechanism.

The consumer has the option of submitting any dispute under the lemon law to an alternate arbitration mechanism administered by the New York Attorney General's Office.

An action must be commenced within 4 years of the date of the motor vehicle's original delivery to the consumer.

REMEDIES UNDER THE NEW YORK LEMON LAW

REPURCHASE OF OWNED VEHICLES

The New York lemon law sets out the following amounts that a manufacturer must pay when it repurchases an owned vehicle under the lemon law:

- 1. The full purchase price (cash plus any trade-in allowance); and
- 2. Fees and charges, including all license fees, registration fees and any similar governmental charges;
- 3. Less an allowance for the consumer's use of the vehicle in excess of the first 12,000 miles of operation;
- 4. Less a reasonable allowance for any damage not attributable to normal wear and tear or improvements.

The manufacturer is not required to refund any sales tax paid by the consumer. The lemon law provides that the consumer may receive a refund of such sales tax by applying to the Commissioner of Taxation and Finance. In addition, information provided by the Attorney General's Office indicates the refund will not include other expenses or charges, such as loss of use, insurance premiums and tinance charges.

The allowance for the consumer's use of the vehicle is to be determined in accordance with the "mileage deduction formula", defined as:

Refunds are made to the consumer and lienholder, if any, as their interests may appear on the records of ownership kept by the Department of Motor Vehicles.

REPURCHASE OF LEASED VEHICLES

The New York lemon law sets out the following amounts that a manufacturer must pay when it repurchases a leased vehicle under the lemon law:

To the lessor -

- 1. The lease price, consisting of (a) the lessor's actual purchase cost, (b) the freight cost (if applicable), (c) the cost for accessories (if applicable), (d) any fee paid to obtain the lease, and (d) an amount equal to 5% of the actual purchase cost;
- 2. Less the aggregate deposit and rental payments paid to the lessor for the leased vehicle.

To the lessee --

- 1. The aggregate deposit and rental payments paid to the lessor;
- 2. Any trade-in allowance; and

This information is not intended as legal advice. Please direct specific questions to your legal counsel.

Updated 10/16/2066 © 2006, Council of Better Business Bureaus, Inc.

- 3. Fees and charges, including but not limited to all license fees, registration fees and any similar governmental charges;
- 4. Less "service fees" (defined below);
- 5. Loss an allowance for the consumer's use of the vehicle in excess of the first 12,000 miles of operation;
- 6. Less a reasonable allowance for any damage not attributable to normal wear and tear or improvements.

"Service fees" are defined as that portion of the lease payments attributable to:

- 1. Interest on the rental payments previously paid at an annual rate equal to two points above the prime rate in effect on the date of the lease execution; and
- 2. Any insurance or other costs paid by the lessor for the benefit of the lessee.

The allowance for the consumer's use of the vehicle is to be determined in accordance with the "mileage deduction formula", defined as:

$$\frac{\text{Deduction} = \underbrace{\text{Mileage in excess of } 12,000 \text{ miles}}_{100,000} \quad \text{X} \quad \text{lease price}}{100,000}$$

The terms of the lease are deemed terminated contemporaneously with the date of the arbitrator's decision, and no penalty for early termination is assessed.

REPLACEMENT

When replacing a vehicle under the New York lemon law, the manufacturer must replace the vehicle with a comparable motor vehicle. The reasonable allowance for use does not apply to a replacement.

The following notices must be given to consumers and arbitrators by informal dispute settlement mechanisms in New York:

NEW CAR LEMON LAW BILL OF RIGHTS

Re: vs Chevrolet Motor Division # CHV0748024 VIN: 1G1AL52FX57:

BROADALBIN NY

Per our recent telephone conversation, I am writing to confirm the terms of the settlement verbally agreed to by you and the manufacturer in resolving your BBB AUTO LINE claim. The terms of the settlement are as follows:

Giovanna Flore no of GM has offered and the customer Joanna Kleniewski has accepted the following to resolve case CHV0748024. GM will issue to the customer a GMPP Major Guard with a zero deductible. The plan would expire the earlier of 8/22/11 or 71,000 miles. This will be issued by October 27, 2007.

If your understanding of the verbal settlement differs from the written statement outlined above, please contact me immediately at 800.955.5100. If I do not hear from you it will be assumed the terms of your settlement are accurately stated above.

I will follow up with you after the date for performance of the settlement to confirm all required actions have been satisfactorily completed.

Please let me know immediately if you believe the manufacturer has not satisfactorily performed the settlement. If that happens and you contact me within 60 days from the date of this letter, I will reopen your case based on the age and mileage of the vehicle at the time you filed this claim. If you contact me after the 60-day period, I will open a new case for you and I will have to make a new eligibility determination based on the age and mileage of your vehicle at that time.

Sincerely,

John Ryan at Extension 529

Overallowance/Negative Equity/Incentives Form (Non-Florida)

This form may be used to identify possible Overallowance or Negative Equity and to determine any customer incentives which were paid but may not be easily identifiable on a Bill of Sale.

You must determine the TRUE purchase price of a vehicle and identify any Overallowance, Negative Equity, and/or Incentives prior to arbitration or voluntary repurchase.

Section 1

Purchase Price	16069.85
(from Bill of Sale, before tax, tag, title, etc.)	
MSRP	- 17660.00
(from BARS Invoice screen)	
Subtract the MSRP from the Purchase Price	= -1590.15
(If positive, look for Overallowance)	

If the Purchase Price is greater than the MSRP but there was no trade-in, have the Dealer explain why the customer paid more than MSRP.

Section 2

Trade Allowance	0.00
(from Bill of Sale)	
Actual Cash Value (ACV)	- 0.00
(from ACV Statement)	
Subtract the ACV from the Trade Allowance	= 0.00
If positive, the Trade Allowance is higher than the ACV of the trade-in. This is Overallowance.	

Section 3

Trade Allowance	0.00
(from Bill of Sale)	
Payoff on Trade	- 0.00
(from Bill of Sale)	
Subtract the Payoff on Trade from the Trade Allowance	= 0.00
If negative, the Payoff on the Trade is higher that the Trade Allowance. This is Negative Equity.	

Section 4

Purchase Price	16069.85
(from Bill of Sale, before tax, tag, title, etc.)	
Incentives not included in the Purchase Price	- 500.00
(from BARS and Incentive Acknowledgement sheet)	
Do not include fuel-fill credit or Dealer incentives. GM Card points must be included.	
Overallowance/Negative Equity	- 0.00
(use the Overallowance from Section 2 or the Negative Equity from Section 3, whichever is larger)	
Subtract the Incentives and the Overallowance/Negative Equity from the Purchase	= 15569.85
Price. This is the Actual price of the vehicle that should be presented to the BBB on	
the Agreement to Arbitrate (ATA).	

If Overallowance/Negative Equity and/or Incentives (not included in Purchase Price) are found, verify with Team Lead before submitting information to BBB.

The service I receive at Eagle Chevrolet is wonderful... It is the Chevy Cobalt I am having an issue with. It has had a recall to start with, which was taken care of by Eagle Chevrolet promptly. The radio/sound system is not at all what I am used to in a Chevy product. It has static and does not provide very good sound. I have had to take my Cobalt to the dealership several times so far and it is only a year and a half old. Mind you this is for the same problems. I am bringing it in again this Wednesday March 21, on my only day off this week. I brought it in because there is a clunking noise underneath the car when driven over rough road, and the key got stuck in the lock and the shifter felt funny, and when I put my foot on the brake it would make a clicking noise. I thought this could all be one problem. I was told that the key getting stuck was a common problem with the Cobalt and that when they replaced the part that would fix the shifter. However they oiled the part and said it was good to go, and the first time they found nothing that could explain the clunking noise under the car. Well the key problem was fine was for a little while then the same thing started happening with the key. They would drive me back to work and then either pick me up or bring my car back to me, which is how good the service is. On our way back to drop me off at work I actually let the service technician listed to the clicking noise the brake was making. The second time I brought it in they said it was a sway bar and they needed to order a part, and they ordered the part for the problem with the key and shifter as well. When they called me to let me know the parts were in I brought it in and they put the part in the shifter but could not fix the sway bar as Chevy sent them the wrong part. So now we are up to time number three when the sway bar came in and they fixed that for me. I kid you not when I say the key does not stick any more but the clicking noise is still there and the shifter still feels funny. The clunking noise is still under the car when I go over rough road; hence that is why I am bringing it back in. For the first time in my life I am considering buying a foreign car. I was dead set against this in the past. Since my husband and I started buying cars there have only been three cars that were not Chevy's. A 1965 Pontiac LeMans, a Lincoln Continental, and a Dodge Neon. We have owned the follow Chevy's, Nova, Camaro, ElCamino, Malibu, two Blazers, an Extreme, two other pick ups, Caviler and Cobalt. Now I would say that is impressive this day in age considering the foreign car market has grown substantially in the past 35 years, which is how long we have been purchasing American made cars. Also this letter in no way is reflective of the service provided by Eagle Chevrolet. They are always pleasant and they provide me with transportation when needed, and they are very personable. However the Salisbury Chevrolet dealership that I purchased the car from would not even consider giving me a car for transportation back when the recall was on my car and I had mentioned to them the problems I was having. So in closing one, I will never shop at Salisbury again, I might go to a foreign vehicle, and I am completely dissatisfied with the Chevy cobalt. If you would like to respond in any way my information is listed below.

