Re: EQ10-004 Remy Power Products Alternator Recall 10E-010

Mr. Person

This letter is in response to your request for information regarding potentially defective alternators supplied to Daimler Trucks North America by Remy Power Products.

Daimler Trucks received thirty (30) suspect alternators from Remy Power Products. Twenty seven (27) of these were returned to Remy Power Products before they were installed on vehicles. The remaining three (3) suspect alternators were removed from vehicles and returned to Remy Power Products prior to the affected vehicles leaving the direct control of Daimler Trucks. All thirty (30) suspect alternators were returned to Remy Power Products before they left the Daimler Trucks vehicle manufacturing plant as part of a motor vehicle.

Please contact me if you have any questions.

Sincerely yours,

Nasser Zamani
