MAZDA MOTOR CORPORATION (MAZDA) RESPONSE TO AQ10-001

Mazda has prepared this response to the AQ10-001 after a thorough search for the information requested and has made every effort to provide thorough and accurate information to support this information request.

Answers to your specific questions are set forth below. After each numeric designation, Mazda has set forth verbatim the request for information, followed by its response. Unless otherwise stated, Mazda has undertaken to provide information dated up to and including October 23, 2014.

Question 1

Identify, by the recall's NHTSA-assigned identification number, each recall conducted by you since January 1, 2000.

Answer 1

A search of the Part 573 report Mazda submitted to NHTSA since January 1, 2000, Mazda identified 72 recalls are conducted. The requested data for each recall is provided electronically in Microsoft format entitled Mazda recall response to AQ10-001.xls. The recall's NHTSA-assigned identification numbers are listed in the Row A.

Question 2

Provide the total number of vehicles covered by all recalls identified in response to Question No.1.

Answer 2

The result of data collected for Question 2 is summarized in the chart below. The detail data for each recall is provided in Row B in Mazda recall response to AQ10-001.xls.

Question 3

Identify, by the recall's NHTSA-assigned identification number, each recall conducted by you since January 1, 2000 for which the notification required by 49 U.S.C § § 30118(b) or 30118(c) contained precautionary advice to refrain from driving the vehicle until the remedy specified by the recall was completed.

Answer 3

Mazda records indicate that there are no recalls which contained precautionary advice to refrain from driving the vehicle until the remedy specified by the recall was completed.

Question 4

For each recall identified in Question No.3, provide the total number of vehicles covered by the recall.

Answer 4

There are no vehicles relevant to Question 4 because Mazda has not conducted the recall relevant to Question 3.

Question 5

Provide the total number of vehicles covered by all recalls identified in response to Question No. 3.

Answer 5

As mentioned in above, there are no vehicles relevant to Question 5.

Mazda would be pleased to further discuss this vehicle count data or any other aspect of this Audit Query with agency personnel should the agency desire.