Broadalbin, NY

And the saga continues. After talking to a customer services representative recently I am even more dissatisfied than before our conversation. I was called regarding my original mailing (attached) and was told that my concerns were going to be immediately escalated to the highest it could go (district customer service manager?); I was told this is the person who handles concerns like mine and all the dealerships in the area. I was told that I would get a call back after that person was contacted and the dealership was contacted. We scheduled a call back appointment for Wednesday April 4. At which time I spoke to Mary. She told me that the district person was contacted and he said my car does not qualify for a buy back/repurchase and that I was to schedule an appointment with my dealership, which I had been doing all along. April 11th will be the 5th time in the shop for related problems. I was shocked and could not even talk for a few seconds, and then I said, "That's it". I had been making appointments with the dealership all along and was waiting for a phone call telling me that my parts were in so I could bring my vehicle back yet again to be fixed yet again. Mary went on to explain that was all that could be done, that was all my car qualified for after researching my concerns. We talked a few minutes more regarding my car and how dissatisfied I was and what all my concerns and problems were, and she said that she could do nothing else for me, yet nothing had been done. I asked to speak to someone else. She first told me there was no one else and she could handle my problem. I told her she did nothing for me, she did not handle my concerns, and I wanted to talk to some one else. Finally she said I could talk to a supervisor. Now Elizabeth enters the picture. Just an FYI, I know Mary's name and Elizabeth's name but not the elusive District Customer Service Manager. After a long, drawn out conversation with Elizabeth, I felt more flustered than ever. I went over and over my concerns with her, but all she could say was I understand, I am sorry you feel that way, and there is no one else you can talk to, we have escalated this as far as it can go. I discussed with her my concerns that there is no one from GMC/Chevy that cares enough to speak to a 30+ year consumer of the Chevy Company. I expressed my concerns to her that my car was made with inferior parts and actually sounded like it was falling apart, (also discussed this with the dealership). I also asked her if she was aware after talking to the dealership that they told me I had to replace all 4 tires, I asked her if she was aware that I had brought my car to Eagle Chevrolet exclusively and they had done my inspection, they did all my oil changes which includes checking my tires and yet no one there ever told me that my tires needed to be rotated which would have prevented me buying 4 new tires at \$420.00 after only 23,000 miles. Elizabeth's response to that was no she was not aware of that and the dealership did not make her aware of that. Well I plan on talking to the dealership about that myself. At one point during the conversation I told Elizabeth that I had been driving Chevy's for a very long time, I had driven Blazer's, Trucks, and Car's and never had I driven a vehicle such as this one. 1 told her she just was not getting what I was saying. The car is no good, I don't think it can be fixed, I am not being taken care of in any way, shape, or form. The Chevy Company does not care about me the consumer at all. I told her that I was thinking of buying some other product and she actually said that I have that right if that is what I choose to do. Imagine that my right as a 30+ year veteran of Chevy is to just go ahead and buy some other car companies product without a thought on your part. My response to that was thank you for telling me I have that right, that right that I have actually had for the past 30+ years and I have chosen Chevy's because I trusted the Chevy product. But I guess that means nothing. Since this conversation I have had the brake lights go on a few times, the brakes have a (for lack of better terminology) dragging sound to them, and there is something wrong with the steering. The steering wheel pulls to the right and when making a left turn and backing out of a spot when I have to turn the steering wheel to the left it is hard to turn. This is just unbelievable that a new car should have this many problems. And rest assured I will be discussing the situation as well as my concerns with Eagle Chevrolet regarding the past problems with my vehicle, the new problems with my vehicle, how they handled or better yet did not handle the situation with my tires and why they did not pass along my concerns with the Cobalt to the so called District Customer Service Manager. Although after my conversation with Mary and Elizabeth I guess I am not expecting much from the company. So in closing my summary of the situation is, I bought a lemon/inferior vehicle from Salisbury Chevrolet. I am not getting satisfaction in fixing my vehicle, and things keep popping up that are wrong with it. The company does not care if I buy a vehicle from some other car company other that Chevy. The company does not care that I as well as my Husband have been a loyal 30+ year veteran of Chevy.

Now you tell me, is this right?? How do you feel after reading this?? What do you think I am going to say about Chevy for the rest of my life?? So much for customer satisfaction?? What good is your survey if nothing is done to satisfy the consumer??

Brought my car into Eagle Chevrolet on April 12 to be services yet again. At that time I spoke with James Provenzano regarding the issues with my Cobalt and the issues with Chevy in general. After James attentively listened to what I had to say his remark was "Sounds like you got a Friday night Cobalt" Hummmm!!! At that time they replaced the shifter and that seems to be fine. I bought 4 new tires after only 23,000 miles on the car and the steering wheel seems to not pull to the right so much anymore. However I don't feel that a car needing tires after only 23,000 miles is saying much for the original tires or performance of the car. Although they then did tell me that I should have my tires rotated every six thousand miles. I asked why no one ever told me that before. Previous to going to Eagle Chevrolet both my husband and I used a private mechanic who always told us what we needed to do with our vehicles. He was very, very good and we never had to worry about anything. I was told by Eagle Chevrolet to get my tires rotated every other oil change, which would not be every 6 thousand miles as my car actually tells me when to change the oil. There is still a noise in when I push on the brake pedal and I was told that it was there to prevent the car from being put into gear before it is ready. The break light has gone on three times since I brought it back for service, the noise is still in the brakes, and the noise is still under the car, and when turning the steering wheel to the left when backing out it still feels funny (drags). I did call the manager of the service department at Eagle Chevrolet to tell him about what I felt was still wrong with my car. He told me to bring my car back and they would take another look at it. Well I ask you, why I would do that when they gave my car back to me on April 12th and literally stated everything I had brought it in for one by one and stated that it was tested and fixed. How can that possibly be when I drove it off their lot I could here the clunking noise under the car clear as day. I find this whole problem deplorable from purchase to present. And another thing, I have received a call (the message was on my answering machine) from a Brian Dugan to see how the service on my Cobalt was and if everything had been taken care of. This call came shortly after the service was done on April 12th. I called back and got a Greg Hopkin on the phone and he told me he would give Brian Dugan the message that I called and Brian would get back to me as he was familiar with my situation. Guess what no return phone call so I called two other times and left messages, clear messages with my phone number, and to date no return phone call. People keep telling me (you know all those people I keep telling about my experience) that I am fighting a loosing battle, that you will not do anything, that I am a fool to keep trying. Well so far is seems that they are right. I thought that the least you would do if you did not want to take this car back was offer me an extended warranty on my car. One other thing I thought I should mention. I have been going through a class called Integrity Selling. I have been told that the Chevrolet Company is one of the biggest companies that uses this course for their employees. In my opinion you are wasting your money on a course like this if there is no follow through by anyone. Maybe each and every person in the Chevrolet Company should drive a "Friday night Cobalt" for a while and see how or if anything changes. I would like a response from someone please. Possibly you can put me in touch of the next level of management!

I have not heard anything from anyone yet. Is there just no one in the whole corporation that will talk to me? Does no one care about my situation? I don't even know who to take my car to anymore, since Eagle Chevrolet said everything was tested and fine. Apparently the company (Chevrolet) believes them and not me. I challenge any one of you to come take a ride in my 2005 Cobalt and keep in mind if anyone is brave enough to do this, I have been driving my car like this since it has had 7,000 miles on it. I am very disappointed with the lack of service I have received from the company as a whole. If I do not get a response soon I will turn this over to an attorney that handles cases like this. I really do not want to do that I would prefer that we can talk and settle this matter quickly. Although I understand that a buy back or repurchase is unacceptable to your company I feel that asking for coverage for my car going forward is a reasonable solution for all parties. If someone, anyone could get back to me I would appreciate it.

Since feling this on line I receive a call from Dionanna Horeno/aut. Retationships Specialist. The left a message on my machine at home. I have called her back machine at home. I have called her back twice now and have not heard from her again. 7-30-07

Service Request: 71-503947486

Customer Relationship Specialist: Elizabeth Crossen

Dear

Thank you for your support of Chevrolet. As we agreed, the necessary paperwork has been completed and forwarded to General Motors Protection Plan (GMPP). The processing time will take approximately eight weeks. The Major Guard plan for your 2007 Chevrolet Cobalt, Vehicle Identification Number 1G1AK55F577

- 48 months or 72,000 miles, whichever occurs first, beginning on 10/19/2007 and ending on 10/19/2011, and begins with 26,100 and ends with 98,100 odometer miles
- Standard rental
- A \$0.00 deductible

You will be notified by GMPP once the plan has been processed. This letter will serve as your policy until the plan confirmation is received. Please contact your local GM Dealer if you have coverage questions. Your complete satisfaction is very important to us. We hope this transaction demonstrates our appreciation of you as a valued Chevrolet customer.

If you have any future questions, please feel free to contact our Chevrolet Customer Assistance Center at 1-800-222-1020 Monday through Friday between 8:00 a.m. and 11:00 p.m., Eastern Time. Please refer to your service request number above and any of our Customer Relationship Specialists will be happy to assist you.

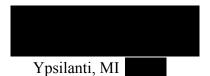

Thank you for allowing us the opportunity to assist you.

Customer Relationship Specialist: Sarah Bercier

Dear :

Thank you again for making us aware of the situation with your 2007 Chevrolet Cobalt. We know you are sincere in the position you have taken, and we trust we have been able to explain our point of view.

In circumstances such as these, Chevrolet believes that our customers should have the opportunity to deal with unresolved matters in a fast and fair resolution process. For that reason, we participate in the Better Business Bureau's BBB AUTO LINE program, an independent resolution process administered by the Council of Better Business Bureaus. BBB AUTO LINE provides mediation and arbitration for eligible warranty-related issues.

As a Chevrolet customer, BBB AUTO LINE is available to you at no cost. The BBB AUTO LINE program is discussed in your vehicle's "Warranty and Owner Assistance Information Booklet."

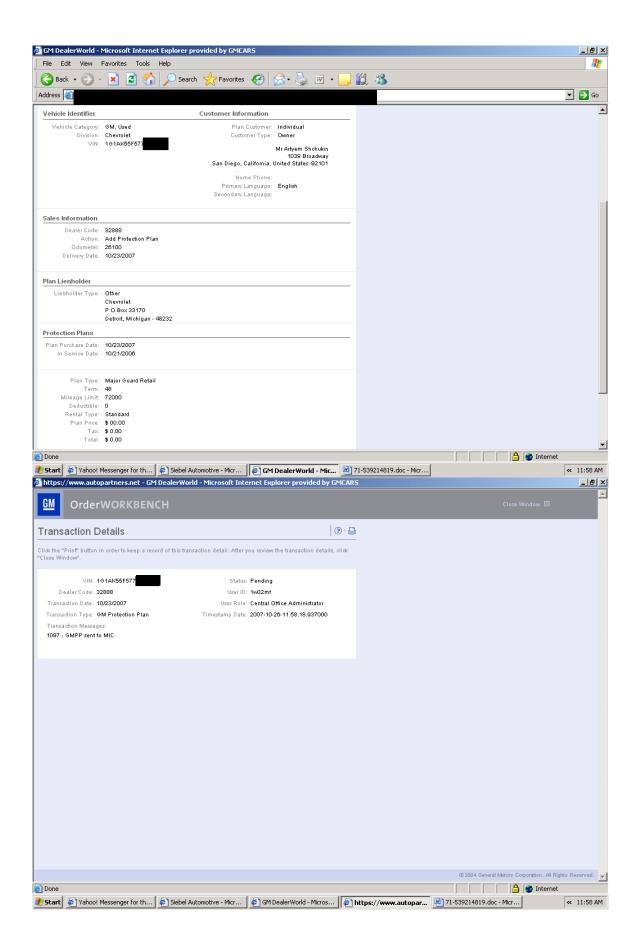

To contact the BBB AUTO LINE, or get more information about the program, call the BBB at 1-800-955-5100 (Monday through Friday during normal business hours). You may also access the BBB AUTO LINE website at any time (including evenings, weekends and holidays) by visiting http://www.dr.bbb.org/goauto

Whether you contact them by telephone or Internet, the BBB will provide you with full program details, current eligibility standards of the BBB AUTO LINE program and will assist you with any questions you have.

