To: File EA11-012 and EA11-004

Thru: Scott Yon, Chief Vehicle Integrity Division *SY 4/4/12*

On March 28, 2012, the Office of Defects Investigation (ODI) and representatives from the American Honda Motor Company and the Honda Motor Company, Ltd. participated in a meeting. The meeting discussion was focused primarily on EA11-012, low beam head light failure in certain Honda vehicles manufactured with two bulb head light systems.

There was also a short discussion of EA11-004, power window master switch in certain Honda vehicles manufactured in the United Kingdom.

The following were in attendance:

American Honda Motor Company:

Kazutoshi Nishizawa, Vice President, Product Regulatory Office;
Jay Joseph, Senior Manager, Product Regulatory Office;
Shinichi Yone, Manager, Product Regulatory Office.

Honda Motor Company, Ltd.:

Katsuhiko Suzuki, General Manager and Chief Engineer, Auto Quality Analysis Office;
Toru Aridomi, Block Leader, Electrical System Analysis Block.

ODI:

Scott Yon, Chief, Vehicle Integrity Division;
John Abbott, Investigator, Vehicle Integrity Division.

VRTC:

Michael Packard, General Engineer
