Dear Mr. Ansley :

I just received your letter this morning (in PDF below).

For your information, Mr.Jean Loisel is not working at Manac inc. anymore. I will be your new contact.
Our **Manac/Trois-Rivieres** facilities has been closed, so that explains the delay in receving your correspondence.

All the units concerned in the **Gunite Recall** had been bought and are hauling in Canada and that is why
we have sent our quaterly report only to Transport Canada .

We hope the situation will be clarified with the updated quaterly report attached at the bottom of this note.

For more information don't hesitate to contact me.

Regards