Thank you for the opportunity to review this matter.

Sincerely,

Chevrolet Customer Assistance Center

Dear

Chevrolet is pleased to provide service coverage for the steering on your 2005 Chevrolet Cobalt, Vehicle Identification Number 1G1AK52F757 This service coverage will commence upon the expiration of the applicable New Vehicle Limited Warranty and will continue until April 14, 2010, or 75,000 miles, whichever occurs first. Chevrolet will make repairs to correct defects related to materials or workmanship occurring during the coverage period specified above. The following item(s) are covered:

Steering – Gear housing and all internal parts; rack and pinion; power steering pump; steering shaft couplings; seals and gaskets

Chevrolet will not be responsible for conditions arising from tampering, abuse, physical damage, or improper maintenance. This coverage is not transferable to any other vehicle or subsequent owner of your vehicle. Please keep this letter with your Cobalt. Should your vehicle require repairs within the coverage period, present this letter to the Service Manager of an authorized Chevrolet Dealership.

If you have any future questions, feel free to contact our Chevrolet Customer Assistance Center at 1-800-222-1020 Monday through Friday between 8:00 a.m. and 11:00 p.m., Eastern Time. Please refer to your service request number above and any of our Customer Relationship Specialists will be happy to assist you.

Sincerely,

Chevrolet Customer Assistance Center

Overallowance/Incentives/Negative Equity Form (non-Florida)

Customer: Request #: BBB#:

This form may be used to identify possible overallowance or negative equity and to determine any customer incentives which were paid, but may not be easily identifiable on a Bill of Sale.

You must determine the TRUE purchase price of a vehicle and identify any over allowance and/or incentives prior to arbitration or voluntary repurchase.

* <u>PLEASE NOTE</u>: IF BALANCE OWED / LOAN CLOSEOUT AMOUNT IS HIGHER THAN ACV, THIS IS CONSIDERED NEGATIVE EQUITY!

Purchase Price (from dealer Bill of Sale before tax, tag, etc)	\$18,658.76		
MSRP (from BARS Invoice)	\$19,640.00		
Difference (If positive, look for Over Allowance) If no Trade in, have Dealer explain why customer paid more than MSRP.	\$-981.24		
Trade Allowance (from dealer Bill of Sale)	\$6,670.76		
Actual Cash Value Statement	\$6670.76		
Difference (if positive, this is the overallowance)	\$0		
Payoff or Lien amount from Bill of Sale (If dealer added negative equity into contract, do not subtract)	\$10,003.52		
Actual Cash Value Statement	\$6670.76		
Difference (if positive, this is the negative equity)	\$3,332.76		

If Over Allowance/Negative Equity and/or Incentives (not included in Purchase Price) are found, verify with						
Team Lead before submitting information to BBB						
Purchase Price (from dealer Bill of Sale before tax, tag, etc.) \$18,658.76						
Incentives not included in Purchase Price (from BARS) minus	\$1,988.00					
(Do not include fuel fill credit or dealer incentives. GM Card Points must be included)						

Overallowance and/or Negative Equity minus	\$3,332.76		
Actual price of Vehicle that should be presented to BBB for ATA	\$13,338.00

SDM Data Limitations

SDM Recorded Crash Events:

There are two types of SDM recorded crash events. The first is the Non-Deployment Event. A Non-Deployment Event is an event severe enough to "wake up" the sensing algorithm but not severe enough to deploy the air bag(s). It can contain Pre-Crash and Crash data. The SDM can store up to one Non-Deployment Event. This event can be overwritten by an event that has a greater SDM recorded vehicle forward velocity change. This event will be cleared by the SDM after the ignition has been cycled 250 times.

The second type of SDM recorded crash event is the Deployment Event. It also can contain Pre-Crash and Crash data. The SDM can store up to two different Deployment Events, if they occur within five seconds of one another. Deployment Events cannot be overwritten or cleared from the SDM. Once the SDM has deployed the air bag, the SDM must be replaced. The data in the Non-Deployment Event file will be locked after a Deployment Event, if the Non-Deployment Event occurred within 5 seconds before the Deployment Event unless a Deployment Level Event occurs within 5 seconds after the Deployment Event, then the Deployment Level Event will overwrite the Non-Deployment Event file.

SDM Data Limitations:

- -SDM Recorded Vehicle Forward Velocity Change reflects the change in forward velocity that the sensing system experienced during the recorded portion of the event. SDM Recorded Vehicle Forward Velocity Change is the change in velocity during the recording time and is not the speed the vehicle was traveling before the event, and is also not the Barrier Equivalent Velocity. This data should be examined in conjunction with other available physical evidence from the vehicle and scene when assessing occupant or vehicle forward velocity change. For Deployment Events and Deployment Level Events, the SDM will record 220 milliseconds of data after deployment criteria is met and up to 70 milliseconds before deployment criteria is met. For Non-Deployment Events, the SDM will record up to the first 300 milliseconds of data after algorithm enable. The minimum SDM Recorded Vehicle Forward Velocity Change, that is needed to record a Non-Deployment Event, is 5 MPH.
- -Maximum Recorded Vehicle Velocity Change is the maximum recorded velocity change in the vehicle's combined "X" and "Y" axis.
- -Event Recording Complete will indicate if data from the recorded event has been fully written to the SDM memory or if it has been interrupted and not fully written.
- -SDM Recorded Vehicle Speed accuracy can be affected if the vehicle has had the tire size or the final drive axle ratio changed from the factory build specifications.
- -Brake Switch Circuit Status indicates the status of the brake switch circuit.
- -Pre-Crash Electronic Data Validity Check Status indicates "Data Invalid" if the SDM receive an invalid message from the module sending the pre-crash data.
- -Driver's and Passenger's Belt Switch Circuit Status indicates the status of the seat belt switch circuit. The Passenger Belt Switch Circuit Status for 2005 vehicles is only available on the Cadillac STS. Also, the Passenger Belt Switch Circuit Status for 2006 Chevrolet Cobalt Sport Coupe (AP) model vehicles, with the option package that includes Recaro brand seats (RPO ALV), will always report a default value of "Buckled".
- -The Time Between Non-Deployment and Deployment Events is displayed in seconds. If the time between the two events is greater than 5 seconds, "N/A" is displayed in place of the time. If the value is negative, then the Deployment Event occurred first. If the value is positive, then the Non-Deployment Event occurred first.
- -If power to the SDM is lost during a crash event, all or part of the crash record may not be recorded.
- -The ignition cycle counter relies upon the transitions through OFF->RUN->CRANK power-moding messages, on the GMLAN communication bus, to increment the counter. Applying and removing of battery power to the module will not increment the ignition counter.
- -Steering Wheel Angle data is displayed as a positive value, when the steering wheel is turned to the right, and a negative value, when the steering wheel is turned to the left.

 SDM Data Source:

All SDM recorded data is measured, calculated, and stored internally, except for the following:

- -Vehicle Status Data (Pre-Crash) is transmitted to the SDM, by various vehicle control modules, via the vehicle's communication network.
- -The Belt Switch Circuit is wired directly to the SDM.

VEHICLE INSPECTION – VISUAL/PHOTO

THE VEHICLE VISUAL INSPECTION DOCUMENTS THE PHYSICAL EVIDENCE USING PHOTOS AND WRITTEN OBSERVATIONS. RECORD YOUR OBSERVATIONS IN THE APPROPRIATE SECTION.

PHOTOGRAPH THE EXTERIOR OF THE VEHICLE AS FOLLOWS: VIN PLATE, QUARTER VIEWS FROM LEFT FRONT, RIGHT REAR ARE REQUIRED, AND DOCUMENT FURTHER EXTERIOR DAMAGE WITH MANY PHOTOS.

DESCRIBE ANY DAMAGE TO THE VEHICLE BODY:

Customer's Name:

Impact damage to the body is limited to the rear/left of the vehicle. The left rear quarter is crushed in approx. 4" and the rear of the trunk is pushed in above the bumper support bar approx 2". The trunk lid is twisted and bent. Both rear tail light assemblies are broken. The rear bumper fascia is missing. See photo #11.

{ UNDERBODY / FRAME / CHASSIS AREA: Describe any damage to the underside of the vehicle. Note the condition of the

bumpers, frame, suspension, tires, wheels, brake and fuel lines & engine mount(s)/crossmember. Photograph and comment on any contact between vehicle components and the underbody. Photograph if damage is present.

The only discernable underbody damage is to the trunk floor which is deformed from impact by the muffler.

CORNER ASSEMBLIES

Struts/shocks Ball joints Tire/wheel assemblies

Springs Steering knuckles
Control arms Axle assemblies

Comments: Both front steering/ suspension assemblies are intact and functional, with no deficiencies found.

The rear axle is kinked inboard of the left rear wheel, and the left rear wheel assembly is out of position.

Both right side tire/ wheel assemblies appear undamaged from the incident.

Both left side wheels are bent, both left side wheel covers are scraped up.

The left rear tire outer bead is unseated.

The left rear tire is a Continental brand. The other three tires are Sumi/ OHTSU brand.

The left rear shock absorber is leaking oil.

UNDERHOOD

Engine compartment Power steering lines, hoses, clamps and connections

Brake fluid level and condition Power steering fluid level and condition

Comments:

There is no incident related damage underhood. Brake fluid is full, and dark amber in color.

This vehicle has Electric Power Steering. There are no power steering related components under the hood.

All fuses in the Electrical Power Distribution Center were checked and all were found to have continuity.

GENERAL OBSERVATIONS

Photograph and comment on any aftermarket equipment found, vehicle modifications or items that are unusual or out of place.

Comments:

The vehicle has an aftermarket Pioneer brand radio installed with an external SIRIUS antenna, and IPOD connecting cable. No other modifications were found.

