Subject:	FW: EQ10-0009 - All American Group/Coachmen RV - Trans Air Recall - TA73 Evaporators
Date:	Monday, January 31, 2011 1:08:43 PM
Importance:	High

Alex –
In response to your inquiry number EQ10-0009, per the email below from Lin Staley (of Trans Air) to Kelly Schuler (NHTSA), Coachmen did not receive any of the evaporators recalled by Trans Air (NHTSA # 10E-028).

If you have any questions or require further information, please let me know.
Best regards,

Gary Duncan

Importance: High

Kelly,

Coachman RV Company LLC should not have been included on the OEM list. We did not supply them with TA73 evaporators until well after the cut-off date of the recall. This was my mistake, and I apologize for any inconvenience.

Importance: High

Jeff –
As we discussed yesterday, Coachmen (All American Group) received an inquiry from NHTSA relating to Trans Air's recall of TA73 evaporators (10E-028). According to NHTSA, Trans Air listed Coachmen as a purchaser of these evaporators.
We need to verify if any of the recalled evaporators were sold to us.
Please let us know the following:

1. # of affected evaporators sold to us – may have been sold to Coachmen RV Company, Coachmen Industries, All American Group, All American Specialty Vehicles, Coachmen Motor Works or ARBOC.
2. Evaporator Serial Numbers
3. Date Sold or Shipped to us.

Need the information as soon as possible.
If you have any questions, please email or give me a call.
Thank you for your help!
