Re: EQ10-001

Dear Alex,

Please be advised that we are in receipt of NHTSA correspondence dated May 1, 2010, Safety Recall.

We are a bus dealer located in Hudson, NH. We did sell one of the R1209 power seats to a customer in July, 2006. We did not install this seat, we simply sold it to the customer.

I have attached my correspondence to said customer notifying him of this recall.

Please call me with any questions or concerns.

Sincerely,

Ronald Roe, Principal