If the vehicle is driveable, conduct a road test to evaluate the concern expressed by the customer. Describe the results of the road test. If the concern is observed during the road test, it would be desirable to get a Tech II "snapshot".

No road test was done. Vehicle is not drivable. Static steering tests were done and power assist feels normal. See Tech II data screen photos # 49 & 50.

If the vehicle is equipped with an ABS/Traction Control/Stability Enhancement System, use a Tech II to obtain any codes stored as current and/or history. Document via photos and include the code description. Follow the procedures in the service manual to determine the cause of each stored code which relates to the allegation. State which procedures were followed, record results of each test and state the root cause of each code. Consult with the CRM or Team Manager of the PAR group if this process leads to a disassembly of components. Follow the procedure in the General Guidelines for parts that need to be assembled for evaluation.

Identify evidence of whether the vehicle left the road prior to, during, or after the incident. Document all locations, distances, stationary objects (guard rails, telephone poles, fences,buildings,etc), nearest posted speed limit signs in the direction of travel, etc...

- ldentify evidence & photograph any object struck by the vehicle on or off the road prior to, during or after incident.
- Inspect roadway & shoulder surfaces in the area of the incident site for telltale signs of loss of control, excessive speed, severe braking, etc.

Photograph the scene and property if involved.

OTHER REPORT INFORMATION

Check here if there was evidence of a "Fire-Related" event.

According to NHTSA, "fire" means combustion or burning of material in or from a vehicle as evidenced by flame. The term also includes, but is not limited to, thermal events and fire-related phenomena such as smoke, sparks or smoldering, but does not include events and phenomena associated with a normally functioning vehicle, such as combustion of fuel within an engine or exhaust from an engine.

EDR Device Type	airbag module
Event(s) recovered	Non-Deployment

SDM Data Limitations

SDM Recorded Crash Events:

There are two types of SDM recorded crash events. The first is the Non-Deployment Event. A Non-Deployment Event is an event severe enough to "wake up" the sensing algorithm but not severe enough to deploy the air bag(s). It can contain Pre-Crash and Crash data. The SDM can store up to one Non-Deployment Event. This event can be overwritten by an event that has a greater SDM recorded vehicle forward velocity change. This event will be cleared by the SDM after the ignition has been cycled 250 times.

The second type of SDM recorded crash event is the Deployment Event. It also can contain Pre-Crash and Crash data. The SDM can store up to two different Deployment Events, if they occur within five seconds of one another. Deployment Events cannot be overwritten or cleared from the SDM. Once the SDM has deployed the air bag, the SDM must be replaced. The data in the Non-Deployment Event file will be locked after a Deployment Event, if the Non-Deployment Event occurred within 5 seconds before the Deployment Event unless a Deployment Level Event occurs within 5 seconds after the Deployment Event, then the Deployment Level Event will overwrite the Non-Deployment Event file.

SDM Data Limitations:

- -SDM Recorded Vehicle Forward Velocity Change reflects the change in forward velocity that the sensing system experienced during the recorded portion of the event. SDM Recorded Vehicle Forward Velocity Change is the change in velocity during the recording time and is not the speed the vehicle was traveling before the event, and is also not the Barrier Equivalent Velocity. This data should be examined in conjunction with other available physical evidence from the vehicle and scene when assessing occupant or vehicle forward velocity change. For Deployment Events and Deployment Level Events, the SDM will record 220 milliseconds of data after deployment criteria is met and up to 70 milliseconds before deployment criteria is met. For Non-Deployment Events, the SDM will record up to the first 300 milliseconds of data after algorithm enable. The minimum SDM Recorded Vehicle Forward Velocity Change, that is needed to record a Non-Deployment Event, is 5 MPH.
- -Maximum Recorded Vehicle Velocity Change is the maximum recorded velocity change in the vehicle's combined "X" and "Y" axis.
- -Event Recording Complete will indicate if data from the recorded event has been fully written to the SDM memory or if it has been interrupted and not fully written.
- -SDM Recorded Vehicle Speed accuracy can be affected if the vehicle has had the tire size or the final drive axle ratio changed from the factory build specifications.
- -Brake Switch Circuit Status indicates the status of the brake switch circuit.
- -Pre-Crash Electronic Data Validity Check Status indicates "Data Invalid" if the SDM receive an invalid message from the module sending the pre-crash data.
- -Driver's and Passenger's Belt Switch Circuit Status indicates the status of the seat belt switch circuit. The Passenger Belt Switch Circuit Status for 2005 vehicles is only available on the Cadillac STS. Also, the Passenger Belt Switch Circuit Status for 2006 Chevrolet Cobalt Sport Coupe (AP) model vehicles, with the option package that includes Recaro brand seats (RPO ALV), will always report a default value of "Buckled".
- -The Time Between Non-Deployment and Deployment Events is displayed in seconds. If the time between the two events is greater than 5 seconds, "N/A" is displayed in place of the time. If the value is negative, then the Deployment Event occurred first. If the value is positive, then the Non-Deployment Event occurred first.
- -If power to the SDM is lost during a crash event, all or part of the crash record may not be recorded.
- -The ignition cycle counter relies upon the transitions through OFF->RUN->CRANK power-moding messages, on the GMLAN communication bus, to increment the counter. Applying and removing of battery power to the module will not increment the ignition counter.
- -Steering Wheel Angle data is displayed as a positive value, when the steering wheel is turned to the right, and a negative value, when the steering wheel is turned to the left.

 SDM Data Source:

All SDM recorded data is measured, calculated, and stored internally, except for the following:

- -Vehicle Status Data (Pre-Crash) is transmitted to the SDM, by various vehicle control modules, via the vehicle's communication network.
- -The Belt Switch Circuit is wired directly to the SDM.

Section 1 INSPECTION SUMMARY
BRIEFLY Describe the customer's ALLEGATION below:
The driver alleges that while switching lanes at freeway speed, the steering locked up momentarily, then started oscillating. When she applied the brake, the vehicle started fishtailing causing it to leave the roadway and strike a cable barrier with the left rear corner of the vehicle. The claimant seeks to know if the vehicle is safe to drive, and repairs made if it isn't {
Following the inspection, summarize the facts and observations: (Additional cmts may be placed in section 9)
The claimant, is a well known local News Anchor, FOX TV Ch. 10, Phoenix AZ. <myfoxphoenix.com> The driver was his 19 year old daughter, No injuries are being alleged.</myfoxphoenix.com>
Estimated cost of accident damage repair is \$6338
The Electric Power Steering (EPS) was functional when inspected.
Steering and front suspension systems are functional and properly assembled.
Accident damage is limited to the rear, and left rear corner of the vehicle. There were no DTC codes stored related to the EPS
A Vetronics download was done. Data & Report are attached.

Section 2 INTERVIEW - INCIDENT DETAILS
Obtain all of the information for this section from the Driver/Claimant
Provide a complete description of the incident according to the DRIVER / CLAIMANT
Interview mode: X By Telephone In Person Incident Date and Time: Thursday, May 31, 02:45PM Interview date: 06/15/2007
Was a police/fire department report obtained? X Yes AZ DPS # 2007-029594 (no citations were issued) ☐ No Provide driver/claimant's description of incident. If there was a collision, describe all collision events; include description of other vehicles involved; describe all objects contacted and the sequence in which they were contacted. (Additional cmts may be placed in section 9
The Driver, states that she was westbound on the 202 freeway near Country Club. She was next to a big semi-truck, and was switching lanes to get to the Country Club exit. The steering locked up for a second, then started wiggling back and forth like it was doing its own thing. When she pushed the brakes and tried to steer to the side of the road, the car started fishtailing and went off the left side of the road, striking a cable barrier with the left rear. The barrier took off the rear of the car and that's what stopped it.

THE VEHICLE VISUAL INSPECTION DOCUMENTS THE PHYSICAL EVIDENCE USING PHOTOS AND WRITTEN OBSERVATIONS. RECORD YOUR OBSERVATIONS IN THE APPROPRIATE SECTION.

PHOTOGRAPH THE EXTERIOR OF THE VEHICLE AS FOLLOWS: VIN PLATE, QUARTER VIEWS FROM LEFT FRONT, RIGHT REAR ARE REQUIRED, AND DOCUMENT FURTHER EXTERIOR DAMAGE WITH MANY PHOTOS.

DESCRIBE ANY DAMAGE TO THE VEHICLE BODY:

Customer's Name:
Vehicle Brand:

File #

Chevrolet 71-524491710

Inspection Date:

06/18/2007

Model: 2006, COBALT

<u>VIN:</u> 1G1AK55F567

Impact damage to the body is limited to the rear/left of the vehicle. The left rear quarter is crushed in approx. 4" and the rear of the trunk is pushed in above the bumper support bar approx 2". The trunk lid is twisted and bent. Both rear tail light assemblies are broken. The rear bumper fascia is missing. See photo #11.

{ UNDERBODY / FRAME / CHASSIS AREA: Describe any damage to the underside of the vehicle. Note the condition of the

bumpers, frame, suspension, tires, wheels, brake and fuel lines & engine mount(s)/crossmember. Photograph and comment on any contact between vehicle components and the underbody. Photograph if damage is present.

The only discernable underbody damage is to the trunk floor which is deformed from impact by the muffler.

CORNER ASSEMBLIES

Struts/shocks Ball joints Tire/wheel assemblies

Springs Steering knuckles
Control arms Axle assemblies

Comments: Both front steering/ suspension assemblies are intact and functional, with no deficiencies found.

The rear axle is kinked inboard of the left rear wheel, and the left rear wheel assembly is out of position.

Both right side tire/ wheel assemblies appear undamaged from the incident.

Both left side wheels are bent, both left side wheel covers are scraped up.

The left rear tire outer bead is unseated.

The left rear tire is a Continental brand. The other three tires are Sumi/ OHTSU brand.

The left rear shock absorber is leaking oil.

UNDERHOOD

Engine compartment Power steering lines, hoses, clamps and connections

Brake fluid level and condition Power steering fluid level and condition

Comments:

There is no incident related damage underhood. Brake fluid is full, and dark amber in color.

This vehicle has Electric Power Steering. There are no power steering related components under the hood.

All fuses in the Electrical Power Distribution Center were checked and all were found to have continuity.

GENERAL OBSERVATIONS

Photograph and comment on any aftermarket equipment found, vehicle modifications or items that are unusual or out of place.

Comments:

The vehicle has an aftermarket Pioneer brand radio installed with an external SIRIUS antenna, and IPOD connecting cable. No other modifications were found.

