Re: EQ10-005 – Detroit Diesel EPA 07 Series 60 engine recall

Dear Mr. Ansley,

I am writing you in regards to recall identification number EQ10-005. Progressive Industries, Inc. bought eight (8) Detroit Diesel engines and sold all eight (8) engines to Pierce Manufacturing, Inc, who is also listed on the Daimler Defect Report as a manufacturer. Progressive Industries, Inc only acted as a distributor of the engines and never took possession of the recalled engines. As a result we felt that notification to both Pierce Manufacturing and the National Highway Traffic Safety Administration was not required.

If further action is required please contact me at the above number, otherwise I will consider this letter the correct course of action related to Progressive Industries, Inc. and EQ10-005.

Sincerely,

Joseph S. Fahrenbach
