Subject: RE: PE11-025 - Request for Extension of Due Date

Martin,

Per my voicemail this morning, we will grant an extension until 12/16/11 for a response to the questions with a more technical base in Information Request letter. These include questions 5 through 9. For questions 1 through 4 (which primarily the production data, field report and complaint data) we are still expecting the response to those on the initial extension request date of 11/18/11. If you have any questions let me know.

Regards,

Derek L. Rinehardt

Subject: PE11-025 - Request for Extension of Due Date

Hello Derek:

Good speaking with you today.

Re our discussion, we are requesting an extension of the due date for PE11-025.

We are requesting an extension until 16 December for the following reasons:

- Resource constraints: BMW currently involved in multiple IRs (PE11-025, PE11-036, EA11-003) with NHTSA.