Warning lights/messages displayed? Describe and obtain codes using a Tech II	No warning lights are displayed. All lights function with bulb check. See photo # 16.
Anything components missing? Other	No missing items were noted. None

If the vehicle is driveable, conduct a road test to evaluate the concern expressed by the customer. Describe the results of the road test. If the concern is observed during the road test, it would be desirable to get a Tech II "snapshot".

No road test was done. Vehicle is not drivable. Static steering tests were done and power assist feels normal. See Tech II data screen photos # 49 & 50.

If the vehicle is equipped with an ABS/Traction Control/Stability Enhancement System, use a Tech II to obtain any codes stored as current and/or history. Document via photos and include the code description. Follow the procedures in the service manual to determine the cause of each stored code which relates to the allegation. State which procedures were followed, record results of each test and state the root cause of each code. Consult with the CRM or Team Manager of the PAR group if this process leads to a disassembly of components. Follow the procedure in the General Guidelines for parts that need to be assembled for evaluation.

OTHER REPORT INFORMATION

 \Box Check here if there was evidence of a "Fire-Related" event.

> According to NHTSA, "fire" means combustion or burning of material in or from a vehicle as evidenced by flame. The term also includes, but is not limited to, thermal events and fire-related phenomena such as smoke, sparks or smoldering, but does not include events and phenomena associated with a normally functioning vehicle, such as combustion of fuel within an engine or exhaust from an engine.

Dear Art Smith:

General Motors will issue a check in the amount of \$3,373.04 made payable to Edward Sfeir and Jenna G Sfeir. Once RVDC receives the completed repurchase paperwork, GM will issue a check in the amount of \$13,408.19 to GMAC. Please be sure to return the repurchase documents to General Motors RVDC immediately for completion of the repurchase. Do not wait for the final repair order. The repair order may be faxed once the repair has been completed.

Thank you for your cooperation.

Re:

Siebel Request: 71-530002985 2005 Chevrolet Cobalt VIN # 1G1AL14F457

Dear Mr. Bob Apel:

This is a letter of notification regarding a Better Business Bureau case involving the above referenced customer.

In order to perform a case assessment, please provide me with copies of all dealer sales and service documents regarding this vehicle. The specific documents needed are:

- All sales, purchase and finance agreements, including a conversion invoice (if applicable)
- The incentives acknowledgement form
- The Actual Cash Value statement of any trade
- All service and body shop repair orders including all internal, customer pay, and warranty repair orders. (Please include front and backs of the shop copies).
- Any and all TSB or TAC information (Case number, forms.etc)

Please fax them to the number found below. If there are any fax difficulties or the documents exceed 50 pages, please contact me as soon as possible.

Your cooperation is greatly appreciated. If you have any questions, feel free to contact me directly at the number below.

Sincerely,

Lindsey Warzocha BRC Customer Relationship Specialist Ph# 800-231-1841 extension 11548 FAX# 866-893-7514

RE: vs Chevrolet Motor Division # CHV0745436

Dear Ms. Jenna G. Sfeir:

Per our recent telephone conversation, I am writing to confirm the terms of the settlement verbally agreed to by you and the manufacturer in resolving your BBB AUTO LINE claim. The terms of the settlement are as follows:

REVISED

The manufacturer agrees to voluntarily repurchase your 2005 Chevrolet Cobalt for the following amounts:

To the Lessor: Payoff of the lease

To the Lessee (Consumer):

\$7,272.18* (27 payments at \$269.34) + \$1,036.05 (Capitalized cost reduction) + \$150.00 (title fees) + \$76.11 (sales/use tax) + \$68.50 (MVWTF/Florida fees) - \$1,000.00 (rebate) - \$3,839.80 (usage deduction, based on 25,341 miles, calculated per the Florida Lemon Law Usage Deduction Formula) = \$3,763.04

*NOTE: Total payments subject to verification with the Lessor.

The manufacturer will contact you to complete this transaction at the dealership within 60 days, after which the BBB will follow up with you to verify performance. The vehicle shall be turned over with no damage, allowing for normal wear only.

If your understanding of the verbal settlement differs from the written statement outlined above, please contact me immediately at 800.955.5100. If I do not hear from you it will be assumed the terms of your settlement are accurately stated above.

I will follow up with you after the date for performance of the settlement to confirm all required actions have been satisfactorily completed.

Please let me know immediately if you believe the manufacturer has not satisfactorily performed the settlement. If that happens and you contact me within 60 days from the date of this letter, I will reopen your case based on the age and mileage of the vehicle at the time you filed this claim. If you contact me after the 60-day period, I will open a new case for you and I will have to make a new eligibility determination based on the age and mileage of your vehicle at that time.

48/03/2007 14:42 (XAR) P.003/034

Please note: If eligible, you may pursue arbitration with the Florida New Motor Vehicle Arbitration Board administered by the office of the Attorney General. To obtain information about eligibility for the state-run program, the consumer should contact the Division of Consumer Services' Lemon Law Hotline at 800-321-5366. PLEASE BE ADVISED that section 681.109(4), F.S., provides that the consumer must file the request for arbitration no later than 60 days after the expiration of the lemon law rights period, or within 30 days after the final action of a certified dispute-settlement procedure, whichever date occurs later. The address of the Division of Consumer Services, Lemon Law Section, is 2005 Apalachee Parkway, Tallahassee, Florida, 32399-6500.

Sincerely,

Rhonda Eakins at Extension 240

What the customer is eligible for (based upon the BBB Program Eligibility Guidelines and the States lemon law requirements for meeting presumption)? Customer is eligible for replacement or repurchase under the LL
AVM and/or DEALER RECOMMENDATION(s): Steve recommends that the FRA to be complete first. With that many days out of service we would be able to defend this.
CRM RECOMMENDATION & RATIONALE (EXPLAIN):CRS recommends trading the customer out of the vehicle due to the days out of service and the number of repair attempts to a potential safety concern. This is an un-defendable case. We will lose this in an arbitration.

Customer Relationship Specialist: Julia Rebollo

Dear

Thank you for your recent correspondence dated June 20, 2007 regarding your 2005 Chevrolet Cobalt. We are sorry you are dissatisfied with your Chevrolet. Our continued success depends upon the satisfaction our customers receive from their vehicles.

We are concerned when we learn that a Chevrolet owner is dissatisfied with any phase of their experience with our product.

This letter is to confirm your scheduled repair opportunity at Gordon Stewart Chevrolet, Inc. located in Tampa Florida. As per our conversation on June 22, 2007 this repair opportunity will take place on June 26, 2007 at 10:00 a.m., Eastern Time.

If you have further questions, please contact our Chevrolet Customer Assistance Center at 1-800-222-1020 Monday through Friday between 8:00 a.m. and 5:00 p.m., Eastern Time. Please refer to your service request number above and any of our Customer Relationship Specialists will be happy to assist you.

Thank you again for your correspondence. We appreciate the opportunity to assist you in this matter.

Sincerely,

Chevrolet Customer Assistance Center

Service Request: 71-531935780

2005 Chevrolet Cobalt

Vehicle Identification Number: 1G1AK52F057

Customer Relationship Specialist: Carolina Aponte

Dear Ms. Allie-Gordon:

We regret that your client(s) is dissatisfied with her 2005 Chevrolet Cobalt and that several attempts by the dealer to resolve the concerns have not met your client(s) expectations. General Motors takes great pride in the service we provide to our customers, and we apologize for any inconvenience and frustration experienced by your client(s).

After careful review of this case, Chevrolet Division of General Motors would like to make the following voluntary settlement offer for all defendants. This offer is being made in an effort to reach an early resolution that will be equitable to your client(s) and reinforce General Motors' commitment to its customers. General Motors requests you make this offer available to your client(s) at the earliest possible opportunity.

A cash settlement of \$ 2,500

The above offer is inclusive of any and all costs, fees, expenses, and attorney's fees, known or unknown, that are associated with the above-referenced vehicle and is contingent upon receipt of a copy of the current registration (valid for at least 30 days beyond the date this letter is signed by your client) to show proof of ownership.

Your client(s) would retain the vehicle.

If this offer is acceptable to your client(s), please have your client(s) sign this offer letter as well as the attached release and return them to us at the fax number shown on the fax cover sheet. This offer is good for 5 calendar days from the date of this letter. If your client(s) do not agree with the terms of this offer, we ask that you contact us immediately to further discuss resolution of this matter.

Credit life insurance and credit disability insurance are not required to obtain credit. Your decision to buy or not buy credit life insurance and credit disability insurance will not be a factor in the credit approval process. They will not be provided unless you sign and agree to pay the extra cost. Credit life insurance pays the unpaid part of the amount financed if you die. This insurance pays only the amount you would owe if you paid all your payments on time. Credit disability insurance pays the scheduled payments due under this contract while you are disabled. This insurance does not cover any increase in your payment or in the number of payments. The policies or certificates issued by the named insurance companies may further limit the coverage that credit life or credit disability insurance provides. Service Request: 71-531935780

2005 Chevrolet Cobalt

Vehicle Identification Number: 1G1AK52F05

Customer Relationship Specialist: Carolina Aponte

Dear Ms. Allie-Gordon:

We regret that your client(s) is dissatisfied with her 2005 Chevrolet Cobalt and that several attempts by the dealer to resolve the concerns have not met your client(s) expectations. General Motors takes great pride in the service we provide to our customers, and we apologize for any inconvenience and frustration experienced by your client(s).

After careful review of this case, Chevrolet Division of General Motors would like to make the following voluntary settlement offer for all defendants. This offer is being made in an effort to reach an early resolution that will be equitable to your client(s) and reinforce General Motors' commitment to its customers. General Motors requests you make this offer available to your client(s) at the earliest possible opportunity.

A cash settlement of \$ 1,000

The above offer is inclusive of any and all costs, fees, expenses, and attorney's fees, known or unknown, that are associated with the above-referenced vehicle and is contingent upon receipt of a copy of the current registration (valid for at least 30 days beyond the date this letter is signed by your client) to show proof of ownership.

Your client(s) would retain the vehicle.

If this offer is acceptable to your client(s), please have your client(s) sign this offer letter as well as the attached release and return them to us at the fax number shown on the fax cover sheet. This offer is good for 5 calendar days from the date of this letter. If your client(s) do not agree with the terms of this offer, we ask that you contact us immediately to further discuss resolution of this matter.

