Re: Request for Confidential Treatment of Business Information Submitted in Relation to EA12-005

Dear Mr. Vincent:

Chrysler Group LLC ("Chrysler") is voluntarily submitting copies of a document in connection with the ongoing EA12-005 investigation. An informal request for a copy of this information was made by Scott Yon during a conference call between Chrysler and NHTSA. Based on a careful review of the submission, Chrysler has determined that the information in the submission is confidential and should be accorded confidential treatment under this agency's regulations at 49 C.F.R. Part 512 and Exemption 4 of the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552(b)(4). Therefore, Chrysler is submitting the enclosed confidential documents together with this request for confidential treatment to the Office of Chief Counsel.

The information required by Part 512 is set forth below.

A. Description of the Information (49 C.F.R. § 512.8(a))

The business information for which confidential treatment is being sought is in a single pdf document entitled, "Hitch Old Spec vs New Spec 8-16-13 CBI.pdf". This document contains engineering specifications on Bates page numbers EA12-005 Engineering Specifications – Chrysler – 01.

B. Confidentiality Standard (49 C.F.R. § 512.8(b))

This submission is subject to the voluntary submission standard set forth in 49 C.F.R. § 512.15(d).

C. Justification for Confidential Treatment (49 C.F.R. § 512.8(c))

Information is voluntarily submitted if the agency did not invoke its authority to compel the submission of the information, even if the agency had such authority. *See Parker v. Bureau of Land Management*, 141 F. Supp. 2d 71, 78 n.6 (D.D.C 2001) (“In addition to possessing the authority to compel submission, the agency must also exercise that authority in order for a submission to be deemed mandatory.”); U.S. Dept. of Justice, Guide to the Freedom of Information Act at 279 (2009) (http://www.justice.gov/oip/foia_guide09/exemption4.pdf) (“Furthermore, the existence of agency authority to require submission of information does not automatically mean such a submission is ‘required’; the agency authority must actually be exercised in order for a particular submission to be deemed ‘required.’”). At no time did Scott Yon purport to invoke NHTSA’s authority to compel the submission of the information for which Chrysler is seeking confidential treatment.

Information submitted voluntarily should be accorded confidential treatment if it is the type of information that is not customarily disclosed by the submitter to the public. Chrysler does not ever, much less customarily, disclose to the public, the engineering specifications included in this submission.

D. Class Determination (49 C.F.R. § 512.8(d))

The information is not subject to a Class Determination.

E. Duration for Which Confidential Treatment is Sought (49 C.F.R. § 512.8(e))

Because the information for which confidential treatment is being sought is the kind of information that Chrysler does not anticipate ever customarily disclosing to the public, Chrysler requests that the information be accorded confidential treatment permanently.

F. Contact Information (49 C.F.R. § 512.8(f))

Please direct all inquiries and responses to the undersigned at:
800 Chrysler Drive, CIMS 482-00-91
Auburn Hills, MI 48326
248-512-0087
kjs9@chrysler.com

If you receive a request for disclosure of the information for which confidential treatment is being sought before you have completed your review of our request, Chrysler respectfully requests notification of the request(s) and an opportunity to provide further justification for the confidential treatment of this information, if warranted.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kristin Kolodge".
