Subject: RE: PE10-038 - Request for Due Date Extension

Martin,

I discussed this with Cynthia and our preference is that you make one submission on 12/14/2010 to include the full response; we assume this will be OK with you. Accordingly this request is granted and the new date for BMW's entire response is extended to 12/14/2010. Please let us know if you have questions.

Valencia, please place this email in the PE10-038 investigative file as a record of this action.

Scott

Subject: PE10-038 - Request for Due Date Extension

Hello Scott:

We are currently preparing the response for PE10-038.

However, we would like to request some additional time in which to respond as follows:

Questions 1 – 7:

- one week -> due date moves to 7 Dec 2010, due to:
 - this week (week of 22 Nov) includes US Thanksgiving Holiday
 - some key personnel involved in the response are out of the office

Questions 8 – 13:

- two weeks -> due date moves to 14 Dec 2010, due to:
 - translation / accurate description necessary re certain documentation in German language.

We believe that this additional time would be sufficient in order for us to respond to the information request.

Thanks in advance for any extension NHTSA could grant.

Don't hesitate to contact me if you have any questions or wish to discuss.

Best regards/Martin