Please refer to the service request number above when contacting our Business Resource Center at 1-800-231-1841 Monday through Friday between 8:00 a.m. and 5:00 p.m., Eastern Time.

Sincerely,

General Motors Corporation

Dear Ms. Allie-Gordon:

We have received your counter-offer, dated August 7, 2007. After further review, we do not believe that additional adjustment of our settlement offer, dated August 7, 2007 is appropriate in this matter. At this time, General Motors is again extending its previous offer. This offer will remain available for five (5) calendar days. If your client has not accepted our offer within that timeframe, we will assume that this matter is unable to be resolved and will close our file.

If you have further questions, please contact our Business Resource Center at 1-800-231-1841 Monday through Friday between 8:00 a.m. and 5:00 p.m., Eastern Time.

Dear Ms. Allie-Gordon:

We regret that your client(s) is dissatisfied with her 2005 Chevrolet Cobalt and that several attempts by the dealer to resolve the concerns have not met your client(s) expectations. General Motors takes great pride in the service we provide to our customers, and we apologize for any inconvenience and frustration experienced by your client(s).

After careful review of this case, Chevrolet Division of General Motors would like to make the following voluntary settlement offer for all defendants. This offer is being made in an effort to reach an early resolution that will be equitable to your client(s) and reinforce General Motors' commitment to its customers. General Motors requests you make this offer available to your client(s) at the earliest possible opportunity.

A cash settlement of \$ 2,500

The above offer is inclusive of any and all costs, fees, expenses, and attorney's fees, known or unknown, that are associated with the above-referenced vehicle and is contingent upon receipt of a copy of the current registration (valid for at least 30 days beyond the date this letter is signed by your client) to show proof of ownership.

Your client(s) would retain the vehicle.

If this offer is acceptable to your client(s), please have your client(s) sign this offer letter as well as the attached release and return them to us at the fax number shown on the fax cover sheet. This offer is good for 5 calendar days from the date of this letter. If your client(s) do not agree with the terms of this offer, we ask that you contact us immediately to further discuss resolution of this matter.

Please refer to the service request number above when contacting our Business Resource Center at 1-800-231-1841 Monday through Friday between 8:00 a.m. and 5:00 p.m., Eastern Time.

Scrvice Request: 71-531935780

2005 Chevrolet Cobalt

Vehicle Identification Number: 1G1AK52F057

Legal Research Specialist: Teresa Garcia.

Dear Mr. Donatelli:

This is a letter of notification regarding a not-in-suit-matter involving the above referenced customer. Please provide us with copies of all dealer sales and service documents regarding this vehicle. The specific documents are needed within 24 hours:

• Service and body shop repair orders of all internal, customer pay, and warranty repair orders (invoice copy and technician copy), (to include front and back as well as technician notes). Also, include any receipts for aftermarket or dealer add-ons. Please cross reference GMVIS to ensure all documents are obtained

Please fax them to the number on the fax cover sheet. If there are any fax difficulties or the documents exceed 50 pages, please split the fax and send two or more faxes as appropriate.

Please fax them to 1-866-432-1682. If there are any fax difficulties or the documents exceed 50 pages, please split the fax and send two or more faxes as appropriate.

In addition, should you be contacted by another party regarding this matter, you may want to consult your own attorney for further direction. Your cooperation is greatly appreciated. If you have further questions, please contact me at our Business Resource Center at 1-866-790-5600 Ext 11200 Monday through Friday between 9:00 a.m. and 5:45 p.m., Eastern Time.

Sincerely, General Motors Corporation

Dear Case Manager:

Same Brown

Please be advised that this office has been retained by regarding the above-referenced vehicle which was obtained from Castriotta Chevorlet (Pittsburgh, PA). Since that time, our client's vehicle has undergone repeated repair attempts for a number of defects and nonconformities. As a result, our client has been forced to seek full relief pursuant to state and federal consumer product warranty laws.

The vehicle's primary defects and nonconformities include, but are not limited to, the following:

- 1. Steering;
- 2. Noises; and
- 3. Any and all additional complaints actually made, whether contained on company invoices or otherwise.

These nonconformities substantially impair the use, value and safety of the subject vehicle as defined under the Pennsylvania Lemon Law, the Magnuson-Moss Warranty-Act and the Pennsylvania Uniform

Commercial Code. Because the "purchase of a new car is a major investment [which is] rationalized by the peace of mind that flows from its dependability and safety...," these defects have understandably caused our client to lose all faith and confidence in the vehicle's integrity. Zabriskie Chevrolet, Inc. v. Smith, 240 A.2d 195 (N.J. Super. Ct. 1968).

Therefore, you are hereby notified that our client is revoking acceptance of the vehicle effective immediately. Our client has directed us to demand the return of any and all funds paid towards this vehicle, to rescind the contracts, and to seek compensation for any incidental and consequential damages, including attorney's fees. Please inform this office of the procedure whereby our client may return the vehicle and recoup these expenses. DO NOT CONTACT OUR CLIENT UNDER ANY CIRCUMSTANCES AND DIRECT ALL INQUIRIES TO THIS LAW OFFICE.

Please contact me as soon as possible to discuss resolving this matter. Enclosed please find the purchase documents, all the repair orders in our client's possession and any other documents pertinent to this claim. Pursuant to the understanding reached in this matter between this office and your local counsel, both parties have agreed to waive informal arbitration in attempt to resolve this matter within forty (40) days from the date of this letter. If we are unsuccessful, we have been directed to commence formal legal proceedings against you.

Sincerely,

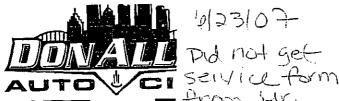

Meredith Allie-Gordon Attorney for Maxine Babjak

¹Until this matter is resolved, our client reserves the right to make appointments to have current and future defects repaired by any authorized dealer of the consumer's choice, especially while the vehicle remains under warranty.

Re:

Siebel Request: 71-534186786 2005 Chevrolet Cobalt VIN # 1G1AK12F557

Dear Mr. Phil Garofolo:

This is a letter of notification regarding a Better Business Bureau case involving the above referenced customer.

In order to perform a case assessment, please provide me with copies of all dealer sales and service documents regarding this vehicle. The specific documents needed are:

- All sales, purchase and finance agreements, including a conversion invoice (if applicable)
- The incentives acknowledgement form
- The Actual Cash Value statement of any trade
- Vehicle Registration and/or Title
- All service and body shop repair orders including all internal, customer pay, and warranty repair orders. (Please include front and backs of the shop copies).

Please fax them to the number found below. If there are any fax difficulties or the documents exceed 50 pages, please contact me as soon as possible.

Your cooperation is greatly appreciated. If you have any questions, feel free to contact me directly at the number below.

Sincerely,

Giovanna Floreno BRC Customer Relationship Specialist Ph# 800-231-1841, prompt 9, prompt 5, extension 11549 FAX# 866-893-7512

Dear Madam/Sir:

The customer listed above has completed the *Customer Claim Form* (*CCF*), and the case is officially open in the BBB AUTO LINE program. Enclosed you will find an updated *CCF* and any support documentation provided by the customer. Please note that for Florida and California cases and cases opened via mail, support documentation may not have been supplied by the customer. When received, this information will be forwarded to you under separate cover.

Please review the customer's claim and submit any documentation you may have pertaining to this claim as soon as possible. We will contact you within the next couple of days to discuss the claim, explain our telephone settlement efforts, which we may utilize prior to arbitration and offer our assistance in the settlement process. If you resolve the dispute, or if you believe that any portion of claim is not eligible for arbitration, please contact me at 800.334.2406.

Thank you for your active participation in the BBB AUTO LINE program.

Sincerely,

83289

Re: vs Chevrolet Motor Division # CHV0746548 VIN: 1G1AK12F557

ROCHESTER NY

Dear 1

Per our recent telephone conversation, I am writing to confirm the terms of the settlement verbally agreed to by you and the manufacturer in resolving your BBB AUTO LINE claim. The terms of the settlement are as follows:

Giovanna Floreno of GM has offered and the customer has accepted the following to resolve case CHV0746548. GM will repurchase the customer's vehicle under the terms of the NY Lemon Law. Usage will be charged on miles in excess of 12,000. The vehicle will be returned to the selling dealer. This case will be completed by September 19, 2007.

If your understanding of the verbal settlement differs from the written statement outlined above, please contact me immediately at 800.955.5100. If I do not hear from you it will be assumed the terms of your settlement are accurately stated above.

I will follow up with you after the date for performance of the settlement to confirm all required actions have been satisfactorily completed.

Please let me know immediately if you believe the manufacturer has not satisfactorily performed the settlement. If that happens and you contact me within 60 days from the date of this letter, I will reopen your case based on the age and mileage of the vehicle at the time you filed this claim. If you contact me after the 60-day period, I will open a new case for you and I will have to make a new eligibility determination based on the age and mileage of your vehicle at that time.

Sincerely,

John Ryan at Extension 529

cc: Giovanna Floreno

#### Overallowance/Negative Equity/Incentives Form (Non-Florida)

| P377      | T-11-04                   |                  |
|-----------|---------------------------|------------------|
| Customer: | <b>SR #:</b> 71-534186786 | BBB#: CHV0746548 |

This form may be used to identify possible Overallowance or Negative Equity and to determine any customer incentives which were paid but may not be easily identifiable on a Bill of Sale.

You must determine the TRUE purchase price of a vehicle and identify any Overallowance, Negative Equity, and/or Incentives prior to arbitration or voluntary repurchase.

#### Section 1

| Purchase Price                                    | 15580.13   |
|---------------------------------------------------|------------|
| (from Bill of Sale, before tax, tag, title, etc.) |            |
| MSRP                                              | - 16040.00 |
| (from BARS Invoice screen)                        | ·          |
| Subtract the MSRP from the Purchase Price         | = -459.87  |
| (If positive, look for Overallowance)             |            |

If the Purchase Price is greater than the MSRP but there was no trade-in, have the Dealer explain why the customer paid more than MSRP.

#### Section 2

| Trade Allowance                                                                                 | 9330.75   |

| (from Bill of Sale)                                                                             |           |
| Actual Cash Value (ACV)                                                                         | - 9330.75 |
| (from ACV Statement)                                                                            |           |
| Subtract the ACV from the Trade Allowance                                                       | = 0.00    |
| If positive, the Trade Allowance is higher than the ACV of the trade-in. This is Overallowance. |           |

# **BBB AUTO LINE PROGRAM SUMMARY**

## General Motors

General Motors has agreed to arbitrate claims covered by the applicable state lemon law. General Motors has also agreed to arbitrate certain warranty claims not covered by the lemon law. This *Program Summary* describes the claims that may be resolved through BBB AUTO LINE.

## **LEMON LAW CLAIMS**

A claim seeking relief under the applicable state lemon law must meet all standards set out by that law. The claim must be received by BBB AUTO LINE within the time period for filing a legal action under that law. Please see the attached description of the applicable state lemon law provisions.

[Note: Florida claims involving GM chassis or chassis cabs in motor homes may be filed with the Florida Pilot RV Mediation and Arbitration Program, and are not eligible for BBB AUTO LINE.]

If the claim meets all standards set out by the applicable state lemon law, the arbitrator will award a refund or replacement vehicle including all remedies specifically provided by that law. In some states this may include reasonable attorney's fees if they can be recovered in a state-run arbitration program or, if no state-run program exists, in court. However, an arbitrator may not award any penalties or multiple damages.

#### Please note:

- The award will be reduced for the customer's use of the vehicle in accordance with the
  applicable state lemon law.
- The arbitrator may adjust the award based on damage to the vehicle exceeding normal wear and tear.
- The arbitrator will decide whether the applicable state lemon law permits an adjustment to the award for any trade-in over-allowance or debt from a previous transaction.
- The award will not include any manufacturer rebate or manufacturer-sponsored credit card earnings the customer received or used as a downpayment or capitalized cost reduction.

## WARRANTY CLAIMS NOT COVERED BY THE LEMON LAW

A claim that does not meet all standards of the applicable state lemon law must meet certain conditions. Please see the attached description of "non-lemon law" warranty claims that may be resolved through BBB AUTO LINE.

A claim seeking repairs or reimbursement for past repairs must be received by BBB AUTO LINE before the expiration of the General Motors Bumper-to-Bumper new vehicle warranty. A

claim seeking repurchase or replacement must be received by BBB AUTO LINE within two years or 24,000 miles – whichever comes first – from the date the vehicle was first put into use.

### CUSTOMER RESPONSIBILITIES

At the time of the repurchase or replacement transaction, the customer's vehicle must be currently registered. The customer will be responsible for turning over the vehicle with all of the original equipment and without abnormal wear or damage evident on the vehicle. The customer will also be responsible for providing clear title to the vehicle and signing all documents necessary to effect transfer of the title, including a power of attorney for title transfer.

## CLAIMS THAT WILL NOT BE ARBITRATED

- Claims involving vehicles with a non-U.S. warranty, or salvaged, "total loss" or similarly branded titled vehicles.
- Claims alleging that an airbag failed to deploy or deployed when it should not have.
- Claims covered by insurance or by warranties of other manufacturers.
- Repair or reimbursement claims that are not covered by the General Motors New Vehicle Limited Warranty but are covered by a service contract.
- Claims involving a vehicle defect if the customer alleges either as part of the BBB AUTO LINE claim or at any other time that the vehicle defect has caused an accident or fire that resulted in damage to any vehicle or damage to property.
- Claims involving a vehicle defect if the customer alleges either as part of the BBB AUTO LINE claim or at any other time that the vehicle defect has caused bodily injury.
- Claims seeking compensation for loss of wages, personal injury, or mental anguish.
- Claims seeking damages for fraud or other violations of law, punitive damages, penalties or multiple damages.
- Claims identical to any claim that was resolved by a previous mediation or arbitration, court action, settlement, or agreement between the customer and General Motors.

## OTHER IMPORTANT INFORMATION

- The customer must own or lease the vehicle throughout the entire arbitration process.
- If the customer tiles suit or a state administrative action against General Motors prior to the completion of the arbitration process, General Motors will not be obligated to continue with the arbitration.
- A test drive may be taken in the vehicle only if the customer has liability insurance that satisfies his/her state's minimum requirements.

The BBB will let the parties know if other restrictions apply.

# WARRANTY CLAIMS NOT COVERED BY THE LEMON LAW

#### Time Period for Filing Claims

A claim seeking repairs or reimbursement for past repairs must be received by BBB AUTO LINE before the expiration of the General Motors Bumper-to-Bumper new vehicle warranty.

A claim seeking **repurchase** or **replacement** must be received by BBB AUTO LINE within two years or 24,000 miles – whichever comes first – from the date the vehicle was first put into use.

#### Eligible Claims

Claims must be based on a defect in the vehicle's material or workmanship that is covered by the General Motors New Vehicle Limited Warranty.

#### Eligible Vehicles

Claims may be filed for cars; light duty trucks and vans up to 10,000 pounds G.V.W.R.; and GM chassis or chassis cabs in motor homes up to 21,000 pounds G.V.W.R.

The customer's vehicle must be:

- Owned or leased in the name of an individual or owned or leased by a business that owns or leases no more than three vehicles;
- Purchased or leased, registered, and normally operated in the United States, Puerto Rico or U.S. Virgin Islands; and
- Covered by a United States warranty.

#### Remedies for Warranty Claims

The arbitrator may award the following remedies:

- Repairs.
- Reimbursement for money the customer paid to repair the vehicle.
- Repurchase of the vehicle.
- Replacement of the vehicle if it was purchased or leased new.

#### Repairs/Reimbursement for Repairs

The arbitrator may award repairs to, or reimbursement for money paid for the repair of, defects in material or workmanship. If repairs are awarded, the arbitrator may not order a change in the vehicle's options or its design.

#### Repurchase or Replacement

If a repurchase or replacement is awarded in a claim that does not meet all standards of the applicable state lemon law, the arbitrator may award up to the following remedies:

- Owned vehicle repurchase -- The actual amount paid for the vehicle. This will not include taxes, fees, and finance charges.
- Leased vehicle repurchase To the lessor: pay-off amount pursuant to the lease. To the lessee: any trade-in allowance/downpayment and all base mouthly payments actually paid, excluding all collateral charges (e.g., taxes, fees, and finance/lease charges).
- Replacement of a vehicle purchased or leased new The customer will receive a new and substantially identical vehicle (not including modifications or additions after the vehicle's purchase/lease) from the same model year or, if one is not available, from the next model year. If a replacement vehicle from the same or next model year is not available, the customer may receive a replacement vehicle from subsequent model years but will be required to pay the difference between the Manufacturer's Suggested Retail Price (M.S.R.P.) of the current vehicle and the M.S.R.P. of the replacement vehicle.

**Important:** Replacement is not an available remedy if the current customer purchased or leased a used vehicle.

#### Deductions/Exclusions from a Repurchase or Replacement Award

• The repurchase or replacement award will be reduced for the customer's use of the vehicle using the following formula:

```
Use # miles attributable to the customer Vehicle purchase
Deduction/ = at the time of the arbitration bearing x price or gross
Payment 1.00,000 capitalized cost
```

- The award may be reduced based on damage to the vehicle exceeding normal wear and tear.
- The award will not include debt from a previous transaction.
- The award will not include any manufacturer rebate or manufacturer-sponsored credit card earnings the customer received or used as a downpayment or capitalized cost reduction.

# STANDARDS OF THE NEW YORK LEMON LAW New Car Lemon Law

The following is a brief explanation of most relevant provisions of the New York lemon law. The complete text of the lemon law can be found at N.Y. Gen. Bus. Law Section 198-a.

#### VEHICLES COVERED

The New York lemon law applies to motor vehicles that are subject to a manufacturer's express warranty at the time of original delivery and are either:

- 1. Purchased, leased or transferred in New York within the first 18,000 miles of operation or two years from date of original delivery, whichever is earlier; or
- 2. Registered in New York.

The lemon law does not cover motorcycles or off-road vehicles, and does not apply to the living facilities of motor homes.

#### CONSUMERS COVERED

The lemon law covers the following "consumers":

- 1. The purchaser, lessee or transferee, other than for purposes of resale, of a motor vehicle used primarily for personal, family or household purposes; or
- 2. Any other person entitled by the terms of the manufacturer's warranty to enforce its obligations.

The lemon law also covers the subsequent transferee.

#### VEHICLE CONVERTERS

The lemon law does not apply to vehicle converters.

#### PROBLEMS COVERED

The lemon law covers any defect or condition that substantially impairs the value of the motor vehicle to the consumer. This is referred to as a *nonconformity*. The lemon law does not cover a defect or condition that is the result of abuse, neglect or unauthorized modifications or alterations of the motor vehicle.

#### COVERAGE PERIOD OF THE NEW YORK LEMON LAW

The lemon law covers vehicles during the first 18,000 miles of operation or during the period of 2 years following the date of original delivery of the motor vehicle, whichever is the earlier date.

#### MANUFACTURER'S DUTY TO REPAIR A VEHICLE

The manufacturer's obligation to repair is limited to a covered vehicle also meeting both of the following:

- 1. The vehicle was sold, leased or transferred to a consumer in New York; and
- 2. The vehicle is registered in New York at the time of the requested repair.

If a motor vehicle that is sold and registered in New York does not conform to all express warranties, the consumer must report the nonconformity to the manufacturer, its agent or its authorized dealer during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier. The manufacturer, its agent or its authorized dealer must correct the nonconformity at no charge to the consumer, even if the 18,000 miles/two years period has expired.

If the notification is received by the manufacturer's agent or authorized dealer, the agent or dealer must forward the written notice within 7 days to the manufacturer by certified mail, return receipt requested, and must include in the notice a statement indicating whether repairs have been undertaken.

#### MANUFACTURER'S DUTY TO REPURCHASE OR REPLACE A VEHICLE

The New York lemon law provides that a manufacturer must replace or repurchase a motor vehicle (other than a motor home) if either of the following occurs:

#### 1. REFUSAL TO REPAIR

If a motor vehicle that is sold and registered in New York does not conform to all express warranties, the consumer must report the nonconformity to the manufacturer, its agent or its authorized dealer during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier.

If the notification is received by the manufacturer's agent or authorized dealer, the agent or dealer must forward the written notice within 7 days to the manufacturer by certified mail, return receipt requested, and must include in the notice a statement indicating whether repairs have been undertaken.

If an authorized dealer refuses to undertake repairs within 7 days of receipt of the consumer's notice, the consumer may send written notice of this refusal to the manufacturer by certified mail, return receipt requested. The manufacturer has 20 days from receipt of this notice to commence the repairs. If within the 20 day period the manufacturer or its agent fails to commence repairs, then the manufacturer must, at the consumer's option either replace or repurchase the motor vehicle.

#### OR

#### 2. INABILITY TO REPAIR

This information is not intended as legal advice. Please direct specific questions to your legal counsel.

Updated 10/16/2006 © 2006, Council of Better Business Bureaus, Inc.

If the manufacturer or its authorized dealers are unable after a reasonable number of attempts to repair or correct any nonconformity after a reasonable number of attempts during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, the manufacturer must, at the consumer's option, either replace or repurchase the motor vehicle.

The consumer has the option of returning the motor vehicle to the dealer or other authorized agent of the manufacturer who sold the vehicle to the consumer, or to the dealer or other authorized agent who attempted to repair or correct the nonconformity that necessitated the return. The consumer cannot be subject to any further shipping charges.

A manufacturer must repurchase or replace a motor home if either of the following occurs:

#### REFUSAL TO REPAIR

If an agent or authorized dealer of a motor home manufacturer, or a repair shop to which the manufacturer referred a consumer, refuses to undertake repairs within 7 days of receipt of notice by a consumer of a nonconformity within the first 18,000 miles of operation or during the period of two years following the date of the motor home's original delivery to the consumer, whichever is earlier, the consumer may send written notice of this refusal to the motor home manufacturer by certified mail, return receipt requested. The motor home manufacturer, its dealer or the referred repair shop has 20 days from receipt of this notice to commence the repairs. If within the 20 day period the motor home manufacturer, its dealer or the referred repair shop fails to commence repairs, then the motor home manufacturer must, at the consumer's option either replace or repurchase the motor vehicle.

#### OR

#### 2. INABILITY TO REPAIR

If the motor home manufacturer, its agent or authorized dealer, or a repair shop to which the manufacturer referred a consumer are unable to repair or correct any covered nonconformity after a reasonable number of attempts within the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, the motor home manufacturer must, at the consumer's option, either replace or repurchase the motor vehicle.

For motor homes, a repair attempt will not be counted if the repair facility is not authorized by the applicable motor home manufacturer to perform warranty work on the identified nonconformity. It will count as only one repair attempt for a motor home if the same nonconformity is addressed a second time due to the consumer's decision to continue traveling and to seek repair of the same nonconformity at another repair facility rather than wait for the initial repair to be completed.

#### REASONABLE NUMBER OF REPAIR ATTEMPTS

In determining whether the manufacturer has had a reasonable number of attempts to repair or correct a nonconformity, the New York lemon law creates a *presumption* that a reasonable number of attempts have been made if, during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, either of the following occurs:

- 1. The same nonconformity has been subject to repair four or more times by the manufacturer or its agents or authorized dealers, but the nonconformity, defect or condition continues to exist; or
- 2. The vehicle is out of service by reason of repair of one or more nonconformities for a cumulative total of thirty or more calendar days.

## ADDITIONAL NOTICE PROVISIONS APPLYING TO A MOTOR HOME

If, during the first 18,000 miles of operation or during the period of two years following the date of the motor vehicle's original delivery to a consumer, whichever is earlier, the same covered nonconformity has been subject to repair two times or the motor home has been out of service by reason of repair for 21 days, the consumer must report this to the motor home manufacturer or its authorized dealer by certified mail, return receipt requested. After the motor home has been out of service by reason of three repair attempts or for at least 36 days, the consumer may institute any proceeding or other action pursuant to the lemon law.

This special notification requirement will apply only if the manufacturer or its authorized dealer provides a copy of this requirement to the consumer and the consumer acknowledges receipt in writing. If the consumer has received notice and fails to comply with the special notification requirements, then additional repair attempts or days out of service will not be taken into account in determining whether the consumer is entitled to replacement or repurchase. But any additional repair attempts or days out of service that occur after the consumer complies with the special notification requirements will be taken into account.

A repair attempt will not be counted if the repair facility is not authorized by the applicable motor home manufacturer to perform warranty work on the identified nonconformity. It will count as only one repair attempt for a motor home if the same nonconformity is addressed a second time due to the consumer's decision to continue traveling and to seek repair of the same nonconformity at another repair facility rather than wait for the initial repair to be completed.

#### DISPUTE RESOLUTION

If a manufacturer has established an informal dispute settlement mechanism, the mechanism must comply with the provisions of the lemon law. The lemon law provisions requiring repurchase or replacement after an inability to repair do not apply to a consumer who has not first resorted to the mechanism.

The consumer has the option of submitting any dispute under the lemon law to an alternate arbitration mechanism administered by the New York Attorney General's Office.

| An action must be commenced within 4 years of the date of the motor vehicle's original delivery to the consumer. |

#### REMEDIES UNDER THE NEW YORK LEMON LAW

#### REPURCHASE OF OWNED VEHICLES

The New York lemon law sets out the following amounts that a manufacturer must pay when it repurchases an owned vehicle under the lemon law:

- 1. The full purchase price (cash plus any trade-in allowance); and
- 2. Fees and charges, including all license fees, registration fees and any similar governmental charges;
- 3. Less an allowance for the consumer's use of the vehicle in excess of the first 12,000 miles of operation;
- 4. Less a reasonable allowance for any damage not attributable to normal wear and tear or improvements.

The manufacturer is not required to refund any sales tax paid by the consumer. The lemon law provides that the consumer may receive a refund of such sales tax by applying to the Commissioner of Taxation and Finance. In addition, information provided by the Attorney General's Office indicates the refund will not include other expenses or charges, such as loss of use, insurance premiums and tinance charges.

The allowance for the consumer's use of the vehicle is to be determined in accordance with the "mileage deduction formula", defined as:

Refunds are made to the consumer and lienholder, if any, as their interests may appear on the records of ownership kept by the Department of Motor Vehicles.

#### REPURCHASE OF LEASED VEHICLES

The New York lemon law sets out the following amounts that a manufacturer must pay when it repurchases a leased vehicle under the lemon law:

To the lessor -

- 1. The lease price, consisting of (a) the lessor's actual purchase cost, (b) the freight cost (if applicable), (c) the cost for accessories (if applicable), (d) any fee paid to obtain the lease, and (d) an amount equal to 5% of the actual purchase cost;
- 2. Less the aggregate deposit and rental payments paid to the lessor for the leased vehicle.

To the lessee --

- 1. The aggregate deposit and rental payments paid to the lessor;
- 2. Any trade-in allowance; and

- 3. Fees and charges, including but not limited to all license fees, registration fees and any similar governmental charges;
- 4. Less "service fees" (defined below);
- 5. Loss an allowance for the consumer's use of the vehicle in excess of the first 12,000 miles of operation;
- 6. Less a reasonable allowance for any damage not attributable to normal wear and tear or improvements.

"Service fees" are defined as that portion of the lease payments attributable to:

- 1. Interest on the rental payments previously paid at an annual rate equal to two points above the prime rate in effect on the date of the lease execution; and
- 2. Any insurance or other costs paid by the lessor for the benefit of the lessee.

The allowance for the consumer's use of the vehicle is to be determined in accordance with the "mileage deduction formula", defined as:

$$\frac{\text{Deduction} = \underbrace{\text{Mileage in excess of } 12,000 \text{ miles}}_{100,000} \quad \text{X} \quad \text{lease price}}{100,000}$$

The terms of the lease are deemed terminated contemporaneously with the date of the arbitrator's decision, and no penalty for early termination is assessed.

#### REPLACEMENT

When replacing a vehicle under the New York lemon law, the manufacturer must replace the vehicle with a comparable motor vehicle. The reasonable allowance for use does not apply to a replacement.

The following notices must be given to consumers and arbitrators by informal dispute settlement mechanisms in New York:

#### NEW CAR LEMON LAW BILL OF RIGHTS

- (1) IN ADDITION TO ANY WARRANTIES OFFERED BY THE MANUFACTURER, YOUR NEW CAR, IF PURCHASED AND REGISTERED IN NEW YORK STATE, IS WARRANTED AGAINST ALL MATERIAL DEFECTS FOR EIGHTEEN THOUSAND MILES OR TWO YEARS, WHICHEVER COMES FIRST.
- (2) YOU MUST REPORT ANY PROBLEMS TO THE MANUFACTURER, ITS AGENT, OR AUTHORIZED DEALER.
- (3) UPON NOTIFICATION, THE PROBLEM MUST BE CORRECTED FREE OF CHARGE.
- (4) IF THE SAME PROBLEM CANNOT BE REPAIRED AFTER FOUR OR MORE ATTEMPTS; OR IF YOUR CAR IS OUT OF SERVICE TO REPAIR A PROBLEM FOR A TOTAL OF THIRTY DAYS DURING THE WARRANTY PERIOD; OR IF THE MANUFACTURER OR ITS AGENT REFUSES TO REPAIR A SUBSTANTIAL DEFECT OR CONDITION WITHIN TWENTY DAYS OF RECEIPT OF NOTICE SENT BY YOU TO THE MANUFACTURER BY CERTIFIED MAIL, RETURN RECEIPT REQUESTED; THEN YOU MAY BE ENTITLED TO EITHER A COMPARABLE CAR OR A REFUND OF YOUR PURCHASE PRICE, PLUS LICENSE AND REGISTRATION FEES, MINUS A MILEAGE ALLOWANCE ONLY IF THE VEHICLE HAS BEEN DRIVEN MORE THAN 12,000 MILES. | Dear | ٠ |
| Dom  | • |

Per our recent telephone conversation, I am writing to confirm the terms of the settlement verbally agreed to by you and the manufacturer in resolving your BBB AUTO LINE claim. The terms of the settlement are as follows:

Giovanna Floreno of GM has offered and the customer has accepted the following to resolve case CHV0746548. GM will repurchase the customer's vehicle under the terms of the NY Lemon Law. Usage will be charged on miles in excess of 12,000. The vehicle will be returned to the selling dealer. This case will be completed by September 19, 2007.

If your understanding of the verbal settlement differs from the written statement outlined above, please contact me immediately at 800.955.5100. If I do not hear from you it will be assumed the terms of your settlement are accurately stated above.

I will follow up with you after the date for performance of the settlement to confirm all required actions have been satisfactorily completed.

Please let me know immediately if you believe the manufacturer has not satisfactorily performed the settlement. If that happens and you contact me within 60 days from the date of this letter, I will reopen your case based on the age and mileage of the vehicle at the time you filed this claim. If you contact me after the 60-day period, I will open a new case for you and I will have to make a new eligibility determination based on the age and mileage of your vehicle at that time.

Sincerely,

John Ryan at Extension 529
